19 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

20 NEW SECTION. **Sec. 1.** The legislature finds that its delegation of
21 legislative authority to the executive branch of state government in
22 the form of the authority to adopt rules requires closer scrutiny to
23 ensure that the authority is exercised within the intention of the
24 legislature. It is the intent of the legislature to condition its
25 delegation of legislative authority to the department of ecology and to
26 the department of agriculture in two ways: First, by requiring that
27 the legislature be given an opportunity to review rules proposed by
28 these departments before the rules become effective; and second, by
29 ensuring that any order, directive, or regulation of general
30 applicability established by either of the departments has been subject
31 to evaluation and comment by the public under the rule-making process
32 provided by the administrative procedure act before such an order,
33 directive, or regulation is applied to any member of the public.

34 **PART 1 - RULE MAKING**

1 NEW SECTION. **Sec. 101.** A new section is added to chapter 43.21A
2 RCW to read as follows:

3 (1) A rule adopted by the director or department of ecology under
4 the authority of this chapter or under an authority to adopt rules
5 granted by any other statute shall be adopted in accordance with the
6 administrative procedure act, chapter 34.05 RCW, and this section.

7 Once a proposal of a rule has been published under RCW 34.05.320,
8 the rule may be adopted only after the legislature has had an
9 opportunity to consider the proposal during one full regular session,
10 as such a session is described in Article II, section 12 of the state
11 Constitution. To provide such an opportunity, the following apply:

12 (a) A proposal of a rule published on or by the first day of
13 December of one calendar year is subject to consideration by the
14 legislature during the regular session of the legislature convened in
15 the following year; and

16 (b) A proposal of a rule published after the first day of December
17 of one calendar year and before the end of the first regular session of
18 the legislature convened following that first day of December, is
19 subject to consideration by the legislature during the second regular
20 session of the legislature convened after that first day of December.

21 (2) Subsection (1) of this section does not apply to emergency
22 rules adopted in accordance with RCW 34.05.350(5).

23 (3) The department shall not take an action to enforce or apply an
24 order, directive, or regulation of general applicability that satisfies
25 the definition of a rule provided by RCW 34.05.010 unless the order,
26 directive, or regulation has been adopted as a rule. If, during the
27 judicial review of an action taken by the department, a court of
28 competent jurisdiction finds that the department has by the action or
29 some significant portion of the action violated this subsection, the
30 court may, in addition to exercising any other authorities, award a
31 party aggrieved by the violation reasonable attorneys' fees and court
32 costs incurred by the aggrieved party with regard to the violation.

33 (4) Subsection (3) of this section applies to any action taken by
34 the department after the effective date of this section.

35 NEW SECTION. **Sec. 102.** A new section is added to chapter 43.23
36 RCW to read as follows:

37 (1) A rule adopted by the director or department of agriculture
38 under the authority of this chapter or under an authority to adopt

1 rules granted by any other statute shall be adopted in accordance with
2 the administrative procedure act, chapter 34.05 RCW, and this section.

3 Once a proposal of a rule has been published under RCW 34.05.320,
4 the rule may be adopted only after the legislature has had an
5 opportunity to consider the proposal during one full regular session,
6 as such a session is described in Article II, section 12 of the state
7 Constitution. To provide such an opportunity, the following apply:

8 (a) A proposal of a rule published on or by the first day of
9 December of one calendar year is subject to consideration by the
10 legislature during the regular session of the legislature convened in
11 the following year; and

12 (b) A proposal of a rule published after the first day of December
13 of one calendar year and before the end of the first regular session of
14 the legislature convened following that first day of December, is
15 subject to consideration by the legislature during the second regular
16 session of the legislature convened after that first day of December.

17 (2) Subsection (1) of this section does not apply to emergency
18 rules adopted in accordance with RCW 34.05.350(5).

19 (3) The department shall not take an action to enforce or apply an
20 order, directive, or regulation of general applicability that satisfies
21 the definition of a rule provided by RCW 34.05.010 unless the order,
22 directive, or regulation has been adopted as a rule. If, during the
23 judicial review of an action taken by the department, a court of
24 competent jurisdiction finds that the department has by the action or
25 some significant portion of the action violated this subsection, the
26 court may, in addition to exercising any other authorities, award a
27 party aggrieved by the violation reasonable attorneys' fees and court
28 costs incurred by the aggrieved party with regard to the violation.

29 (4) Subsection (3) of this section applies to any action taken by
30 the department after the effective date of this section.

31 NEW SECTION. **Sec. 103.** A new section is added to chapter 43.22
32 RCW to read as follows:

33 (1) A rule adopted by the director or department of labor and
34 industries under the authority of this chapter or under an authority to
35 adopt rules granted by any other statute shall be adopted in accordance
36 with the administrative procedure act, chapter 34.05 RCW, and this
37 section.

1 Once a proposal of a rule has been published under RCW 34.05.320,
2 the rule may be adopted only after the legislature has had an
3 opportunity to consider the proposal during one full regular session,
4 as such a session is described in Article II, section 12 of the state
5 Constitution. To provide such an opportunity, the following apply:

6 (a) A proposal of a rule published on or by the first day of
7 December of one calendar year is subject to consideration by the
8 legislature during the regular session of the legislature convened in
9 the following year; and

10 (b) A proposal of a rule published after the first day of December
11 of one calendar year and before the end of the first regular session of
12 the legislature convened following that first day of December, is
13 subject to consideration by the legislature during the second regular
14 session of the legislature convened after that first day of December.

15 (2) Subsection (1) of this section does not apply to emergency
16 rules adopted in accordance with RCW 34.05.350(5).

17 (3) The department shall not take an action to enforce or apply an
18 order, directive, or regulation of general applicability that satisfies
19 the definition of a rule provided by RCW 34.05.010 unless the order,
20 directive, or regulation has been adopted as a rule. If, during the
21 judicial review of an action taken by the department, a court of
22 competent jurisdiction finds that the department has by the action or
23 some significant portion of the action violated this subsection, the
24 court may, in addition to exercising any other authorities, award a
25 party aggrieved by the violation reasonable attorneys' fees and court
26 costs incurred by the aggrieved party with regard to the violation.

27 (4) Subsection (3) of this section applies to any action taken by
28 the department after the effective date of this section.

29 **Sec. 104.** RCW 34.05.360 and 1988 c 288 s 311 are each amended to
30 read as follows:

31 The order of adoption by which each rule is adopted by an agency
32 shall contain all of the following:

33 (1) The date the agency adopted the rule;

34 (2) A concise statement of the purpose of the rule;

35 (3) A reference to all rules repealed, amended, or suspended by the
36 rule;

37 (4) A reference to the specific statutory or other authority
38 authorizing adoption of the rule;

1 (5) Any findings required by any provision of law as a precondition
2 to adoption or effectiveness of the rule; and

3 (6) The effective date of the rule if other than that specified in
4 RCW 34.05.380(2).

5 Except as provided in section 101(2) of this act, a rule may not be
6 adopted by the department of ecology or by the director of the
7 department unless the legislature and the public have had an
8 opportunity to consider the proposed rule during one full regular
9 session as provided in section 101 of this act.

10 Except as provided in section 102(2) of this act, a rule may not be
11 adopted by the department of agriculture or by the director of the
12 department unless the legislature and the public have had an
13 opportunity to consider the proposed rule during one full regular
14 session as provided in section 102 of this act.

15 Except as provided in section 103(2) of this act, a rule may not be
16 adopted by the department of labor and industries or by the director of
17 the department unless the legislature and the public have had an
18 opportunity to consider the proposed rule during one full regular
19 session as provided in section 103 of this act.

20 **Sec. 105.** RCW 34.05.345 and 1988 c 288 s 308 are each amended to
21 read as follows:

22 (1) Except for emergency rules adopted under RCW 34.05.350, when
23 twenty days notice of intended action to adopt, amend, or repeal a rule
24 has not been published in the state register, as required by RCW
25 34.05.320, the code reviser shall not publish such rule and such rule
26 shall not be effective for any purpose.

27 (2) If the legislature and the public have not been given an
28 opportunity to consider a proposal of a rule by the department of
29 ecology as required by RCW 34.05.360 and section 101 of this act, the
30 code reviser shall not publish the rule and the rule shall not be
31 effective for any purpose.

32 (3) If the legislature and the public have not been given an
33 opportunity to consider a proposal of a rule by the department of
34 agriculture as required by RCW 34.05.360 and section 102 of this act,
35 the code reviser shall not publish the rule and the rule shall not be
36 effective for any purpose.

37 (4) If the legislature and the public have not been given an
38 opportunity to consider a proposal of a rule by the department of labor

1 and industries as required by RCW 34.05.360 and section 103 of this
2 act, the code reviser shall not publish the rule and the rule shall not
3 be effective for any purpose.

