**By** House Committee on Transportation (originally sponsored by Representatives Schmidt, R. Fisher, H. Sommers, Holland, Franklin, Wilson and Betrozoff).

1            AN ACT Relating to budgeting; amending RCW 43.88.030, 43.88.110,  
2 43.88.120, 47.05.070, and 43.88.020; reenacting and amending RCW  
3 43.88.160; creating a new section; and providing an effective date.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5            **Sec. 1.** RCW 43.88.030 and 1990 c 115 s 1 are each amended to read  
6 as follows:

7            (1) The director of financial management shall provide all agencies  
8 with a complete set of instructions for submitting biennial budget  
9 requests to the director at least three months before agency budget  
10 documents are due into the office of financial management. The  
11 director shall provide agencies that are required under RCW 44.40.070  
12 to develop comprehensive six-year program and financial plans with a  
13 complete set of instructions for submitting these program and financial  
14 plans at the same time that instructions for submitting other budget  
15 requests are provided. The budget document or documents shall consist

1 of the governor's budget message which shall be explanatory of the  
2 budget and shall contain an outline of the proposed financial policies  
3 of the state for the ensuing fiscal period, as well as an outline of  
4 the proposed six-year financial policies where applicable, and shall  
5 describe in connection therewith the important features of the budget.  
6 The message shall set forth the reasons for salient changes from the  
7 previous fiscal period in expenditure and revenue items and shall  
8 explain any major changes in financial policy. Attached to the budget  
9 message shall be such supporting schedules, exhibits and other  
10 explanatory material in respect to both current operations and capital  
11 improvements as the governor shall deem to be useful to the  
12 legislature. The budget document or documents shall set forth a  
13 proposal for expenditures in the ensuing fiscal period, or six-year  
14 period where applicable, based upon the estimated revenues as approved  
15 by the economic and revenue forecast council or upon the estimated  
16 revenues of the office of financial management for those funds,  
17 accounts, and sources for which the office of the economic and revenue  
18 forecast council does not prepare an official forecast, including those  
19 revenues anticipated to support the six-year programs and financial  
20 plans under RCW 44.40.070. In estimating revenues to support financial  
21 plans under RCW 44.40.070, the office of financial management shall  
22 rely on information and advice from the interagency revenue task force.  
23 Revenues shall be estimated for such fiscal period from the source and  
24 at the rates existing by law at the time of submission of the budget  
25 document, including the supplemental budgets submitted in the even-  
26 numbered years of a biennium. However, the estimated revenues for use  
27 in the governor's budget document may be adjusted to reflect budgetary  
28 revenue transfers and revenue estimates dependent upon budgetary  
29 assumptions of enrollments, workloads, and caseloads. All adjustments  
30 to the approved estimated revenues must be set forth in the budget

1 document. The governor may additionally submit, as an appendix to each  
2 supplemental, biennial, or six-year agency budget or to the budget  
3 document or documents, a proposal for expenditures in the ensuing  
4 fiscal period from revenue sources derived from proposed changes in  
5 existing statutes.

6 Supplemental and biennial documents shall reflect a six-year  
7 expenditure plan consistent with estimated revenues from existing  
8 sources and at existing rates for those agencies required to submit  
9 six-year program and financial plans under RCW 44.40.070. Any  
10 additional revenue resulting from proposed changes to existing statutes  
11 shall be separately identified within the document as well as related  
12 expenditures for the six-year period.

13 The budget document or documents shall also contain:

14 (a) Revenues classified by fund and source for the immediately past  
15 fiscal period, those received or anticipated for the current fiscal  
16 period, ~~((and))~~ those anticipated for the ensuing biennium, and those  
17 anticipated for the ensuing six-year period to support the six-year  
18 programs and financial plans required under RCW 44.40.070;

19 (b) The undesignated fund balance or deficit, by fund;

20 (c) Such additional information dealing with expenditures,  
21 revenues, workload, performance, and personnel as the legislature may  
22 direct by law or concurrent resolution;

24 expenditures as the governor shall deem pertinent and useful to the  
25 legislature;

26 (e) Tabulations showing expenditures classified by fund, function,  
27 activity and object;

28 (f) A delineation of each agency's activities, including those  
29 activities funded from nonbudgeted, nonappropriated sources, including  
30 funds maintained outside the state treasury; and

1 (g) Identification of all proposed direct expenditures to implement  
2 the Puget Sound water quality plan under chapter 90.70 RCW, shown by  
3 agency and in total.

