(2) ALTERNATIVE B. Use only for Adoption of Emergency Rules.

I, C. Alan Pettibone, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is:
The laboratory has been obtaining their reagents for the Bluetongue test from National Veterinary Services Laboratory at no cost ever since the test was introduced. Effective this May, they have discontinued supplying these items, as a private source is now available. Since these items now cost approximately \$1.10 per test, we are requesting a revision in our fee schedule to adjust this cost.
These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

(3) Pursuant to the requirements of RCW 34.04.026 that "every agency shall incorporate the most specific, but in no case omit all, of the following language alternatives when adopting or amending rules" fill in statement (a), (b), or (c) as appropriate:
