ORDER NO. 1372
(Amends Order 1156)
Effective August 2, 1974

NEW

WAC 16-218-002 PROMULGATION. I, Stewart Bledsoe, director of agriculture of the state of Washington, by virtue of the authority vested in me under chapter 22.09 RCW, after due notice as provided under chapters 42.32 and 34.04 RCW and a public hearing held in Yakima, Washington on June 27, 1974 do hereby promulgate the following regulations relating to schedule of fees for the certification analyses of hops.

AMD

WAC 16-218-010 FEES. The schedule of fees, payable to the department for certification of hops pursuant to the standards established by the grain division, consumer and marketing service of the United States department of agriculture as authorized by the Agricultural Marketing Act of 1946, as amended, shall be as follows:

- (1) Lot inspection. Fifty cents per bale in each lot, minimum charge shall be ten dollars.
- (2) Sample inspection. Ten dollars per unofficial sample submitted.
- (3) Supplemental certificates. Two dollars per certificate.
- (4) Review inspection. Twenty cents per bale in each lot, minimum charge five dollars.
- (5) Review inspection of submitted sample. Five dollars per unofficial sample.
- (6) Appeal inspection. Charges for appeal inspections will be made by the grain division, consumer and marketing service, United States department of agriculture, Portland, Oregon, and payment for appeal inspections shall be made to them.
- (7) Extra copies. A charge of fifty cents per set will be made for typing extra copies of a certificate when requested by the original applicant or other financially interested party.
- (8) Extra time charges. If through no fault of the inspection service, lots of hops cannot be sampled at the time such sampling has been requested by the applicant and there is an undue delay in making a lot of hops available for sampling, a charge of three dollars fifty cents per hour will be made, time to be computed from departure of sampler or inspector from his base of operation until time of his return to said base.
- (9) Mileage. If trips are made on calls for sampling hops and hops are not available for sampling, a charge of ten cents per mile in addition to extra time charges will be made.
- (10) Accessibility for sampling. To be considered available for sampling and certification, it is necessary that each and every bale in the lot of hops be readily accessible so that each bale may be properly stenciled and samples drawn from those bales selected by the sampler or inspector.

I hereby certify the foregoing is a true and correct copy of the regulations promulgated by the Department of Agriculture.