4 (2) The budget document or documents shall include detailed  
5 estimates of all anticipated revenues applicable to proposed operating  
6 or capital expenditures and shall also include all proposed operating  
7 or capital expenditures. The total of beginning undesignated fund  
8 balance and estimated revenues less working capital and other reserves  
9 shall equal or exceed the total of proposed applicable expenditures.  
10 The budget document or documents shall further include:

11 (a) Interest, amortization and redemption charges on the state  
12 debt;

13 (b) Payments of all reliefs, judgments and claims;

14 (c) Other statutory expenditures;

15 (d) Expenditures incident to the operation for each agency;

19 period and those anticipated for the current biennium and next ensuing  
20 biennium, as well as those required to support the six-year programs  
21 and financial plans required under RCW 44.40.070;

22 (g) A showing and explanation of amounts of general fund and other  
23 funds obligations for debt service and any transfers of moneys that

2 submitted ((consisting of)) that will contain the following:

3 (a) ~~((Expenditures incident to current or pending capital projects  
4 and to proposed new capital projects, relating the respective amounts

13 cost))~~);

14 (c) ~~((Such other information bearing upon capital projects as the

2 governor deems to be useful;

3       (m) Standard terms, including a standard and uniform definition of  
4 maintenance for all capital projects;

5       (n) Such other information as the legislature may direct by law or  
6 concurrent resolution.

7       For purposes of this subsection (3), the term "capital project"  
8 shall be defined subsequent to the analysis, findings, and  
9 recommendations of a joint committee comprised of representatives from  
10 the house capital appropriations committee, senate ways and means  
11 committee, legislative transportation committee, legislative evaluation  
12 and accountability program committee, and office of financial  
13 management.

14       (4) No change affecting the comparability of agency or program  
15 information relating to expenditures, revenues, workload, performance  
16 and personnel shall be made in the format of any budget document or  
17 report presented to the legislature under this section or RCW  
18 43.88.160(1) relative to the format of the budget document or report  
19 which was presented to the previous regular session of the legislature  
20 during an odd-numbered year without prior legislative concurrence.  
21 Prior legislative concurrence shall consist of (a) a favorable majority  
22 vote on the proposal by the standing committees on ways and means of  
23 both houses if the legislature is in session or (b) a favorable  
24 majority vote on the proposal by members of the legislative evaluation  
25 and accountability program committee if the legislature is not in  
26 session.

27       **Sec. 2.** RCW 43.88.110 and 1987 c 502 s 5 are each amended to read  
28 as follows:

1 This section sets forth the expenditure programs and the allotment  
2 and reserve procedures to be followed by the executive branch for  
3 public funds.

4 (1) Allotments of an appropriation for any fiscal period shall  
5 conform to the terms, limits, or conditions of the appropriation.

6 ~~((1+))~~ (2) The director of financial management shall provide all  
7 agencies with a complete set of operating and capital instructions for  
8 preparing a statement of proposed expenditures at least thirty days  
9 before the beginning of a fiscal period. The set of instructions need  
10 not include specific appropriation amounts for the agency.

11 ~~((2+))~~ (3) Within forty-five days after the beginning of the  
12 fiscal period or within forty-five days after the governor signs the  
13 omnibus biennial appropriations act, whichever is later, all agencies  
14 shall submit to the governor a statement of proposed expenditures at  
15 such times and in such form as may be required by the governor.

16 (4) The office of financial management shall develop a method for  
17 monitoring capital appropriations and expenditures that will capture at  
18 least the following elements:

19 (a) Appropriations made for capital projects including  
20 transportation projects;

21 (b) Estimates of total project costs including past, current,  
22 ensuing, and future biennial costs;

23 (c) Comparisons of actual costs to estimated costs;

24 (d) Comparisons of estimated construction start and completion  
25 dates with actual dates;

26 (e) Documentation of fund shifts between projects.

27 This data may be incorporated into the existing accounting system  
28 or into a separate project management system, as deemed appropriate by  
29 the office of financial management.

