- WAC 246-240-266 Safety precautions. (1) For each patient or human research subject who is receiving brachytherapy and cannot be released under WAC 246-240-122, a licensee shall:
- (a) Not quarter the patient or the human research subject in the same room as an individual who is not receiving brachytherapy;
- (b) Visibly post the patient's or human research subject's room with a "Caution—Radioactive Materials" sign; and
- (c) Note on the door or in the patient's or human research subject's chart where and how long visitors may stay in the patient's or human research subject's room.
- (2) A licensee shall have applicable emergency response equipment available near each treatment room to respond to a source:
 - (a) Dislodged from the patient; and
- (b) Lodged within the patient following removal of the source applicators.
- (3) A licensee shall notify the radiation safety officer, or their designee, and an authorized user as soon as possible if the patient or human research subject has a medical emergency or dies.