4 **Sec. 106.** RCW 34.05.350 and 1994 c 249 s 3 are each amended to
5 read as follows:

6 (1) If an agency for good cause finds:

7 (a) That immediate adoption, amendment, or repeal of a rule is
8 necessary for the preservation of the public health, safety, or general
9 welfare, and that observing the time requirements of notice and
10 opportunity to comment upon adoption of a permanent rule would be
11 contrary to the public interest; or

12 (b) That state or federal law or federal rule or a federal deadline
13 for state receipt of federal funds requires immediate adoption of a
14 rule, the agency may dispense with those requirements and adopt, amend,
15 or repeal the rule on an emergency basis. The agency's finding and a
16 concise statement of the reasons for its finding shall be incorporated
17 in the order for adoption of the emergency rule or amendment filed with
18 the office of the code reviser under RCW 34.05.380 and with the rules
19 review committee.

20 (2) An emergency rule adopted under this section takes effect upon
21 filing with the code reviser, unless a later date is specified in the
22 order of adoption, and may not remain in effect for longer than one
23 hundred twenty days after filing. Identical or substantially similar
24 emergency rules may not be adopted in sequence unless conditions have
25 changed or the agency has filed notice of its intent to adopt the rule
26 as a permanent rule, and is actively undertaking the appropriate
27 procedures to adopt the rule as a permanent rule. This section does
28 not relieve any agency from compliance with any law requiring that its
29 permanent rules be approved by designated persons or bodies before they
30 become effective.

31 (3) Within seven days after the rule is adopted, any person may
32 petition the governor requesting the immediate repeal of a rule adopted
33 on an emergency basis by any department listed in RCW 43.17.010.
34 Within seven days after submission of the petition, the governor shall
35 either deny the petition in writing, stating his or her reasons for the
36 denial, or order the immediate repeal of the rule. In ruling on the
37 petition, the governor shall consider only whether the conditions in
38 subsection (1) of this section were met such that adoption of the rule

1 on an emergency basis was necessary. If the governor orders the repeal
2 of the emergency rule, any sanction imposed based on that rule is void.
3 This subsection shall not be construed to prohibit adoption of any rule
4 as a permanent rule.

5 (4) In adopting an emergency rule, the agency shall comply with
6 section 4 of this act or provide a written explanation for its failure
7 to do so.

8 (5) An emergency rule may be adopted and filed with the code
9 reviser by the director or department of ecology, by the director or
10 department of agriculture, or by the director or department of labor
11 industries only if the filing is accompanied by a written declaration
12 by the governor that an emergency exists that justifies the adoption of
13 the rule on an emergency basis under this section.

14 **PART 2 - DEPARTMENT OF ECOLOGY**
15 **CONFORMING AMENDMENTS**

16 **Sec. 201.** RCW 18.104.040 and 1993 c 387 s 4 are each amended to
17 read as follows:

18 The department shall have the power:

19 (1) To issue, deny, suspend or revoke licenses pursuant to the
20 provisions of this chapter;

21 (2) At all reasonable times, to enter upon lands for the purpose of
22 inspecting, taking measurements from, or tagging any well, constructed
23 or being constructed;

24 (3) To call upon or receive professional or technical advice from
25 the department of health, the technical advisory group created in RCW
26 18.104.190, or any other public agency or person;

27 (4) To adopt rules, in consultation with the department of health
28 and the technical advisory group created in RCW 18.104.190, governing
29 licensing and well construction as may be appropriate to carry out the
30 purposes of this chapter. The rules adopted by the department may
31 include, but are not limited to:

32 (a) Standards for the construction and maintenance of wells and
33 their casings;

34 (b) Methods of capping, sealing, and decommissioning wells to
35 prevent contamination of ground water resources and to protect public
36 health and safety;

1 (c) Methods of artificial recharge of ground water bodies and of
2 construction of wells which insure separation of individual water
3 bearing formations;

4 (d) The manner of conducting and the content of examinations
5 required to be taken by applicants for license hereunder;

6 (e) Requirements for the filing of notices of intent, well reports,
7 and the payment of fees;

8 (f) Reporting requirements of well contractors;

9 (g) Limitations on well construction in areas identified by the
10 department as requiring intensive control of withdrawals in the
11 interests of sound management of the ground water resource;

12 (5) To require the operator in the construction of a well and the
13 property owner in the maintenance of a well to guard against waste and
14 contamination of the ground water resources;

15 (6) To require the operator to place a well identification tag on
16 a new well and on an existing well on which work is performed after the
17 effective date of rules requiring well identification tags and to place
18 or require the owner to place a well identification tag on an existing
19 well;

20 (7) To require the well owner to repair or decommission any well:

21 (a) That is abandoned, unusable, or not intended for future use; or

22 (b) That is an environmental, safety, or public health hazard.

23 Rules adopted by the department shall be adopted in accordance with
24 section 101 of this act.

25 **Sec. 202.** RCW 19.27.097 and 1991 sp.s. c 32 s 28 are each amended
26 to read as follows:

27 (1) Each applicant for a building permit of a building
28 necessitating potable water shall provide evidence of an adequate water
29 supply for the intended use of the building. Evidence may be in the
30 form of a water right permit from the department of ecology, a letter
31 from an approved water purveyor stating the ability to provide water,
32 or another form sufficient to verify the existence of an adequate water
33 supply. In addition to other authorities, the county or city may
34 impose conditions on building permits requiring connection to an
35 existing public water system where the existing system is willing and
36 able to provide safe and reliable potable water to the applicant with
37 reasonable economy and efficiency. An application for a water right
38 shall not be sufficient proof of an adequate water supply.

1 (2) Within counties not required or not choosing to plan pursuant
2 to RCW 36.70A.040, the county and the state may mutually determine
3 those areas in the county in which the requirements of subsection (1)
4 of this section shall not apply. The departments of health and ecology
5 shall coordinate on the implementation of this section. Should the
6 county and the state fail to mutually determine those areas to be
7 designated pursuant to this subsection, the county may petition the
8 department of community, trade, and economic development to mediate or,
9 if necessary, make the determination.

10 (3) Buildings that do not need potable water facilities are exempt
11 from the provisions of this section. The department of ecology, after
12 consultation with local governments, may adopt rules to implement this
13 section, which may recognize differences between high-growth and low-
14 growth counties. Any rules adopted by the department of ecology shall
15 be adopted in accordance with section 101 of this act.

16 **Sec. 203.** RCW 43.21A.080 and 1970 ex.s. c 62 s 8 are each amended
17 to read as follows:

18 The director of the department of ecology is authorized to adopt
19 such rules (~~and regulations~~) as are necessary and appropriate to
20 carry out the provisions of this chapter. Rules shall be adopted in
21 accordance with section 101 of this act.

22 NEW SECTION. **Sec. 204.** A new section is added to chapter 43.21C
23 RCW to read as follows:

24 Rules adopted by the department of ecology under this chapter shall
25 be adopted in accordance with section 101 of this act.

26 Rules adopted by the department of agriculture under this chapter
27 shall be adopted in accordance with section 102 of this act.

28 **Sec. 205.** RCW 43.21C.110 and 1983 c 117 s 7 are each amended to
29 read as follows:

30 It shall be the duty and function of the department of ecology,
31 which may utilize proposed rules developed by the environmental policy
32 commission:

33 (1) To adopt and amend thereafter rules of interpretation and
34 implementation of this chapter (the state environmental policy act of
35 1971), subject to the requirements of section 101 of this act and
36 chapter 34.05 RCW, for the purpose of providing uniform rules and

1 guidelines to all branches of government including state agencies,
2 political subdivisions, public and municipal corporations, and
3 counties. The proposed rules shall be subject to full public hearings
4 requirements associated with rule promulgation. Suggestions for
5 modifications of the proposed rules shall be considered on their
6 merits, and the department shall have the authority and responsibility
7 for full and appropriate independent promulgation and adoption of
8 rules, assuring consistency with this chapter as amended and with the
9 preservation of protections afforded by this chapter. The rule making
10 powers authorized in this section shall include, but shall not be
11 limited to, the following phases of interpretation and implementation
12 of this chapter (the state environmental policy act of 1971):

13 (a) Categories of governmental actions which are not to be
14 considered as potential major actions significantly affecting the
15 quality of the environment, including categories pertaining to
16 applications for water right permits pursuant to chapters 90.03 and
17 90.44 RCW. The types of actions included as categorical exemptions in
18 the rules shall be limited to those types which are not major actions
19 significantly affecting the quality of the environment. The rules
20 shall provide for certain circumstances where actions which potentially
21 are categorically exempt require environmental review.

22 (b) Rules for criteria and procedures applicable to the
23 determination of when an act of a branch of government is a major
24 action significantly affecting the quality of the environment for which
25 a detailed statement is required to be prepared pursuant to RCW
26 43.21C.030.

27 (c) Rules and procedures applicable to the preparation of detailed
28 statements and other environmental documents, including but not limited
29 to rules for timing of environmental review, obtaining comments, data
30 and other information, and providing for and determining areas of
31 public participation which shall include the scope and review of draft
32 environmental impact statements.

33 (d) Scope of coverage and contents of detailed statements assuring
34 that such statements are simple, uniform, and as short as practicable;
35 statements are required to analyze only reasonable alternatives and
36 probable adverse environmental impacts which are significant, and may
37 analyze beneficial impacts.

