Background:

Washington's Lottery (Lottery) was established in 1982 to produce revenues for the state. Proceeds from Lottery revenues are deposited into the State Lottery Account to support Lottery operations and also for specific beneficiaries. Lottery beneficiaries include:

- the Washington Opportunity Pathways Account;
- distributions to counties for payment of stadium bonds;
- problem gambling education;
- economic development; and
- the State General Fund.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

The Lottery has general authority to conduct draw games. A raffle is a type of draw game where the Lottery conducts a drawing to determine winning tickets. Proceeds from raffles are deposited into the State Lottery Account. The Lottery has conducted three raffles, including the Thanksgiving Raffle in 2010, which generated approximately \$2.5 million in sales and \$330,000 for beneficiaries.

In 2006 the Legislature established the Veterans Innovations Program (VIP) within the Department of Veterans Affairs. The purpose of the VIP is to provide crisis and emergency relief and education, training, and employment assistance to veterans and their families. The VIP terminates on June 30, 2016.

Two separate programs were created within the VIP: the Defenders' Fund Program and the Competitive Grant Program. The Defenders' Fund Program allows recent veterans to receive a one-time financial hardship grant of no more than \$500 related to employment, education, housing, and health care. The Competitive Grant Program provides crisis and emergency relief and education, training, and employment assistance.

In 2011 the veterans' raffle was established. Each year, the Lottery Commission must conduct a statewide raffle to benefit veterans and their families. The law establishing the veterans' raffle specifies that tickets should go on sale on Labor Day with a drawing to occur on Veterans Day, November 11 of each year. All revenues received from the sale of the games, less amounts paid out in prizes and actual administrative expenses related to the veteran lottery games, must be deposited into the VIP Account for purposes of serving veterans and their families.