1       (5) If at any time during the fiscal period the governor projects  
2 a cash deficit in a particular fund or account as defined by RCW  
3 43.88.050, the governor shall make across-the-board reductions in  
4 allotments for that particular fund or account so as to prevent a cash  
5 deficit, unless the legislature has directed the liquidation of the  
6 cash deficit over one or more fiscal periods. Except for the  
7 legislative and judicial branches and other agencies headed by elective  
8 officials, the governor shall review the statement of proposed  
9 operating expenditures for reasonableness and conformance with  
10 legislative intent. Once the governor approves the statements of  
11 proposed operating expenditures, further revisions shall be made only  
12 at the beginning of the second fiscal year and must be initiated by the  
13 governor. However, changes in appropriation level authorized by the  
14 legislature, changes required by across-the-board reductions mandated  
15 by the governor, and changes caused by executive increases to spending  
16 authority may require additional revisions. Revisions shall not be  
17 made retroactively. Revisions caused by executive increases to  
18 spending authority shall not be made after June 30, 1987. However, the  
19 governor may assign to a reserve status any portion of an agency  
20 appropriation withheld as part of across-the-board reductions made by  
21 the governor and any portion of an agency appropriation conditioned on  
22 a contingent event by the appropriations act. The governor may remove  
23 these amounts from reserve status if the across-the-board reductions  
24 are subsequently modified or if the contingent event occurs. The  
25 director of financial management shall enter approved statements of  
26 proposed expenditures into the state budgeting, accounting, and  
27 reporting system within forty-five days after receipt of the proposed  
28 statements from the agencies. If an agency or the director of  
29 financial management is unable to meet these requirements, the director

1 of financial management shall provide a timely explanation in writing  
2 to the legislative fiscal committees.

3 ~~((3))~~ (6) It is expressly provided that all agencies shall be  
4 required to maintain accounting records and to report thereon in the  
5 manner prescribed in this chapter and under the regulations issued  
6 pursuant to this chapter. Within ninety days of the end of the fiscal  
7 year, all agencies shall submit to the director of financial management  
8 their final adjustments to close their books for the fiscal year.  
9 Prior to submitting fiscal data, written or oral, to committees of the  
10 legislature, it is the responsibility of the agency submitting the data  
11 to reconcile it with the budget and accounting data reported by the  
12 agency to the director of financial management.

13 (7) The director of financial management shall monitor agency  
14 operating expenditures against the approved statement of proposed  
15 expenditures and shall provide the legislature with quarterly  
16 explanations of major variances.

17 ~~((4))~~ (8) The director of financial management may exempt certain  
18 public funds from the allotment controls established under this chapter  
19 if it is not practical or necessary to allot the funds. Allotment  
20 control exemptions expire at the end of the fiscal biennium for which  
21 they are granted. The director of financial management shall report  
22 any exemptions granted under this subsection to the legislative fiscal  
23 committees.

24 **Sec. 3.** RCW 43.88.120 and 1987 c 502 s 6 are each amended to read  
25 as follows:

26 Each agency engaged in the collection of revenues shall prepare  
27 estimated revenues and estimated receipts for the current and ensuing  
28 biennium and shall submit the estimates to the director of financial  
29 management and the director of revenue at times and in the form

1 specified by the directors, along with any other information which the  
2 directors may request. For those agencies required to develop six-year  
3 programs and financial plans under RCW 44.40.070, six-year revenue  
4 estimates shall be submitted to the director of financial management  
5 and the legislative transportation committee unless the responsibility  
6 for reporting these revenue estimates is assumed elsewhere.

7 A copy of such revenue estimates shall be simultaneously submitted  
8 to the economic and revenue forecast work group when required by the  
9 office of the economic and revenue forecast council.

10 **Sec. 4.** RCW 43.88.160 and 1987 c 505 s 36 and 1987 c 436 s 1 are  
11 each reenacted and amended to read as follows:

12 This section sets forth the major fiscal duties and  
13 responsibilities of officers and agencies of the executive branch. The  
14 regulations issued by the governor pursuant to this chapter shall  
15 provide for a comprehensive, orderly basis for fiscal management and  
16 control, including efficient accounting and reporting therefor, for the  
17 executive branch of the state government and may include, in addition,  
18 such requirements as will generally promote more efficient public  
19 management in the state.

