

**WAC 296-17A-4401 Classification 4401.**

**4401-00 Cold storage lockers**

Applies to establishments that rent cold storage lockers to the public. These establishments do not own equity in the merchandise that is stored. Other than being cold storage facilities they are similar to mini-warehouse storage operations. Typically these operations will be a part of a retail or wholesale food or beverage establishment such as meat markets or wine stores. Typical activities contemplated by this classification include maintenance and security of the facility.

This classification excludes establishments engaged in fruit/vegetable freezer operations which are to be reported separately in classification 3902; establishments engaged in cold storage warehouse operations which are to be reported separately in classification 4404; general merchandise warehouses (not cold storage) which are to be reported separately in classification 2102; mini-storage warehouses which are to be reported separately in classification 4910; and field bonded warehouses which are to be reported in classification 2008.

**Special note:** The distinction between this classification (4401) and cold storage warehouse operations (4404) is that classification 4404 contemplates a warehouse type facility which stores general merchandise of commercial enterprises such as manufacturers and wholesalers as opposed to classification 4401 which rents lockers out to individuals for storage of personal items.
