

HB 2831 - DIGEST

Requires school districts to: (1) Notify parents or guardians of enrolled students about each assessment required by the state or the federal government before the assessment is administered; and

(2) Provide an opportunity for parents and guardians of elementary and middle school students to excuse their children from participation in an assessment required by the state or the federal government.

Requires the office of the superintendent of public instruction to provide the information necessary to school districts for notifying parents of the cost to the state for administering assessments.
