Regarding Procedures for Preparation of the Annual Road Program

AMEND WAC 136-16-010 SUBMISSION OF RECOMMENDED ANNUAL ROAD PROGRAM.

The county engineer shall submit a recommended annual program to the board of county commissioners on the first meeting in July or at such other time as may be specified by the board pursuant to RCW 36.40.070 which shall include his recommendations for all construction projects and all equipment purchases for the ensuing year. The Board shall consider the recommended program, make any revisions deemed necessary, and with the assistance of the county engineer identify those projects requiring a shorelines management permit, and make any necessary environmental analysis in accordance with local rules or ordinances and regulations or CEP guidelines.

AMEND WAC 136-16-018 ADOPTION OF ANNUAL PROGRAM. The Board shall adopt a final annual program at any time prior to the adoption of the budget.

AMEND WAC 136-16-020 CONTENTS OF ANNUAL PROGRAM. The adopted annual program shall include, but not be limited to a listing of all proposed construction work for the year giving a very brief description of the work, the name, number and functional classification of the road, an estimate of the total cost of each project and a notation as to whether each project is to be done by contract or day labor. The total estimated cost of all projects in the annual program shall be approximately equal to the amount budgeted for construction in the annual road budget. All projects, including FAS, shall be shown, provided however, that the program may include an item for miscellaneous projects in any amount up to 10 per cent of the total estimated program cost, and provided further, that the program may also include a list of alternate or additional projects totalling not more than 15 per cent of the basic program to allow for substitution in the event of unforeseen delays in projects on the basic program.

AMEND WAC 136-16-042 REVISION OF PROGRAM. The adopted final program may not be changed or revised except by unanimous vote of the board. Changes or revisions shall be by resolution of the board giving for each added project the same information required for all original program projects. A copy of each change resolution shall be forwarded to the County Road Administration Board.