38 (e) Rules and procedures for public notification of actions taken
39 and documents prepared.

1 (f) Definition of terms relevant to the implementation of this
2 chapter including the establishment of a list of elements of the
3 environment. Analysis of environmental considerations under RCW
4 43.21C.030(2) may be required only for those subjects listed as
5 elements of the environment (or portions thereof). The list of
6 elements of the environment shall consist of the "natural" and "built"
7 environment. The elements of the built environment shall consist of
8 public services and utilities (such as water, sewer, schools, fire and
9 police protection), transportation, environmental health (such as
10 explosive materials and toxic waste), and land and shoreline use
11 (including housing, and a description of the relationships with land
12 use and shoreline plans and designations, including population).

13 (g) Rules for determining the obligations and powers under this
14 chapter of two or more branches of government involved in the same
15 project significantly affecting the quality of the environment.

16 (h) Methods to assure adequate public awareness of the preparation
17 and issuance of detailed statements required by RCW 43.21C.030(2)(c).

18 (i) To prepare rules for projects setting forth the time limits
19 within which the governmental entity responsible for the action shall
20 comply with the provisions of this chapter.

21 (j) Rules for utilization of a detailed statement for more than one
22 action and rules improving environmental analysis of nonproject
23 proposals and encouraging better interagency coordination and
24 integration between this chapter and other environmental laws.

25 (k) Rules relating to actions which shall be exempt from the
26 provisions of this chapter in situations of emergency.

27 (l) Rules relating to the use of environmental documents in
28 planning and decisionmaking and the implementation of the substantive
29 policies and requirements of this chapter, including procedures for
30 appeals under this chapter.

31 (2) In exercising its powers, functions, and duties under this
32 section, the department may:

33 (a) Consult with the state agencies and with representatives of
34 science, industry, agriculture, labor, conservation organizations,
35 state and local governments and other groups, as it deems advisable;
36 and

37 (b) Utilize, to the fullest extent possible, the services,
38 facilities, and information (including statistical information) of
39 public and private agencies, organizations, and individuals, in order

1 to avoid duplication of effort and expense, overlap, or conflict with
2 similar activities authorized by law and performed by established
3 agencies.

4 (3) Rules adopted pursuant to this section shall be subject to the
5 review procedures of RCW ((~~34.05.538~~ and)) 34.05.240.

6 **Sec. 206.** RCW 43.27A.090 and 1988 c 127 s 25 are each amended to
7 read as follows:

8 The department shall be empowered as follows:

9 (1) To represent the state at, and fully participate in, the
10 activities of any basin or regional commission, interagency committee,
11 or any other joint interstate or federal-state agency, committee or
12 commission, or publicly financed entity engaged in the planning,
13 development, administration, management, conservation or preservation
14 of the water resources of the state.

15 (2) To prepare the views and recommendations of the state of
16 Washington on any project, plan or program relating to the planning,
17 development, administration, management, conservation and preservation
18 of any waters located in or affecting the state of Washington,
19 including any federal permit or license proposal, and appear on behalf
20 of, and present views and recommendations of the state at any
21 proceeding, negotiation or hearing conducted by the federal government,
22 interstate agency, state or other agency.

23 (3) To cooperate with, assist, advise and coordinate plans with the
24 federal government and its officers and agencies, and serve as a state

27 and activities related thereto.

28 (4) To cooperate with appropriate agencies of the federal
29 government and/or agencies of other states, to enter into contracts,
30 and to make appropriate contributions to federal or interstate projects
31 and programs and governmental bodies to carry out the provisions of
32 this chapter.

33 (5) To apply for, accept, administer and expend grants, gifts and
34 loans from the federal government or any other entity to carry out the
35 purposes of this chapter and make contracts and do such other acts as
36 are necessary insofar as they are not inconsistent with other
37 provisions hereof.

1 (6) To develop and maintain a coordinated and comprehensive state
2 water and water resources related development plan, and adopt, with
3 regard to such plan, such policies as are necessary to insure that the
4 waters of the state are used, conserved and preserved for the best
5 interest of the state. There shall be included in the state plan a
6 description of developmental objectives and a statement of the
7 recommended means of accomplishing these objectives. To the extent the
8 director deems desirable, the plan shall integrate into the state plan,
9 the plans, programs, reports, research and studies of other state
10 agencies.

11 (7) To assemble and correlate information relating to water supply,
12 power development, irrigation, watersheds, water use, future

16 regulations, plans, programs and policies affecting the beneficial use,
17 disposal, pollution, control or conservation of water, river basin
18 development, flood prevention, parks, reservations, forests, wildlife
19 refuges, drainage and sanitary systems, waste disposal, water works,
20 watershed protection and development, soil conservation, power
21 facilities and area and municipal water supply needs, and recommend
22 suitable legislation or other action to the legislature, the congress
23 of the United States, or any city, municipality, or to responsible
24 state, local or federal executive departments or agencies.

25 (9) To cooperate with federal, state, regional, interstate and
26 local public and private agencies in the making of plans for drainage,

28 existing water supplies and the development of new water resource
29 projects.

30 (10) To encourage, assist and advise regional, and city and
31 municipal agencies, officials or bodies responsible for planning in
32 relation to water aspects of their programs, and coordinate local water
33 resources activities, programs, and plans.

35 this act, such rules ~~((and regulations))~~ as are necessary to carry out
36 the purposes of this chapter.

37 (12) To hold public hearings, and make such investigations, studies
38 and surveys as are necessary to carry out the purposes of the chapter.

1 (13) To subpoena witnesses, compel their attendance, administer
2 oaths, take the testimony of any person under oath and require the
3 production of any books or papers when the department deems such
4 measures necessary in the exercise of its rule-making power or in
5 determining whether or not any license, certificate, or permit shall be
6 granted or extended.

7 **Sec. 207.** RCW 43.37.030 and 1973 c 64 s 2 are each amended to read
8 as follows:

9 In the performance of its functions the department may, in addition
10 to any other acts authorized by law:

11 (1) Establish advisory committees to advise with and make
12 recommendations to the department concerning legislation, policies,
13 administration, research, and other matters;

14 (2) Establish by (~~regulation~~) rule or order such standards and
15 instructions to govern the carrying out of research or projects in
16 weather modification and control as the department may deem necessary
17 or desirable to minimize danger to health or property; and make such
18 rules (~~and regulations~~) as are necessary in the performance of its
19 powers and duties;

20 (3) Make such studies, investigations, obtain such information, and
21 hold such hearings as the department may deem necessary or proper to
22 assist it in exercising its authority or in the administration or
23 enforcement of this chapter or any (~~regulations~~) rules or orders
24 issued thereunder;

25 (4) Appoint and fix the compensation of such personnel, including
26 specialists and consultants, as are necessary to perform its duties and
27 functions;

28 (5) Acquire, in the manner provided by law, such materials,
29 equipment, and facilities as are necessary to perform its duties and
30 functions;

32 the department's functions or duties and in furtherance of the purposes
33 of this chapter;

34 (7) Represent the state in any and all matters pertaining to plans,
35 procedures, or negotiations for interstate compacts relating to weather
36 modification and control.

37 Rules adopted by the department under this chapter shall be adopted
38 in accordance with section 101 of this act.

1 **Sec. 208.** RCW 43.83B.420 and 1989 c 171 s 5 are each amended to
2 read as follows:

3 The department shall adopt, in accordance with section 101 of this
4 act, such rules as are necessary to ensure the successful
5 implementation of this chapter.

6 **Sec. 209.** RCW 43.200.070 and 1989 c 322 s 5 are each amended to
7 read as follows:

8 The department of ecology shall adopt such rules as are necessary
9 to carry out responsibilities under this chapter. The department of
10 ecology is authorized to adopt such rules as are necessary to carry out
11 its responsibilities under chapter 43.145 RCW. Such rules shall be
12 adopted in accordance with section 101 of this act.

