

**WSR 24-07-028  
EMERGENCY RULES  
DEPARTMENT OF  
FISH AND WILDLIFE**

[Order 24-36—Filed March 12, 2024, 8:16 a.m., effective March 14, 2024]

Effective Date of Rule: March 14, 2024.

Purpose: The purpose of this emergency rule is to increase the pot limit in Crab Management Region 1, and Subregions 3-1, 3-2, 3-3, and 3-4 to 75 pots per license effective March 14, 2024.

Citation of Rules Affected by this Order: Repealing WAC 220-340-47000C; and amending WAC 220-340-470.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The pot limit in Crab Management Region 1, and Subregions 3-1, 3-2, 3-3, and 3-4 is increased to 75 pots per license. This increase in the pot limit is warranted because sufficient allocation remains to accommodate harvest in the Puget Sound commercial crab fisheries in [Sub]regions 1, 3-1, 3-2, 3-3, and 3-4. These provisions are in conformity with the last agreed[-to] management plans with applicable tribes. Comanagement plans are entered into as required by court order. The Puget Sound commercial season is structured to meet harvest allocation objectives negotiated with applicable treaty tribes and outlined in the management plans. There is insufficient time to adopt permanent rules. Further adjustment of season structure may be made pending updated harvest data.
