Testimony For: (Children & Family Services) Children living in foster care who are legally free for adoption should be placed in adoptive homes as soon as possible. Adoption support payments should be set at a level appropriate to facilitate adoptions for children with special needs who are living in foster care. Passage of this legislation will reduce foster care caseloads.

(Appropriations) This legislation will remove the barriers to adopting children with special needs.

Testimony Against: (Children & Family Services) The Department of Social and Health Services is unsure of the cost of this proposal. If it applies to the current caseload, it could have a significant fiscal impact.

(Appropriations) None.
