4 The appropriations in this section are subject to the following
5 conditions and limitations and specified amounts are provided solely
6 for that activity:

7 (1) The transportation improvement account--state appropriation
8 includes \$50,000,000 in proceeds from the sale of bonds authorized in
9 RCW 47.26.500. However, the transportation improvement board may
10 authorize the use of current revenues available in lieu of bond
11 proceeds.

12 (2) The appropriations in this section include \$9,000,000 for the
13 Mill Plain extension project.

14 (3) The public transportation systems account--state appropriation
15 includes \$3,600,000 provided solely for public transportation system
16 related improvements within projects either funded by the
17 transportation improvement account or that substantially meet the
18 criteria for projects funded by the transportation improvement account.

19 **Sec. 203.** 1995 2nd sp.s. c 14 s 205 (uncodified) is amended to read
20 as follows:

21 **FOR THE LEGISLATIVE TRANSPORTATION COMMITTEE**

22	Motor Vehicle Fund--State Appropriation	\$	((2,528,000))

24	<u>High Capacity Transportation Account--</u>		
25	<u>State Appropriation</u>	\$	250,000
26	<u>TOTAL APPROPRIATION</u>	\$	<u>2,828,000</u>

27 The appropriation in this section is subject to the following
28 conditions and limitations and specified amounts are provided solely
29 for that activity:

30 (1) The legislative transportation committee shall convene
31 representatives from the department of transportation, Washington state
32 patrol, department of licensing, and any other agency receiving an
33 appropriation in this act, as necessary, to establish performance
34 measures that are associated with the ((final legislative
35 appropriation)) budget for the 1997-1999 biennium. The performance

1 measures are to be established and will be tracked within the
2 transportation executive information system.

3 (2) The legislative transportation committee shall convene one or
4 more groups to address activities that result in the loss of
5 transportation tax revenue. The groups shall present their findings to
6 the legislative transportation committee and the office of financial
7 management. One of the groups shall study and submit to the
8 legislature by December 31, 1996, draft legislation to move the special
9 fuel tax point of collection from the special fuel dealer level to the
10 bulk transfer/terminal system. The group may also study the
11 feasibility of moving the point of collection for motor vehicle fuel.

12 (3) (~~The legislative transportation committee shall study the~~
13 ~~governance and operations of the ports.~~) The legislative
14 transportation committee shall undertake an assessment of the methods
15 and technology currently available to create a driver's license and
16 identocard that cannot be fraudulently obtained from the department of
17 licensing, thereby providing the public, businesses, and agencies with
18 a more secure driver's license. A consultant may be hired to assist in
19 the assessment. A final report is due by January 15, 1997.

20 (4) By December 31, 1996, the legislative transportation committee,
21 in consultation with the department of licensing, Washington state
22 patrol, and vendors of license plate materials and technologies, shall
23 develop recommendations regarding motor vehicle license plates. Fifty
24 thousand of the motor vehicle fund--state appropriation is provided
25 solely for the motor vehicle license plate assessment.

26 (5) The legislative transportation committee shall conduct an
27 assessment of those public transportation issues identified for further
28 examination by the 1995 subcommittee on transit of the house of
29 representatives transportation committee. These issues include the
30 funding and use of state transit related accounts, the level of transit
31 system reserves, transit governance and direct accountability, methods
32 to improve transit efficiency, improving the productivity of transit
33 expenditures, and an assessment of the appropriate level of state
34 subsidy and improved accountability for state funds. The committee may
35 assess any issue related to public transportation they deem necessary.
36 The committee shall also evaluate the need for addressing specialized
37 transportation needs in areas where public transportation systems have
38 not been established. The committee shall report its findings and
39 recommendations to the 1997 legislature and prepare legislation

1 necessary to implement those recommendations. The two hundred-fifty
2 thousand dollar high capacity transportation account--state
3 appropriation is provided solely for this assessment.

24 The appropriations in this section are subject to the following
25 conditions and limitations and specified amounts are provided solely
26 for that activity:

27 (1) The state patrol shall have a staffing level of not less than
28 ((735)) 741 commissioned officers at the end of the 1995-97 biennium.
29 This compares to a level of 700 commissioned officers that was
30 established in the 1993-95 biennium. To achieve these levels: A class
31 of not less than 30 cadets shall begin in July of 1995 ~~((and))~~i a class
32 of not less than 40 cadets shall begin in January of 1996; and a class
33 of not less than 40 shall begin in September 1996.

1 (2) Management levels, lieutenants and above, are redirected to
2 perform direct traffic law enforcement activities equivalent to five
3 field force FTE staff years. Management personnel engaged in
4 management activity shall not exceed 55 FTE staff years. This level
5 compares to 76 FTE management level staff years in January of 1993.

6 (3) Any user of Washington state patrol aircraft shall reimburse
7 the Washington state patrol for its pro rata share of all operating and
8 maintenance costs including capitalization.