13 **Sec. 210.** RCW 43.200.080 and 1991 sp.s. c 13 s 60 are each amended
14 to read as follows:

15 The director of ecology shall, in addition to the powers and duties
16 otherwise imposed by law, have the following special powers and duties:

17 (1) To fulfill the responsibilities of the state under the lease
18 between the state of Washington and the federal government executed
19 September 10, 1964, covering one thousand acres of land lying within
20 the Hanford reservation near Richland, Washington. The department of
21 ecology may sublease to private or public entities all or a portion of
22 the land for specific purposes or activities which are determined,
23 after public hearing, to be in agreement with the terms of the lease
24 and in the best interests of the citizens of the state consistent with
25 any criteria that may be developed as a requirement by the legislature;

26 (2) To assume the responsibilities of the state under the perpetual
27 care agreement between the state of Washington and the federal
28 government executed July 29, 1965 and the sublease between the state of
29 Washington and the site operator of the Hanford low-level radioactive
30 waste disposal facility. In order to finance perpetual surveillance
31 and maintenance under the agreement and ensure site closure under the
32 sublease, the department of ecology shall impose and collect fees from
33 parties holding radioactive materials for waste management purposes.
34 The fees shall be established by rule (~~adopted under chapter 34.05~~
35 ~~RCW~~) and shall be an amount determined by the department of ecology to
36 be necessary to defray the estimated liability of the state. Such fees
37 shall reflect equity between the disposal facilities of this and other

1 states. A site closure account and a perpetual surveillance and
2 maintenance account is hereby created in the state treasury. The site
3 closure account shall be exclusively available to reimburse, to the
4 extent that moneys are available in the account, the site operator for
5 its costs plus a reasonable profit as agreed by the operator and the
6 state, or to reimburse the state licensing agency and any agencies
7 under contract to the state licensing agency for their costs in final
8 closure and decommissioning of the Hanford low-level radioactive waste
9 disposal facility. If a balance remains in the account after
10 satisfactory performance of closure and decommissioning, this balance
11 shall be transferred to the perpetual surveillance and maintenance
12 account. The perpetual surveillance and maintenance account shall be
13 used exclusively by the state to meet post-closure surveillance and
14 maintenance costs, or for otherwise satisfying surveillance and
15 maintenance obligations. Appropriations are required to permit
16 expenditures and payment of obligations from the site closure account
17 and the perpetual surveillance and maintenance account. All moneys,
18 including earnings from the investment of balances in the site closure
19 and the perpetual surveillance and maintenance account, less the
20 allocation to the state treasurer's service (~~(account-[fund])~~) fund,
21 pursuant to RCW 43.08.190 accruing under the authority of this section
22 shall be directed to the site closure account until December 31, 1992.
23 Thereafter receipts including earnings from the investment of balances
24 in the site closure and the perpetual surveillance and maintenance
25 account, less the allocation to the state treasurer's service account
26 [fund], pursuant to RCW 43.08.190 shall be directed to the site closure
27 account and the perpetual surveillance and maintenance account as
28 specified by the department. Additional moneys specifically
29 appropriated by the legislature or received from any public or private
30 source may be placed in the site closure account and the perpetual
31 surveillance and maintenance account;

32 (3) To assure maintenance of such insurance coverage by state
33 licensees, lessees, or sublessees as will adequately, in the opinion of
34 the director, protect the citizens of the state against nuclear
35 accidents or incidents that may occur on privately or state-controlled
36 nuclear facilities;

37 (4) To institute a user permit system and issue site use permits,
38 consistent with regulatory practices, for generators, packagers, or
39 brokers using the Hanford low-level radioactive waste disposal

1 facility. The costs of administering the user permit system shall be
2 borne by the applicants for site use permits. The site use permit fee
3 shall be set at a level that is sufficient to fund completely the
4 executive and legislative participation in activities related to the
5 Northwest Interstate Compact on Low-Level Radioactive Waste Management;

6 (5) To make application for or otherwise pursue any federal funds
7 to which the state may be eligible, through the federal resource
8 conservation and recovery act or any other federal programs, for the
9 management, treatment or disposal, and any remedial actions, of wastes
10 that are both radioactive and hazardous at all Hanford low-level
11 radioactive waste disposal facilities; and

12 (6) To develop contingency plans for duties and options for the
13 department and other state agencies related to the Hanford low-level
14 radioactive waste disposal facility based on various projections of
15 annual levels of waste disposal. These plans shall include an analysis
16 of expected revenue to the state in various taxes and funds related to
17 low-level radioactive waste disposal and the resulting implications
18 that any increase or decrease in revenue may have on state agency
19 duties or responsibilities. The plans shall be updated annually. The
20 department shall report annually on the plans and on the balances in
21 the site closure and perpetual surveillance accounts to the energy and
22 utilities committees of the senate and the house of representatives.

23 **Sec. 211.** RCW 70.93.040 and 1971 ex.s. c 307 s 4 are each amended
24 to read as follows:

25 In addition to his other powers and duties, the director shall have
26 the power to propose and to adopt pursuant to section 101 of this act
27 and chapter 34.05 RCW rules (~~((and regulations))~~) necessary to carry out
28 the provisions, purposes, and intent of this chapter.

29 **Sec. 212.** RCW 70.93.090 and 1979 c 94 s 5 are each amended to read
30 as follows:

31 The department shall design and the director shall adopt by rule
32 (~~((or regulation))~~) one or more types of litter receptacles which are
33 reasonably uniform as to size, shape, capacity and color, for wide and
34 extensive distribution throughout the public places of this state.
35 Each such litter receptacle shall bear an anti-litter symbol as
36 designed and adopted by the department. In addition, all litter

1 receptacles shall be designed to attract attention and to encourage the
2 depositing of litter.

3 Litter receptacles of the uniform design shall be placed along the
4 public highways of this state and at all parks, campgrounds, trailer
5 parks, drive-in restaurants, gasoline service stations, tavern parking
6 lots, shopping centers, grocery store parking lots, parking lots of
7 major industrial firms, marinas, boat launching areas, boat moorage and
8 fueling stations, public and private piers, beaches and bathing areas,
9 and such other public places within this state as specified by rule
10 (~~or regulation~~) of the director (~~adopted pursuant to chapter 34.05~~
11 ~~RCW~~). The number of such receptacles required to be placed as
12 specified herein shall be determined by a formula related to the need
13 for such receptacles.

14 It shall be the responsibility of any person owning or operating
15 any establishment or public place in which litter receptacles of the
16 uniform design are required by this section to procure and place such
17 receptacles at their own expense on the premises in accord with rules
18 (~~and regulations~~) adopted by the department.

19 The department shall establish a system of grants to aid cities,
20 towns, and counties with populations under twenty-five thousand in
21 procuring and placing such litter receptacles. Such grants shall be on
22 a matching basis under which the local government involved electing to
23 participate in this program shall be required to pay at least fifty
24 percent of the total costs of procurement of receptacles sufficient in
25 number to meet departmental guidelines established by rule pursuant to
26 this section. The amount of the grant shall be determined on a case-
27 by-case basis by the director after consideration of need, available
28 departmental and local government funds, degree of prior compliance by
29 the local government involved in placement of receptacles, and other
30 relevant criteria. The responsibility for maintaining and emptying
31 such receptacles shall remain with the unit of local government.

32 Any person, other than a political subdivision, government agency,
33 or municipality, who fails to place such litter receptacles on the
34 premises in the numbers required by rule (~~or regulation~~) of the
35 department, violating the provisions of this section or rules (~~or~~
36 ~~regulations~~) adopted thereunder shall be subject to a fine of ten
37 dollars for each day of violation.

1 **Sec. 213.** RCW 70.94.410 and 1991 c 199 s 715 are each amended to
2 read as follows:

3 (1) If, after thirty days from the time that the department issues
4 a report or order to an authority under RCW 70.94.400 and 70.94.405,
5 such authority has not taken action which indicates that it is
6 attempting in good faith to implement the recommendations or actions of
7 the department as set forth in the report or order, the department may,
8 by order, declare as null and void any or all ordinances, resolutions,
9 rules or regulations of such authority relating to the control and/or
10 prevention of air pollution, and at such time the department shall
11 become the sole body with authority to make and enforce rules (~~and~~
12 ~~regulations~~) for the control and/or prevention of air pollution within
13 the geographical area of such authority. If this occurs, the
14 department may assume all those powers which are given to it by law to
15 effectuate the purposes of this chapter. The department may, by order,
16 continue in effect and enforce provisions of the ordinances,
17 resolutions, or rules of such authority which are not less stringent
18 than those requirements which the department may have found applicable
19 to the area under RCW 70.94.331, until such time as the department
20 adopts its own rules. Any rules promulgated by the department shall be
21 subject to the provisions of chapter 34.05 RCW and section 101 of this
22 act. Any enforcement actions shall be subject to RCW 43.21B.300 or
23 43.21B.310.

24 (2) No provision of this chapter is intended to prohibit any
25 authority from reestablishing its air pollution control program which
26 meets with the approval of the department and which complies with the
27 purposes of this chapter and with applicable rules and orders of the
28 department.

29 (3) Nothing in this chapter shall prevent the department from
30 withdrawing the exercise of its jurisdiction over an authority upon its
31 own motion if the department has found at a hearing held in accordance
32 with chapters 42.30 and 34.05 RCW, that the air pollution prevention
33 and control program of such authority will be carried out in good
34 faith, that such program will do all that is possible and reasonable to
35 control and/or prevent air pollution within the geographical area over
36 which it has jurisdiction, and that the program complies with the
37 provisions of this chapter. Upon the withdrawal of the department, the
38 department shall prescribe certain recommendations as to how air
39 pollution prevention and/or control is to be effectively accomplished

1 and guidelines which will assist the authority in carrying out the
2 recommendations of the department.

