

**HB 1676-S - DIGEST**

(AS OF HOUSE 2ND READING 4/29/15)

Requires the University of Washington, through the predator ecology lab in the school of environmental and forest sciences, to conduct an independent, scientific, blind peer-reviewed study assessing the health of the state's wild ungulate population in game management units that have experienced a change in predator population dynamics due to the recovery of gray wolves.

Expires July 1, 2019.

Provides that this act is null and void if appropriations are not approved.
