NEW

WAC 196-12-075 RENEWAL OF LICENSES. (1) The annual license renewal date for professional engineers is hereby changed to coincide with the licensee's birthdate. Conversion to this staggered license renewal system will be accomplished as follows:

(a) Current licensees, as of December 31, 1974. Licensees desiring to renew their licenses will be required to pay a fee of seven dollars and fifty cents plus one-twelfth of that amount for each month, or fraction thereof, in order to extend their license renewal to expire on their birth anniversary date next following December 1975.

(b) Individuals making application for initial license and examination, provided they meet all such requirements, will be issued a license to expire on their next birth anniversary date.

(2) After the initial conversion to a staggered system, licensees may renew their licenses, at the annual renewal fee rate, for one year, from birth anniversary date to the next birth anniversary date.

(3) At least thirty days before the expiration date of the individual's license, the Division will mail a notice of renewal of license to every person holding a current license. The licensee should return such notice along with current renewal fees prior to the expiration date of his or her license. If the licensee fails to pay the prescribed renewal fees within ninety days after the expiration date of license then the renewal fee will be the current fee plus an amount equal to one year's renewal fee.