20 (1) Governor; director of financial management. The governor,  
21 through the director of financial management, shall devise and  
22 supervise a modern and complete accounting system for each agency to  
23 the end that all revenues, expenditures, receipts, disbursements,  
24 resources, and obligations of the state shall be properly and  
25 systematically accounted for. The accounting system shall include the  
26 development of accurate, timely records and reports of all financial  
27 affairs of the state. The system shall also provide for central  
28 accounts in the office of financial management at the level of detail  
29 deemed necessary by the director to perform central financial

1 management. The director of financial management shall adopt and  
2 periodically update an accounting procedures manual. Any agency  
3 maintaining its own accounting and reporting system shall comply with  
4 the updated accounting procedures manual and the rules of the director  
5 adopted under this chapter. An agency may receive a waiver from  
6 complying with this requirement if the waiver is approved by the  
7 director. Waivers expire at the end of the fiscal biennium for which  
8 they are granted. The director shall forward notice of waivers granted  
9 to the appropriate legislative fiscal committees. The director of  
10 financial management may require such financial, statistical, and other  
11 reports as the director deems necessary from all agencies covering any  
12 period.

13 (2) The director of financial management is responsible for  
14 quarterly reporting of primary operating budget drivers such as  
15 applicable workloads, caseload estimates, and appropriate unit cost  
16 data. These reports shall be transmitted to the legislative fiscal  
17 committees or by electronic means to the legislative evaluation and  
18 accountability program committee. Quarterly reports shall include  
19 actual monthly data and the variance between actual and estimated data  
20 to date. The reports shall also include estimates of these items for  
21 the remainder of the budget period.

22 (3) The director of financial management shall report at least  
23 annually to the appropriate legislative committees regarding the status  
24 of all appropriated capital projects, including transportation  
25 projects, showing significant cost overruns or underruns. If funds are  
26 shifted from one project to another, the office of financial management  
27 shall also reflect this in the annual variance report. Once a project  
28 is complete, the report shall provide a final summary showing estimated  
29 start and completion dates of each project phase compared to actual  
30 dates, estimated costs of each project phase compared to actual costs,

1 and whether or not there are any outstanding liabilities or unsettled  
2 claims at the time of completion.

3 (4) In addition, the director of financial management, as agent of  
4 the governor, shall:

5 (a) Make surveys and analyses of agencies with the object of  
6 determining better methods and increased effectiveness in the use of  
7 manpower and materials; and the director shall authorize expenditures  
8 for employee training to the end that the state may benefit from  
9 training facilities made available to state employees;

10 (b) Report to the governor with regard to duplication of effort or  
11 lack of coordination among agencies;

12 (c) Review any pay and classification plans, and changes  
13 thereunder, developed by any agency for their fiscal impact: PROVIDED,  
14 That none of the provisions of this subsection shall affect merit  
15 systems of personnel management now existing or hereafter established  
16 by statute relating to the fixing of qualifications requirements for  
17 recruitment, appointment, or promotion of employees of any agency. The  
18 director shall advise and confer with agencies including appropriate  
19 standing committees of the legislature as may be designated by the  
20 speaker of the house and the president of the senate regarding the  
21 fiscal impact of such plans and may amend or alter said plans, except  
22 that for the following agencies no amendment or alteration of said  
23 plans may be made without the approval of the agency concerned:  
24 Agencies headed by elective officials;

25 (d) Fix the number and classes of positions or authorized man years  
26 of employment for each agency and during the fiscal period amend the  
27 determinations previously fixed by the director except that the  
28 director shall not be empowered to fix said number or said classes for  
29 the following: Agencies headed by elective officials;

1 (e) Provide for transfers and repayments between the budget  
2 stabilization account and the general fund as directed by appropriation  
3 and RCW 43.88.525 through 43.88.540;

4 (f) Promulgate regulations to effectuate provisions contained in  
5 subsections (a) through (e) hereof.

6 (~~(2)~~) (5) The treasurer shall:

7 (a) Receive, keep, and disburse all public funds of the state not  
8 expressly required by law to be received, kept, and disbursed by some  
9 other persons: PROVIDED, That this subsection shall not apply to those  
10 public funds of the institutions of higher learning which are not  
11 subject to appropriation;

12 (b) Disburse public funds under the treasurer's supervision or  
13 custody by warrant or check;

14 (c) Keep a correct and current account of all moneys received and  
15 disbursed by the treasurer, classified by fund or account;

16 (d) Perform such other duties as may be required by law or by  
17 regulations issued pursuant to this law.

