

SB 6616 - DIGEST

Addresses education funding reform legislation.

Declares an intent to: (1) Recalibrate the balance of state and local funding for school districts in light of the court's latest order;

(2) Fully implement the salary allocations in school year 2018-2019;

(3) Accelerate the implementation of certain accounting and budget transparency requirements; and

(4) Reduce local school district levies by an amount equal to the increased state salary allocations that will be made to school districts in school year 2018-2019.