3 **Sec. 214.** RCW 70.94.457 and 1991 c 199 s 501 are each amended to
4 read as follows:

5 The department of ecology shall establish by rule (~~under~~) adopted
6 in accordance with section 101 of this act and chapter 34.05 RCW:

7 (1) State-wide emission performance standards for new solid fuel
8 burning devices. Notwithstanding any other provision of this chapter
9 which allows an authority to adopt more stringent emission standards,
10 no authority shall adopt any emission standard for new solid fuel
11 burning devices other than the state-wide standard adopted by the
12 department under this section.

13 (a) After January 1, 1995, no solid fuel burning device shall be
14 offered for sale that does not meet the following particulate air
15 contaminant emission standards under the test methodology of the United
16 States environmental protection agency in effect on January 1, 1991, or
17 an equivalent standard under any test methodology adopted by the United
18 States environmental protection agency subsequent to such date: (i)
19 Two and one-half grams per hour for catalytic wood stoves; and (ii)
20 four and one-half grams per hour for all other solid fuel burning
21 devices. For purposes of this subsection, "equivalent" shall mean the
22 emissions limits specified in this subsection multiplied by a
23 statistically reliable conversion factor determined by the department
24 that compares the difference between the emission test methodology
25 established by the United States environmental protection agency prior
26 to May 15, 1991, with the test methodology adopted subsequently by the
27 agency. Subsection (a) of this subsection does not apply to
28 fireplaces.

29 (b) After January 1, 1997, no fireplace, except masonry fireplaces,
30 shall be offered for sale unless such fireplace meets the 1990 United
31 States environmental protection agency standards for wood stoves or
32 equivalent standard that may be established by the state building code
33 council by rule. Prior to January 1, 1997, the state building code
34 council shall establish by rule a methodology for the testing of
35 factory-built fireplaces. The methodology shall be designed to achieve
36 a particulate air emission standard equivalent to the 1990 United
37 States environmental protection agency standard for wood stoves. In
38 developing the rules, the council shall include on the technical

1 advisory committee at least one representative from the masonry
2 fireplace builders and at least one representative of the factory-built
3 fireplace manufacturers.

4 (c) Prior to January 1, 1997, the state building code council shall
5 establish by rule design standards for the construction of new masonry
6 fireplaces in Washington state. In developing the rules, the council
7 shall include on the technical advisory committee at least one
8 representative from the masonry fireplace builders and at least one
9 representative of the factory-built fireplace manufacturers. It shall
10 be the goal of the council to develop design standards that generally
11 achieve reductions in particulate air contaminant emissions
12 commensurate with the reductions being achieved by factory-built
13 fireplaces at the time the standard is established.

14 (d) Actions of the department and local air pollution control
15 authorities under this section shall preempt actions of other state
16 agencies and local governments for the purposes of controlling air
17 pollution from solid fuel burning devices, except where authorized by
18 (~~this act~~) chapter 199, Laws of 1991.

19 (e) Subsection (1)(a) of this section shall not apply to
20 fireplaces.

21 (f) Notwithstanding (a) of this subsection, the department is
22 authorized to adopt, by rule, emission standards adopted by the United
23 States environmental protection agency for new wood stoves sold at
24 retail. For solid fuel burning devices for which the United States
25 environmental protection agency has not established emission standards,
26 the department may exempt or establish, by rule, state-wide standards
27 including emission levels and test procedures for such devices and such
28 emission levels and test procedures shall be equivalent to emission
29 levels per pound per hour burned for other new wood stoves and
30 fireplaces regulated under this subsection.

31 (2) A program to:

32 (a) Determine whether a new solid fuel burning device complies with
33 the state-wide emission performance standards established in subsection
34 (1) of this section; and

35 (b) Approve the sale of devices that comply with the state-wide
36 emission performance standards.

37 **Sec. 215.** RCW 70.94.470 and 1991 c 199 s 502 are each amended to
38 read as follows:

1 (1) The department shall establish, by rule (~~under~~) adopted in
2 accordance with section 101 of this act and chapter 34.05 RCW, (a) a
3 state-wide opacity level of twenty percent for residential solid fuel
4 burning devices for the purpose of enforcement on a complaint basis and
5 (b) a state-wide opacity of ten percent for purposes of public
6 education.

7 (2) Notwithstanding any other provision of this chapter which may
8 allow an authority to adopt a more stringent opacity level, no
9 authority shall adopt or enforce an opacity level for solid fuel
10 burning devices other than established in this section.

11 (3) Actions of the department and local air pollution control
12 authorities under this section shall preempt actions of other state
13 agencies and local governments for the purposes of controlling air
14 pollution from solid fuel burning devices, except where authorized by
15 (~~this act~~) chapter 199, Laws of 1991.

16 **Sec. 216.** RCW 70.94.477 and 1990 c 128 s 3 are each amended to
17 read as follows:

18 (1) Unless allowed by rule, (~~under~~) in accordance with section
19 101 of this act and chapter 34.05 RCW, a person shall not cause or
20 allow any of the following materials to be burned in any residential
21 solid fuel burning device:

- 22 (a) Garbage;
- 23 (b) Treated wood;
- 24 (c) Plastics;
- 25 (d) Rubber products;
- 26 (e) Animals;
- 27 (f) Asphaltic products;
- 28 (g) Waste petroleum products;
- 29 (h) Paints; or
- 30 (i) Any substance, other than properly seasoned fuel wood, which
31 normally emits dense smoke or obnoxious odors.

32 (2) On or after July 1, 1995, a local authority may geographically
33 limit the use of solid fuel burning devices, except fireplaces as
34 defined in RCW 70.94.453(3), wood stoves meeting the standards set
35 forth in RCW 70.94.457 or pellet stoves issued an exemption certificate
36 by the United States environmental protection agency in accordance with
37 Title 40, Part 60 of the code of federal regulations. An authority
38 shall allow an exemption from this subsection for low-income persons

1 who reside in a geographical area affected by this subsection. In the
2 exercise of this limitation, a local authority shall consider the
3 following factors:

4 (a) The contribution of solid fuel burning devices that do not meet
5 the standards set forth in RCW 70.94.457 to nonattainment of national
6 ambient air quality standards;

7 (b) The population density of geographical areas within the local
8 authority's jurisdiction giving greater consideration to urbanized
9 areas; and

10 (c) The public health effects of use of solid fuel burning devices
11 which do not meet the standards set forth in RCW 70.94.457.

12 **Sec. 217.** RCW 70.94.715 and 1990 c 128 s 4 are each amended to
13 read as follows:

14 The department of ecology is hereby authorized to develop an
15 episode avoidance plan providing for the phased reduction of emissions
16 wherever and whenever an air pollution episode is forecast. Such an
17 episode avoidance plan shall conform with any applicable federal
18 standards and shall be effective state-wide. The episode avoidance
19 plan may be implemented on an area basis in accordance with the
20 occurrence of air pollution episodes in any given area.

21 The department of ecology may delegate authority to adopt source
22 emission reduction plans and authority to implement all stages of
23 occurrence up to and including the warning stage, and all intermediate
24 stages up to the warning stage, in any area of the state, to the air
25 pollution control authority with jurisdiction therein.

26 The episode avoidance plan, which shall be established by
27 (~~regulation~~) rule in accordance with section 101 of this act and
28 chapter 34.05 RCW, shall include, but not be limited to the following:

29 (1) The designation of episode criteria and stages, the occurrence
30 of which will require the carrying out of preplanned episode avoidance
31 procedures. The stages of occurrence shall be (a) forecast, (b) alert,
32 (c) warning, (d) emergency, and such intermediate stages as the
33 department shall designate. "Forecast" means the presence of
34 meteorological conditions that are conducive to accumulation of air
35 contaminants and is the first stage of an episode. The department
36 shall not call a forecast episode prior to the department or an
37 authority calling a first stage impaired air quality condition as
38 provided by RCW 70.94.473(1)(b) or calling a single-stage impaired air

1 quality condition as provided by RCW 70.94.473(2). "Alert" means
2 concentration of air contaminants at levels at which short-term health
3 effects may occur, and is the second stage of an episode. "Warning"
4 means concentrations are continuing to degrade, contaminant
5 concentrations have reached a level which, if maintained, can result in
6 damage to health, and additional control actions are needed and is the
7 third level of an episode. "Emergency" means the air quality is posing
8 an imminent and substantial endangerment to public health and is the
9 fourth level of an episode;

10 (2) The requirement that persons responsible for the operation of
11 air contaminant sources prepare and obtain approval from the director
12 of source emission reduction plans, consistent with good operating
13 practice and safe operating procedures, for reducing emissions during
14 designated episode stages;

15 (3) Provision for the director of the department of ecology or his
16 authorized representative, or the air pollution control officer if
17 implementation has been delegated, on the satisfaction of applicable
18 criteria, to declare and terminate the forecast, alert, warning and all
19 intermediate stages, up to the warning episode stage, such declarations
20 constituting orders for action in accordance with applicable source
21 emission reduction plans;

22 (4) Provision for the governor to declare and terminate the
23 emergency stage and all intermediate stages above the warning episode
24 stage, such declarations constituting orders in accordance with
25 applicable source emission reduction plans;

26 (5) Provisions for enforcement by state and local police, personnel
27 of the departments of ecology and social and health services, and
28 personnel of local air pollution control agencies; and

29 (6) Provisions for reduction or discontinuance of emissions
30 immediately, consistent with good operating practice and safe operating
31 procedures, under an air pollution emergency as provided in RCW
32 70.94.720.

