

RULE-MAKING ORDER

SR-103 (June 2004)
(Implements RCW 34.05.360)

Agency: Noxious Weed Control Board

- Permanent Rule**
 Emergency Rule

Effective date of rule:

Permanent Rules

- 31 days after filing. Other (specify) _____ (If less than 31 days after filing, a specific finding under RCW 34.05.380(3) is required and should be stated below)

Effective date of rule:

Emergency Rules

- Immediately upon filing.
 Later (specify) _____

Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?

- Yes No If Yes, explain:

Purpose: The State Noxious Weed List provides the basis for noxious weed control efforts by county noxious weed control boards, weed districts, the State Noxious Weed Control Board and the Washington State Department of Agriculture, under the auspices of Chapter 17.10 RCW. The effect of the State Noxious Weed List is to prioritize control of noxious weed species statewide, concentrating on prevention and early detection, while also allowing for local program flexibility.

This rule making order adds two species, floating primrose-willow and reed sweetgrass, to the Class A Noxious Weed list. It also changes the designated control areas for three Class B Noxious Weeds. Two of the Class B weeds, gorse and kochia, have their designated control areas increased. For one of the Class B Weeds, Dalmatian toadflax, the change is a technical correction, and does not change on-the-ground control work.

Citation of existing rules affected by this order:

Repealed:
 Amended: WAC 16-750-005 and WAC 16-750-011
 Suspended:

Statutory authority for adoption: Chapters 17.10 and 34.05 RCW

Other authority :

PERMANENT RULE ONLY (Including Expedited Rule Making)

Adopted under notice filed as WSR 05-20-031 on September 28, 2005.

Describe any changes other than editing from proposed to adopted version:

Revisions concerning proposed Class C Noxious Weeds.

There was not agreement within the Washington State Noxious Weed Control Board regarding the proposed listings of yellow archangel or common fennel as Class C Noxious Weeds. Therefore, those proposed changes were not adopted. All other proposed changes were adopted.

EMERGENCY RULE ONLY

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
 That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding:

Date adopted:

November 30, 2005