9 ~~((5) By January 1, 1996, the chief of the state patrol shall
10 submit to the legislative transportation committee a plan to
11 incorporate safety education officer functions into field force
12 activities. In development of the plan, the chief may consult with
13 various constituent groups including the Washington traffic safety
14 commission, schools, businesses, and local traffic entities. Up to
15 \$200,000 of the motor vehicle fund--state patrol highway account--state
16 appropriation provided for in this section may be used for these
17 purposes.~~

18 ~~(6))~~ (4) The \$747,000 motor vehicle fund--state appropriation in
19 this section is provided for the following traditional general fund
20 purposes: The Governor's air travel, the license fraud program, and

33 The appropriations in this section are provided for the location,
34 design, right of way acquisition, and construction of state highway
35 projects designated as improvements under RCW 47.05.030. The
36 appropriations in this section are subject to the following conditions

1 and limitations and specified amounts are provided solely for that
2 activity:

3 (1) Up to \$32,204,000 of the motor vehicle fund--federal
4 appropriation in this section is provided for construction of
5 demonstration projects specified in the federal intermodal surface
6 transportation efficiency act (P.L. 101-240; 105 Stat. 1914). The
7 motor vehicle fund--state appropriation includes \$7,525,000 in proceeds
8 from the sale of bonds authorized in RCW 47.10.819(1) for the federal
9 match requirements. However, the transportation commission may
10 authorize the use of current revenues available to the department of
11 transportation in lieu of bond proceeds for any part of the state
12 appropriation. No bond proceeds shall be used to pay for a federal
13 demonstration study project.

14 (2) The special category C account--state appropriation of
15 \$177,600,000 includes \$160,000,000 in proceeds from the sale of bonds
16 authorized by RCW 47.10.812 through 47.10.817. The appropriation
17 includes \$75,746,000 for the 1st avenue south bridge in Seattle,
18 \$15,254,000 for North-South Corridor/Division street improvements in
19 Spokane, and \$86,600,000 for selected sections of state route 18.
20 However, the transportation commission may revise the allocation of the
21 appropriation for these projects with the concurrence of the
22 legislative transportation committee. The transportation commission
23 may authorize the use of current revenues available to the department
24 of transportation in lieu of bond proceeds for any part of the state
25 appropriation.

26 (3) The motor vehicle fund--state appropriation includes
27 (~~(\$8,710,000)~~) \$9,500,000 in proceeds from the sale of bonds authorized
28 by RCW 47.10.761 and 47.10.762. These funds shall be expended for the
29 following projects:

- 30 (a) Sea Tac International Blvd;

3 ~~((The motor vehicle fund--state appropriation in this section
4 includes))~~ \$47,072,000 appropriated in this section, which includes
5 \$44,772,000 from the motor vehicle fund--state appropriation and
6 \$2,300,000 from the central Puget Sound public transportation account--
7 state appropriation, is for the following high occupancy vehicle lane
8 projects:

9 (a) 15th St SW to 84th Ave. SO - Stage 2; and

10 (b) Pierce C.L. to Tukwila I/C - Stage 1.

11 ~~((Construction of the projects under this subsection is subject to
12 the availability of revenue from the repeal of the gasohol exemption
13 and credit.))~~

14 (7) When the projects identified in subsections (4) through (6) of
15 this section are complete, the legislature will have fulfilled the
16 commitments made in 1990 associated with the passage of the 1990
17 transportation revenue package.

18 (8) \$5,400,000 appropriated in this section, which includes:
19 \$880,000 of the high capacity transportation account--state and
20 \$4,520,000 of the transportation fund--state is provided for the
21 following economic development projects:

22 (a) Mill Plain extension provided that the port of Vancouver
23 contributes \$3,600,000 to the project and a written agreement is
24 reached that upon completion of the project, the city of Vancouver will
25 transfer jurisdiction of Mill Plain Boulevard to the department and the
26 department will transfer jurisdiction of Fourth Plain to the city of
27 Vancouver without further obligation; and

28 (b) NE 40th Street Interchange (SR 520).

29 (9) The central Puget Sound public transportation account
30 appropriation and the high capacity transportation account
31 appropriation in this section include \$14,000,000 for the following
32 high-occupancy vehicle mobility projects:

33 (a) 164th to SR 526 HOV Lanes - NB and SB (SR 5);

34 (b) Woodinville Interchange (SR 405); and

35 (c) Bothell to Swamp Creek I/C STAGE 1 (SR 405).

36 (10) The motor vehicle fund appropriation and the transportation
37 fund appropriation in this section ((includes \$17,800,000)) include
38 \$22,800,000 for new preconstruction activities to include additional
39 projects on SR 18. Up to \$2,100,000 of the appropriation in this

1 subsection is to be expended for preconstruction activities on the
2 following project: 196th Street SW/SR 524 I/C.

3 ~~((9))~~ (11) The department shall report annually to the
4 legislative transportation committee on the status of the projects
5 funded by the special category C appropriations contained in this
6 section. The report shall be submitted by January 1 of each year.

7 ~~((10))~~ (12) If chapter . . . (Substitute House Bill No. 1597),
8 Laws of 1995 is enacted by the 1995 legislature, the department of
9 transportation shall assess the impacts of the bill upon the department
10 of transportation and provide a report on such impacts to the
11 legislative transportation committee by January 1, 1997.