33 Source emission reduction plans shall be considered orders of the
34 department and shall be subject to appeal to the pollution control
35 hearings board according to the procedure in chapter 43.21B RCW.

36 NEW SECTION. **Sec. 218.** A new section is added to chapter 70.94

12 appropriate state and regional agencies. The plan shall relate to
13 solid waste management for twenty years in the future and shall be
14 reviewed biennially, revised as necessary, and extended so that
15 perpetually the plan shall look to the future for twenty years as a

21 (a) Investigate, provide for investigating, or require potentially
22 liable persons to investigate any releases or threatened releases of
23 hazardous substances, including but not limited to inspecting,
24 sampling, or testing to determine the nature or extent of any release
25 or threatened release. If there is a reasonable basis to believe that
26 a release or threatened release of a hazardous substance may exist, the
27 department's authorized employees, agents, or contractors may enter
28 upon any property and conduct investigations. The department shall
29 give reasonable notice before entering property unless an emergency
30 prevents such notice. The department may by subpoena require the
31 attendance or testimony of witnesses and the production of documents or
32 other information that the department deems necessary;

33 (b) Conduct, provide for conducting, or require potentially liable
34 persons to conduct remedial actions (including investigations under (a)
35 of this subsection) to remedy releases or threatened releases of

1 hazardous substances. In carrying out such powers, the department's
2 authorized employees, agents, or contractors may enter upon property.
3 The department shall give reasonable notice before entering property
4 unless an emergency prevents such notice. In conducting, providing for,
5 or requiring remedial action, the department shall give preference to
6 permanent solutions to the maximum extent practicable and shall provide
7 for or require adequate monitoring to ensure the effectiveness of the
8 remedial action;

9 (c) Indemnify contractors retained by the department for carrying
10 out investigations and remedial actions, but not for any contractor's

17 substances for purposes of RCW 82.21.020(1);

18 (f) Issue orders or enter into consent decrees or agreed orders
19 that include deed restrictions where necessary to protect human health
20 and the environment from a release or threatened release of a hazardous
21 substance from a facility. Prior to establishing a deed restriction
22 under this subsection, the department shall notify and seek comment
23 from a city or county department with land use planning authority for
24 real property subject to a deed restriction;

25 (g) Enforce the application of permanent and effective
26 institutional controls that are necessary for a remedial action to be
27 protective of human health and the environment; and

28 (h) Take any other actions necessary to carry out the provisions of

9 (d) Publish and periodically update minimum cleanup standards for
10 remedial actions at least as stringent as the cleanup standards under
11 section 121 of the federal cleanup law, 42 U.S.C. Sec. 9621, and at
12 least as stringent as all applicable state and federal laws, including
13 health-based standards under state and federal law; and

14 (e) Apply industrial clean-up standards at industrial properties.
15 Rules adopted under this subsection shall ensure that industrial
16 properties cleaned up to industrial standards cannot be converted to
17 nonindustrial uses without approval from the department. The
18 department may require that a property cleaned up to industrial
19 standards is cleaned up to a more stringent applicable standard as a
20 condition of conversion to a nonindustrial use. Industrial clean-up
21 standards may not be applied to industrial properties where hazardous
22 substances remaining at the property after remedial action pose a
23 threat to human health or the environment in adjacent nonindustrial
24 areas.

25 (3) Before November 1st of each even-numbered year, the department
26 shall develop, with public notice and hearing, and submit to the ways

32 department's activities supported by appropriations from the state
33 toxics control account, including a list of known hazardous waste sites
34 and their hazard rankings, actions taken and planned at each site, how
35 the department is meeting its top two management priorities under RCW
36 70.105.150, and all funds expended under this chapter.

37 (4) The department shall establish a scientific advisory board to
38 render advice to the department with respect to the hazard ranking
39 system, cleanup standards, remedial actions, deadlines for remedial

1 actions, monitoring, the classification of substances as hazardous
2 substances for purposes of RCW 70.105D.020(6) and the classification of
3 substances or products as hazardous substances for purposes of RCW
4 82.21.020(1). The board shall consist of five independent members to
5 serve staggered three-year terms. No members may be employees of the
6 department. Members shall be reimbursed for travel expenses as
7 provided in RCW 43.03.050 and 43.03.060.

15 common law or statutory law, criminal or civil.

16 (2) Nothing in this chapter shall deny, abridge or alter any
17 powers, duties and functions relating to noise abatement and control
18 now or hereafter vested in any state agency, nor shall this chapter be
19 construed as granting jurisdiction over the industrial safety and
20 health of employees in work places of the state, as now or hereafter
21 vested in the department of labor and industries.

22 (3) Standards and other control measures adopted by the department
23 under this chapter shall be exclusive except as hereinafter provided.
24 A local government may impose limits or control sources differing from
25 those adopted or controlled by the department upon a finding that such
26 requirements are necessitated by special conditions. Noise limiting
27 requirements of local government which differ from those adopted or
28 controlled by the department shall be invalid unless first approved by
29 the department. If the department of ecology fails to approve or
30 disapprove standards submitted by local governmental jurisdictions
31 within ninety days of submittal, such standards shall be deemed
32 approved. If disapproved, the local government may appeal the decision
33 to the pollution control hearings board which shall decide the appeal
34 on the basis of the provisions of this chapter, and the applicable
35 regulations, together with such briefs, testimony, and oral argument as
36 the hearings board in its discretion may require. The department
37 determination of whether to grant approval shall depend on the
38 reasonableness and practicability of compliance. Particular attention

1 shall be given to stationary sources located near jurisdictional
2 boundaries, and temporary noise producing operations which may operate
3 across one or more jurisdictional boundaries.

4 (4) In carrying out the rule-making authority provided in this
5 chapter, the department shall follow the procedures of section 101 of

24 in this section that:

25 (a) Establish minimum standards for forest practices;

26 (b) Provide procedures for the voluntary development of resource
27 management plans which may be adopted as an alternative to the minimum
28 standards in (a) of this subsection if the plan is consistent with the

21 in which the stream, lake, or other public water is located. If it is
22 located in more than one county the department shall determine the
23 location or locations therein and the number of hearings to be

33 in abeyance. The department shall review the claim closure action and
34 enter a determinative order as provided for in RCW 51.52.050.

35 (d) If within two years of claim closure the department determines
36 that the self-insurer has made payment of benefits because of clerical
37 error, mistake of identity, or innocent misrepresentation or the
38 department discovers a violation of the conditions of claim closure,
39 the department may require the self-insurer to correct the benefits

1 paid or payable. This paragraph does not limit in any way the
2 application of RCW 51.32.240.

3 (8) If a claim (a) is accepted by a self-insurer after June 30,
4 1990, (b) involves only medical treatment, (c) does not involve payment
5 of temporary disability compensation under RCW 51.32.090, and (d) at
6 the time medical treatment is concluded does not involve permanent
7 disability, the claim may be closed by the self-insurer, subject to
8 reporting of claims to the department in a manner prescribed by
9 department rules adopted (~~under~~) in accordance with section 103 of
10 this act and chapter 34.05 RCW. Upon closure of a claim, the self-
11 insurer shall enter a written order, communicated to the worker, which
12 contains the following statement clearly set forth in bold-face type:
13 "This order constitutes notification that your claim is being closed
14 with medical benefits only, as provided. If for any reason you
15 disagree with this closure, you may protest in writing to the
16 Department of Labor and Industries, Olympia, within 60 days of the date
17 you received this order. The department will then review your claim
18 and enter a further determinative order." If the department receives
19 such a protest, it shall review the claim and enter a further

23 (1) One of the primary purposes of this title is to enable the
24 injured worker to become employable at gainful employment. To this
25 end, the department or self-insurers shall utilize the services of
26 individuals and organizations, public or private, whose experience,
27 training, and interests in vocational rehabilitation and retraining
28 qualify them to lend expert assistance to the supervisor of industrial
29 insurance in such programs of vocational rehabilitation as may be
30 reasonable to make the worker employable consistent with his or her
31 physical and mental status. Where, after evaluation and recommendation
32 by such individuals or organizations and prior to final evaluation of
33 the worker's permanent disability and in the sole opinion of the
34 supervisor or supervisor's designee, whether or not medical treatment
35 has been concluded, vocational rehabilitation is both necessary and
36 likely to enable the injured worker to become employable at gainful
37 employment, the supervisor or supervisor's designee may, in his or her
38 sole discretion, pay or, if the employer is a self-insurer, direct the

1 self-insurer to pay the cost as provided in subsection (3) of this
2 section.

