WAC 196-12-050 EVALUATION OF CANDIDATES FOR ENGINEERING LICENSES. (1) An E.I.T. candidate who has received his registration by examination is excused from the fundamentals examination and is required to write only the branch examination with a minimum grade of 70%.

(2) Candidates who have not passed an E.I.T. examination and who write fundamental and branch examinations, must receive a grade of at least 70% in each examination.

(3) Candidates holding a baccalaureate degree in an accredited engineering curriculum who have had seventeen or more years of experience satisfactory to the board (after the statutory eight years of experience) may have the fundamental examination waived and be permitted to write the branch examination only. These candidates must attain 70% minimum in this examination.

(4) Certification in structural, hydraulic and sanitary engineering (see WAC 196-080) requires a minimum passing grade of 70% on the written examination paper.

WAC 196-16-020 EXAMINATIONS. The land surveying examination consists of two full eight hour days given at the regular examination period. All examinations will be open book unless otherwise specified by the board. The examination is written and consists of two separate parts in two consecutive days. Each day is divided into two sessions from 8:00 a.m. to noon and from 1:00 p.m. to 5:00 p.m.

(1) First day - - Land surveying - Rules and legal questions.

(2) Second day - - Land surveying - Practical applied surveying problems.

A candidate may elect to sit for the examination in two consecutive days or may sit for one part at one examination and the other part at a subsequent examination.

Each day's examination is graded separately. As an example, if an applicant fails the first day's examination and passes the second day, he will have to repeat the first day's examination at a subsequent examination date.

A candidate must receive a grade of at least 70% in each of the examinations.
