The Growth Management Act in RCW 36.70A.010 states "that uncoordinated and unplanned growth, together with a lack of common goals expressing the public's interest in the conservation and the wise use of our lands, pose a threat to the environment, sustainable economic development, and the health, safety, and high quality of life enjoyed by residents of this state." The Department of Community, Trade and Economic Development is required by RCW 36.70A.500 to provide management services for the growth management planning and environmental review fund. This fund was created to assist local governments in integrating growth management planning and environmental review. Under RCW 36.70A.500 the department must adopt rules for management of the fund.