3 (2) When in the sole discretion of the supervisor or the
4 supervisor's designee vocational rehabilitation is both necessary and
5 likely to make the worker employable at gainful employment, then the
6 following order of priorities shall be used:

7 (a) Return to the previous job with the same employer;

8 (b) Modification of the previous job with the same employer
9 including transitional return to work;

10 (c) A new job with the same employer in keeping with any
11 limitations or restrictions;

12 (d) Modification of a new job with the same employer including
13 transitional return to work;

14 (e) Modification of the previous job with a new employer;

15 (f) A new job with a new employer or self-employment based upon
16 transferable skills;

17 (g) Modification of a new job with a new employer;

18 (h) A new job with a new employer or self-employment involving on-
19 the-job training;

20 (i) Short-term retraining and job placement.

21 (3) Costs for vocational rehabilitation benefits allowed by the
22 supervisor or supervisor's designee under subsection (1) of this
23 section may include the cost of books, tuition, fees, supplies,
24 equipment, transportation, child or dependent care, and other necessary
25 expenses for any such worker in an amount not to exceed three thousand
26 dollars in any fifty-two week period, and the cost of continuing the
27 temporary total disability compensation under RCW 51.32.090 while the
28 worker is actively and successfully undergoing a formal program of
29 vocational rehabilitation. Such expenses may include training fees for
30 on-the-job training and the cost of furnishing tools and other
31 equipment necessary for self-employment or reemployment: PROVIDED,
32 That such compensation or payment of retraining with job placement
33 expenses may not be authorized for a period of more than fifty-two
34 weeks: PROVIDED FURTHER, That such period may, in the sole discretion
35 of the supervisor after his or her review, be extended for an
36 additional fifty-two weeks or portion thereof by written order of the
37 supervisor.

38 In cases where the worker is required to reside away from his or
39 her customary residence, the reasonable cost of board and lodging shall

1 also be paid. Said costs shall be chargeable to the employer's cost
2 experience or shall be paid by the self-insurer as the case may be.

3 (4) The department shall establish criteria to monitor the quality
4 and effectiveness of rehabilitation services provided by the
5 individuals and organizations used under subsection (1) of this
6 section. The state fund shall make referrals for vocational
7 rehabilitation services based on these performance criteria.

8 (5) The department shall engage in, where feasible and cost-
9 effective, a cooperative program with the state employment security
10 department to provide job placement services under this section.

11 (6) The benefits in this section shall be provided for the injured
12 workers of self-insured employers. Self-insurers shall report both
13 benefits provided and benefits denied under this section in the manner
14 prescribed by the department by rule adopted (~~under~~) in accordance
15 with section 103 of this act and chapter 34.05 RCW. The director may,
16 in his or her sole discretion and upon his or her own initiative or at
17 any time that a dispute arises under this section, promptly make such
18 inquiries as circumstances require and take such other action as he or
19 she considers will properly determine the matter and protect the rights
20 of the parties.

21 (7) The benefits provided for in this section are available to any
22 otherwise eligible worker regardless of the date of industrial injury.
23 However, claims shall not be reopened solely for vocational
24 rehabilitation purposes.

25 **Sec. 432.** RCW 51.32.220 and 1982 c 63 s 19 are each amended to
26 read as follows:

27 (1) For persons under the age of sixty-five receiving compensation
28 for temporary or permanent total disability pursuant to the provisions
29 of chapter 51.32 RCW, such compensation shall be reduced by an amount
30 equal to the benefits payable under the federal old-age, survivors and
31 disability insurance act as now or hereafter amended not to exceed the
32 amount of the reduction established pursuant to 42 USC 424a. However,
33 such reduction shall not apply when the combined compensation provided
34 pursuant to chapter 51.32 RCW and the federal old-age, survivors and
35 disability insurance act is less than the total benefits to which the
36 federal reduction would apply, pursuant to 42 USC 424a. Where any
37 person described in this section refuses to authorize the release of
38 information concerning the amount of benefits payable under said

1 federal act the department's estimate of said amount shall be deemed to
2 be correct unless and until the actual amount is established and no
3 adjustment shall be made for any period of time covered by any such
4 refusal.

5 (2) Any reduction under subsection (1) of this section shall be
6 effective the month following the month in which the department or
7 self-insurer is notified by the federal social security administration
8 that the person is receiving disability benefits under the federal old-
9 age, survivors and disability insurance act: PROVIDED, That in the
10 event of an overpayment of benefits the department or self-insurer may
11 not recover more than the overpayments for the six months immediately
12 preceding the date the department or self-insurer notifies the worker
13 that an overpayment has occurred: PROVIDED FURTHER, That upon
14 determining that there has been an overpayment, the department or self-
15 insurer shall immediately notify the person who received the
16 overpayment that he or she shall be required to make repayment pursuant
17 to this section and RCW 51.32.230.

18 (3) Recovery of any overpayment must be taken from future temporary
19 or permanent total disability benefits or permanent partial disability
20 benefits provided by this title. In the case of temporary or permanent
21 total disability benefits, the recovery shall not exceed twenty-five
22 percent of the monthly amount due from the department or self-insurer
23 or one-sixth of the total overpayment, whichever is the lesser.

24 (4) No reduction may be made unless the worker receives notice of
25 the reduction prior to the month in which the reduction is made.

26 (5) In no event shall the reduction reduce total benefits to less
27 than the greater amount the worker may be entitled to under this title
28 or the federal old-age, survivors and disability insurance act.

29 (6) The director, pursuant to rules adopted in accordance with the
30 procedures provided in section 103 of this act and the administrative
31 procedure act, chapter 34.05 RCW, may exercise his or her discretion to
32 waive, in whole or in part, the amount of any overpayment where the
33 recovery would be against equity and good conscience.

34 (7) The amendment in subsection (1) of this section by chapter 63,
35 Laws of 1982 raising the age limit during which the reduction shall be
36 made from age sixty-two to age sixty-five shall apply with respect to
37 workers whose effective entitlement to total disability compensation
38 begins after January 1, 1983.

1 **Sec. 433.** RCW 51.32.240 and 1991 c 88 s 1 are each amended to read
2 as follows:

3 (1) Whenever any payment of benefits under this title is made
4 because of clerical error, mistake of identity, innocent
5 misrepresentation by or on behalf of the recipient thereof mistakenly
6 acted upon, or any other circumstance of a similar nature, all not
7 induced by fraud, the recipient thereof shall repay it and recoupment
8 may be made from any future payments due to the recipient on any claim
9 with the state fund or self-insurer, as the case may be. The
10 department or self-insurer, as the case may be, must make claim for
11 such repayment or recoupment within one year of the making of any such
12 payment or it will be deemed any claim therefor has been waived. The
13 director, pursuant to rules adopted in accordance with the procedures
14 provided in section 103 of this act and the administrative procedure
15 act, chapter 34.05 RCW, may exercise his or her discretion to waive, in
16 whole or in part, the amount of any such timely claim where the
17 recovery would be against equity and good conscience.

18 (2) Whenever the department issues an order rejecting a claim for
19 benefits paid pursuant to RCW 51.32.190 or 51.32.210, after payment for
20 temporary disability benefits has been paid by a self-insurer pursuant
21 to RCW 51.32.190(3) or by the department pursuant to RCW 51.32.210, the
22 recipient thereof shall repay such benefits and recoupment may be made
23 from any future payments due to the recipient on any claim with the
24 state fund or self-insurer, as the case may be. The director, under
25 rules adopted in accordance with the procedures provided in section 103
26 of this act and the administrative procedure act, chapter 34.05 RCW,
27 may exercise discretion to waive, in whole or in part, the amount of
28 any such payments where the recovery would be against equity and good
29 conscience.

30 (3) Whenever any payment of benefits under this title has been made
31 pursuant to an adjudication by the department or by order of the board
32 or any court and timely appeal therefrom has been made where the final
33 decision is that any such payment was made pursuant to an erroneous
34 adjudication, the recipient thereof shall repay it and recoupment may
35 be made from any future payments due to the recipient on any claim with
36 the state fund or self-insurer, as the case may be. The director,
37 pursuant to rules adopted in accordance with the procedures provided in
38 section 103 of this act and the administrative procedure act, chapter
39 34.05 RCW, may exercise his or her discretion to waive, in whole or in

1 part, the amount of any such payments where the recovery would be
2 against equity and good conscience.

3 (4) Whenever any payment of benefits under this title has been
4 induced by fraud the recipient thereof shall repay any such payment
5 together with a penalty of fifty percent of the total of any such
6 payments and the amount of such total sum may be recouped from any
7 future payments due to the recipient on any claim with the state fund
8 or self-insurer against whom the fraud was committed, as the case may
9 be, and the amount of such penalty shall be placed in the supplemental
10 pension fund. Such repayment or recoupment must be demanded or ordered
11 within one year of the discovery of the fraud.

