

WAC 296-17A-0301 Classification 0301. Applies to:

Contractors engaged in the installation, service and repair of:

- Lawn type sprinkler systems;
- Agriculture sprinkler and irrigation systems, including above or below ground;
- New landscape construction or renovation projects;
- Invisible fence installation, which is used to confine animals within a given area;
- Paver stone installation projects such as, but not limited to: Driveways, walkways, patios and pool decks. Common types of pavers used include brick, concrete and stone.

Common methods of paver installation include:

- **Interlocking concrete pavers**, which are primarily sand set, but in some cases mortar set;
- **Permeable interlocking concrete pavers**, which are installed to help reduce stormwater runoff;
- **Pedestal set pavers**, when used for roof top decks and plaza areas to increase living space, or to meet certain environmental requirements (not acting as a roofing system).

Work contemplated by this classification includes, but is not limited to:

- Producing preliminary drawings of a landscape or renovation project;
- Identifying area of land to be covered, to determine size and amount of pipe and sprinkler heads needed for irrigation/sprinkler system install;
- Preparing the ground (may include tilling and spreading of top soils);
- Trenching;
- Burying wire in trench (invisible fencing);
- Connecting low voltage transmitter box for invisible fencing;

This classification includes:

- Incidental construction of rockery, extruded concrete curbing, fences, ponds, walls, arbors, trellises and gazebos when performed by employee of a landscape contractor as part of a landscape contract.
 - If these activities are conducted separately from a landscape contract and not part of a landscape project, they must be reported separately in the classification applicable to the work being performed.

- Incidental construction of walls and rockery performed by employees of a paver stone installation contractor as part of a paver installation contract.

- If these activities are conducted separately from a paver stone installation contract and not part of a paver stone project, they must be reported separately in the classification applicable to the work being performed.

Note: Incidental work is a minor part of an overall project or contract.

Example: A paving installation company creates the driveway, walkways, and patio at a residential home. The company finds that the lawn will slide onto the driveway unless a three foot tall retaining wall the length of the driveway is created. The creation of the retaining wall to protect the driveway is *incidental* to the paving installation project and may be reported in **0301**.
