2 determine the resident population of annexed territory; amending RCW
3 35.13.260 and 35A.14.700; and declaring an emergency.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 **Sec. 1.** RCW 35.13.260 and 1979 c 151 s 25 are each amended to read
6 as follows:

7 (1) Whenever any territory is annexed to a city or town, a
8 certificate as hereinafter provided shall be submitted in triplicate to
9 the office of financial management, hereinafter in this section
10 referred to as "the office", within thirty days of the effective date
11 of annexation specified in the relevant ordinance. After approval of
12 the certificate, the office shall retain the original copy in its
13 files, and transmit the second copy to the department of transportation
14 and return the third copy to the city or town. Such certificates shall
15 be in such form and contain such information as shall be prescribed by
16 the office. A copy of the complete ordinance containing a legal
17 description and a map showing specifically the boundaries of the
18 annexed territory shall be attached to each of the three copies of the

1 certificate. The certificate shall be signed by the mayor and attested
2 by the city clerk. Upon request, the office shall furnish
3 certification forms to any city or town.

4 (2)(a) The resident population of the annexed territory shall be
5 determined by, or under the direction of, the mayor of the city or
6 town. ((Such population determination shall consist of an actual
7 enumeration of the population which shall be made in accordance with
8 practices and policies, and subject to the approval of, the office.))

9 (b) If the annexing city or town has a population of ten thousand
10 or less, the annexed territory consists entirely of one or more partial
11 federal census blocks, or 2010 federal decennial census data has not
12 been released within twelve months immediately prior to the date of
13 annexation, the population determination shall consist of an actual
14 enumeration of the population.

15 (c) In any circumstance, the city or town may choose to have the
16 population determination of the entire annexed territory consist of an
17 actual enumeration. However, if the city or town does not use actual
18 enumeration for determining population, the annexed territory includes
19 or consists of one or more complete federal census blocks, and 2010
20 federal decennial census data has been released within twelve months
21 immediately prior to the date of annexation, the population
22 determination shall consist of:

23 (i) Relevant 2010 federal decennial census data pertaining to the

27 (ii) An actual enumeration of any population located within the
28 annexed territory but outside the complete federal census block or
29 blocks; and

30 (iii) If the office, at least two weeks prior to the date of
31 annexation, confirms the existence of a known census error within a
32 complete federal census block and identifies a structure or complex
33 listed in (c)(iii)(A) through (E) of this subsection (2) as a likely
34 source of the error, an actual enumeration of one or more of the
35 block's identified:

4 (D) Missing subdivisions; and

5 (E) Closures of any of the categories in (c)(iii)(A) through (D) of

8 accordance with the practices and policies of, and subject to the
9 approval of, the office.

10 (e) The city or town shall be responsible for the full cost of the
11 population determination.

12 (3) The population shall be determined as of the effective date of
13 annexation as specified in the relevant ordinance.

14 Until an annexation certificate is filed and approved as provided
15 herein, such annexed territory shall not be considered by the office in
16 determining the population of such city or town.

17 Upon approval of the annexation certificate, the office shall
18 forward to each state official or department responsible for making
19 allocations or payments to cities or towns, a revised certificate
20 reflecting the increase in population due to such annexation. Upon and
21 after the date of the commencement of the next quarterly period, the
22 population determination indicated in such revised certificate shall be
23 used as the basis for the allocation and payment of state funds to such
24 city or town.

25 For the purposes of this section, each quarterly period shall
26 commence on the first day of the months of January, April, July, and
27 October. Whenever a revised certificate is forwarded by the office

37 certificate, the office of financial management shall retain the

4 information as shall be prescribed by the office of financial
5 management. A copy of the complete ordinance containing a legal