12 (5) The worker, beneficiary, or other person affected thereby shall
13 have the right to contest an order assessing an overpayment pursuant to
14 this section in the same manner and to the same extent as provided
15 under RCW 51.52.050 and 51.52.060. In the event such an order becomes
16 final under chapter 51.52 RCW and notwithstanding the provisions of
17 subsections (1) through (4) of this section, the director, director's
18 designee, or self-insurer may file with the clerk in any county within
19 the state a warrant in the amount of the sum representing the unpaid
20 overpayment and/or penalty plus interest accruing from the date the
21 order became final. The clerk of the county in which the warrant is
22 filed shall immediately designate a superior court cause number for
23 such warrant and the clerk shall cause to be entered in the judgment
24 docket under the superior court cause number assigned to the warrant,
25 the name of the worker, beneficiary, or other person mentioned in the
26 warrant, the amount of the unpaid overpayment and/or penalty plus
27 interest accrued, and the date the warrant was filed. The amount of
28 the warrant as docketed shall become a lien upon the title to and
29 interest in all real and personal property of the worker, beneficiary,
30 or other person against whom the warrant is issued, the same as a
31 judgment in a civil case docketed in the office of such clerk. The
32 sheriff shall then proceed in the same manner and with like effect as
33 prescribed by law with respect to execution or other process issued
34 against rights or property upon judgment in the superior court. Such
35 warrant so docketed shall be sufficient to support the issuance of
36 writs of garnishment in favor of the department or self-insurer in the
37 manner provided by law in the case of judgment, wholly or partially
38 unsatisfied. The clerk of the court shall be entitled to a filing fee
39 of five dollars, which shall be added to the amount of the warrant. A

1 copy of such warrant shall be mailed to the worker, beneficiary, or
2 other person within three days of filing with the clerk.

3 The director, director's designee, or self-insurer may issue to any
4 person, firm, corporation, municipal corporation, political subdivision
5 of the state, public corporation, or agency of the state, a notice to
6 withhold and deliver property of any kind if there is reason to believe
7 that there is in the possession of such person, firm, corporation,
8 municipal corporation, political subdivision of the state, public
9 corporation, or agency of the state, property that is due, owing, or
10 belonging to any worker, beneficiary, or other person upon whom a
11 warrant has been served for payments due the department or self-
12 insurer. The notice and order to withhold and deliver shall be served
13 by certified mail accompanied by an affidavit of service by mailing or
14 served by the sheriff of the county, or by the sheriff's deputy, or by
15 any authorized representative of the director, director's designee, or
16 self-insurer. Any person, firm, corporation, municipal corporation,
17 political subdivision of the state, public corporation, or agency of
18 the state upon whom service has been made shall answer the notice
19 within twenty days exclusive of the day of service, under oath and in
20 writing, and shall make true answers to the matters inquired or in the
21 notice and order to withhold and deliver. In the event there is in the
22 possession of the party named and served with such notice and order,
23 any property that may be subject to the claim of the department or
24 self-insurer, such property shall be delivered forthwith to the
25 director, the director's authorized representative, or self-insurer
26 upon demand. If the party served and named in the notice and order
27 fails to answer the notice and order within the time prescribed in this
28 section, the court may, after the time to answer such order has
29 expired, render judgment by default against the party named in the
30 notice for the full amount, plus costs, claimed by the director,
31 director's designee, or self-insurer in the notice. In the event that
32 a notice to withhold and deliver is served upon an employer and the
33 property found to be subject thereto is wages, the employer may assert
34 in the answer all exemptions provided for by chapter 6.27 RCW to which
35 the wage earner may be entitled.

36 This subsection shall only apply to orders assessing an overpayment
37 which are issued on or after July 28, 1991: PROVIDED, That this
38 subsection shall apply retroactively to all orders assessing an
39 overpayment resulting from fraud, civil or criminal.

1 (6) Orders assessing an overpayment which are issued on or after
2 July 28, 1991, shall include a conspicuous notice of the collection
3 methods available to the department or self-insurer.

4 **Sec. 434.** RCW 51.36.080 and 1993 c 159 s 2 are each amended to
5 read as follows:

6 (1) All fees and medical charges under this title shall conform to
7 the fee schedule established by the director and shall be paid within
8 sixty days of receipt by the department of a proper billing in the form
9 prescribed by department rule or sixty days after the claim is allowed
10 by final order or judgment, if an otherwise proper billing is received
11 by the department prior to final adjudication of claim allowance. The
12 department shall pay interest at the rate of one percent per month, but
13 at least one dollar per month, whenever the payment period exceeds the
14 applicable sixty-day period on all proper fees and medical charges.

15 Beginning in fiscal year 1987, interest payments under this
16 subsection may be paid only from funds appropriated to the department
17 for administrative purposes. A record of payments made under this
18 subsection shall be submitted twice yearly to the commerce and labor
19 committees of the senate and the house of representatives and to the
20 ways and means committees of the senate and the house of
21 representatives.

22 Nothing in this section may be construed to require the payment of
23 interest on any billing, fee, or charge if the industrial insurance
24 claim on which the billing, fee, or charge is predicated is ultimately
25 rejected or the billing, fee, or charge is otherwise not allowable.

26 In establishing fees for medical and other health care services,
27 the director shall consider the director's duty to purchase health care
28 in a prudent, cost-effective manner without unduly restricting access
29 to necessary care by persons entitled to the care. With respect to
30 workers admitted as hospital inpatients on or after July 1, 1987, the
31 director shall pay for inpatient hospital services on the basis of
32 diagnosis-related groups, contracting for services, or other prudent,
33 cost-effective payment method, which the director shall establish by
34 rules adopted in accordance with section 103 of this act and chapter
35 34.05 RCW.

36 (2) The director may establish procedures for selectively or
37 randomly auditing the accuracy of fees and medical billings submitted
38 to the department under this title.

1 **Sec. 435.** RCW 51.44.150 and 1971 ex.s. c 289 s 59 are each amended
2 to read as follows:

3 The director shall impose and collect assessments each fiscal year
4 upon all self-insurers in the amount of the estimated costs of
5 administering their portion of this title during such fiscal year. The
6 time and manner of imposing and collecting assessments due the
7 department shall be set forth in (~~regulations promulgated~~) rules
8 adopted by the director in accordance with section 103 of this act and
9 chapter 34.05 RCW.

10 **Sec. 436.** RCW 67.42.050 and 1985 c 262 s 5 are each amended to
11 read as follows:

12 (1) The department shall adopt rules (~~under~~) in accordance with
13 section 103 of this act and chapter 34.05 RCW to administer this
14 chapter. Such rules may exempt amusement rides or structures otherwise
15 subject to this chapter if the amusement rides or structures are
16 located on lands owned by [the] United States government or its
17 agencies and are required to comply with federal safety standards at
18 least equal to those under this chapter.

19 (2) The department may order in writing the cessation of the
20 operation of an amusement ride or structure for which no valid permit
21 is in effect or for which the owner or operator does not have an
22 insurance policy as required by RCW 67.42.020.

23 (3) All proceedings relating to permits or orders to cease
24 operation under this chapter shall be conducted pursuant to chapter
25 34.05 RCW.

26 **Sec. 437.** RCW 70.74.390 and 1988 c 198 s 11 are each amended to
27 read as follows:

28 Unless specifically provided otherwise by statute, this chapter and
29 the rules adopted thereunder shall be implemented and enforced,
30 including penalties, violations, citations, appeals, and other
31 administrative procedures, pursuant to the Washington industrial safety
32 and health act, chapter 49.17 RCW. Rules adopted under this chapter
33 shall be adopted in accordance with section 103 of this act.

34 **Sec. 438.** RCW 70.87.034 and 1983 c 123 s 19 are each amended to
35 read as follows:

36 The department also has the following powers:

1 (1) The department may adopt any rules necessary or helpful for the
2 department to implement and enforce this chapter. Rules shall be
3 adopted in accordance with section 103 of this act.

4 (2) The director may issue subpoenas for the production of persons,
5 papers, or information in all proceedings and investigations within the
6 scope of this chapter. If a person refuses to obey a subpoena, the
7 director, through the attorney general, may ask the superior court to
8 order the person to obey the subpoena.

9 (3) The director may take the oral or written testimony of any
10 person. The director has the power to administer oaths.

11 (4) The director may make specific decisions, cease and desist
12 orders, other orders, and rulings, including demands and findings.

13 **Sec. 439.** RCW 88.04.330 and 1989 c 295 s 8 are each amended to
14 read as follows:

15 (1) The department shall adopt by rule, (~~under~~) in accordance
16 with section 103 of this act and chapter 34.05 RCW:

17 (a) Procedures, standards, and fees for the licensing of operators
18 of any vessel used as a charter boat, as defined under RCW 88.04.015,
19 operating on inland navigable waters for rent, lease, or hire;

20 (b) Standards and fees for the inspection of vessels;

21 (c) Minimum safety and health standards for passengers and crew on
22 board charter boats. These rules shall approximate, where appropriate,
23 the rules adopted by the United States coast guard in 46 C.F.R.,
24 subchapter T, small passenger vessels under one hundred gross tons; and

25 (d) Any other rules needed for the efficient administration of the
26 purposes of this chapter.

27 (2) Rules adopted by the department shall use United States coast
28 guard standards and precedents and be consistent with United States
29 coast guard practices whenever possible.
