This agreement is a 30-year plan to clean up the contamination on the Hanford Reservation. The milestones in the agreement are legally enforceable.

Summary of Bill: The Memorial makes a number of findings regarding the cleanup of the Hanford Reservation, including a finding that the U.S. General Accounting Office estimated that 40 percent of the Hanford cleanup funds have been expended on administrative, legal, or regulatory compliance activities.

The Memorial requests that the federal government work with state and local officials to eliminate duplicative U.S. Department of Energy orders, streamline paperwork requirements, and reduce unnecessary costs.

Appropriation: None.

Fiscal Note: Not Requested.

Testimony For: The Memorial will make it easier for our state's congressional delegation to expedite the cleanup process on the Hanford Reservation.

Testimony Against: None.

Testified: Representative Shirley Hankins (prime sponsor).
