Purpose: This rule making order provides an exemption to the quarantine for seed that was in a company's inventory prior to the quarantine taking effect. In lieu of tagging small containers, there will be an allowance for alternative wording to be placed on an invoice or other documents that communicate quarantine compliance. Clarifying language has been added to make it clear that even though certain seed lots are exempt from parts of the quarantine rule, they must be free from regulated diseases.

EMERGENCY RULE ONLY

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
 That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