18 It shall be unlawful for the treasurer to issue any warrant or  
19 check for public funds in the treasury except upon forms duly  
20 prescribed by the director of financial management. Said forms shall  
21 provide for authentication and certification by the agency head or the  
22 agency head's designee that the services have been rendered or the  
23 materials have been furnished; or, in the case of loans or grants, that  
24 the loans or grants are authorized by law; or, in the case of payments  
25 for periodic maintenance services to be performed on state owned  
26 equipment, that a written contract for such periodic maintenance  
27 services is currently in effect and copies thereof are on file with the  
28 office of financial management; and the treasurer shall not be liable  
29 under the treasurer's surety bond for erroneous or improper payments so  
30 made: PROVIDED, That when services are lawfully paid for in advance of

1 full performance by any private individual or business entity other  
2 than as provided for by RCW 42.24.035, such individual or entity other  
3 than central stores rendering such services shall make a cash deposit  
4 or furnish surety bond coverage to the state as shall be fixed in an  
5 amount by law, or if not fixed by law, then in such amounts as shall be  
6 fixed by the director of the department of general administration but  
7 in no case shall such required cash deposit or surety bond be less than  
8 an amount which will fully indemnify the state against any and all  
9 losses on account of breach of promise to fully perform such services:  
10 AND PROVIDED FURTHER, That no payments shall be made in advance for any  
11 equipment maintenance services to be performed more than three months  
12 after such payment. Any such bond so furnished shall be conditioned  
13 that the person, firm or corporation receiving the advance payment will  
14 apply it toward performance of the contract. The responsibility for  
15 recovery of erroneous or improper payments made under this section  
16 shall lie with the agency head or the agency head's designee in  
17 accordance with regulations issued pursuant to this chapter. Nothing  
18 in this section shall be construed to permit a public body to advance  
19 funds to a private service provider pursuant to a grant or loan before  
20 services have been rendered or material furnished.

21 ~~((3))~~ (6) The state auditor shall:

22 (a) Report to the legislature the results of current post audits  
23 that have been made of the financial transactions of each agency; to  
24 this end the auditor may, in the auditor's discretion, examine the  
25 books and accounts of any agency, official or employee charged with the  
26 receipt, custody or safekeeping of public funds. The current post  
27 audit of each agency may include a section on recommendations to the  
28 legislature as provided in (c) of this subsection ~~((3)(c) of this~~  
29 ~~section))~~.

1 (b) Give information to the legislature, whenever required, upon  
2 any subject relating to the financial affairs of the state.

3 (c) Make the auditor's official report on or before the thirty-  
4 first of December which precedes the meeting of the legislature. The  
5 report shall be for the last complete fiscal period and shall include  
6 at least the following:

7 Determinations as to whether agencies, in making expenditures,  
8 complied with the laws of this state: PROVIDED, That nothing in this  
9 (~~act shall~~) section may be construed to grant the state auditor the  
10 right to perform performance audits. A performance audit for the  
11 purpose of this (~~act shall be~~) section is the examination of the  
12 effectiveness of the administration, its efficiency, and its adequacy  
13 in terms of the programs of departments or agencies as previously  
14 approved by the legislature. The authority and responsibility to  
15 conduct such an examination shall be vested in the legislative budget  
16 committee as prescribed in RCW 44.28.085 (~~as now or hereafter~~  
17 ~~amended~~)).

18 (d) Be empowered to take exception to specific expenditures that  
19 have been incurred by any agency or to take exception to other  
20 practices related in any way to the agency's financial transactions and  
21 to cause such exceptions to be made a matter of public record,  
22 including disclosure to the agency concerned and to the director of  
23 financial management. It shall be the duty of the director of  
24 financial management to cause corrective action to be taken promptly,  
25 such action to include, as appropriate, the withholding of funds as  
26 provided in RCW 43.88.110.

27 (e) Promptly report any irregularities to the attorney general.

28 (~~(4)~~) (7) The legislative budget committee may:

29 (a) Make post audits of the financial transactions of any agency  
30 and management surveys and program reviews as provided for in RCW

1 44.28.085 (~~as now or hereafter amended~~). To this end the committee  
2 may in its discretion examine the books, accounts, and other records of  
3 any agency, official, or employee.