12 ~~((11))~~ (13) The legislature needs to determine all possible
13 causes for changes in a project's cost from the time the cost is
14 identified in the transportation commission's budget recommendation
15 provided to the governor and legislature in support of the proposed
16 highway construction budget, through completion of project
17 construction.

18 The department shall provide a historical data report showing
19 changes throughout the life of selected projects. The historical data
20 report shall quantify the reasons for project increases or decreases
21 and include department of transportation actions taken to minimize such
22 changes. The department is directed to assess whether construction
23 cost efficiencies can be achieved by ensuring continuity between design
24 efforts and construction administrative activities.

25 The department shall explicitly identify in its 1997-99 agency
26 budget submittal any project for which funding is being requested as
27 part of two or more budget items or programs. For each such project,
28 the department shall identify the relevant budget items, the programs
29 in which the budget items are contained, the amount being requested for
30 the project in each budget item, and the total amount being requested
31 for the project.

32 ~~((12))~~ (14) The motor vehicle fund--state appropriation in this
33 section includes \$2,700,000 solely for state match for the Blaine
34 border crossing project to be used only if federal demonstration
35 project funding is authorized for this project.

36 ~~((13))~~ (15) The motor vehicle fund--state appropriation in this
37 section includes \$600,000 solely for a rest area and information
38 facility in the Nisqually gateway area to Mt. Rainier, provided that at
39 least forty percent of the total project costs are provided from

1 federal, local, or private sources. The contributions from the
2 nonstate sources may be in the form of in-kind contributions including,
3 but not limited to, donations of property and services.

4 ~~((14))~~ (16) The economic development account--state appropriation
5 in this section includes \$1,000,000 for state highway projects
6 associated with the development of a horse racetrack in western
7 Washington. With the funding of these projects, funding from the
8 economic development account for state highway projects is fully
9 obligated. The community economic revitalization board and the
10 transportation commission shall not select any new projects pursuant to
11 RCW 43.160.074 and 47.01.280, notwithstanding projects selected to
12 fulfill the provisions of this subsection.

13 ~~((15))~~ (17) The motor vehicle fund--state appropriation in this
14 section includes \$2,500,000 solely for the department of transportation
15 match for transportation improvement board projects ready for
16 construction in fiscal year 1996.

17 ~~((16))~~ (18) The motor vehicle fund--state appropriation in this
18 section includes \$6,533,000 solely for additional all-weather highway
19 projects.

20 ~~((18))~~ (19) The motor vehicle fund--state appropriation in this
21 section includes \$4,870,000 to be expended on the following project:
22 SR 82, SR 823 UC to SR 12 UC. This project will complete the Selah
23 project identified in subsection (5) of this section.

24 ~~((19))~~ (20) \$93,000 of the appropriation in this section,
25 including \$74,000 of the motor vehicle fund--federal appropriation and
26 \$19,000 of the motor vehicle fund--state appropriation, is provided
27 solely for the Aurora avenue bicycle/pedestrian overpass at Galer
28 Street. The motor vehicle fund--federal appropriation in this
29 subsection is to be provided from transportation enhancement moneys.

30 ~~((20))~~ (21) The motor vehicle fund--state appropriation in this
31 section includes \$3,300,000 for safety work associated with additional
32 pavement preservation projects.

33 ~~((21))~~ (22) The motor vehicle fund--state appropriation in this
34 section includes \$400,000 for additional fish barrier removal projects
35 on state highways.

36 ~~((22))~~ (23) The motor vehicle fund--state appropriation in this
37 section includes up to \$2,160,000 from the sale of bonds authorized in
38 RCW 47.10.834.

1 (24) The central Puget Sound public transportation account
2 appropriation in this section includes \$4,000,000 for the following
3 project: Pierce Co. Line to Tukwila I/C - Stage 2.

4 (25) The public transportation systems account appropriation in
5 this section includes \$400,000 for contribution toward the
6 environmental and design components necessary for the realignment and
7 reconstruction of SR 290 in Spokane that will have transit amenities to
8 service a major educational facility.

9 (26) \$50,000 of the motor vehicle fund--state appropriation in this
10 section is provided for the Belfair Bypass corridor analysis.

11 (27) \$500,000 of the motor vehicle fund--state appropriation in
12 this section is provided for the I-90 Sunset Interchange modifications
13 project.

14 (28) \$1,000,000 of the motor vehicle fund--state appropriation in
15 this section is provided for the Sprague Avenue to Argonne Road
16 project.

17 (29) \$200,000 of the motor vehicle fund--state appropriation in
18 this section is provided for the 192nd Avenue Interchange (Brady Road)
19 project.

20 (30) \$1,100,000 of the transportation fund--state appropriation in
21 this section is provided for the port of Tacoma Road grade separation
22 project.

23 (31) \$3,000,000 of the motor vehicle fund--state appropriation is
24 provided for additional safety projects identified by the
25 transportation commission for SR 12, SR 395, and SR 507.

26 NEW SECTION. Sec. 214. A new section is added to 1995 2nd sp.s.
27 c 14 (uncodified) to read as follows:

28 **FOR THE DEPARTMENT OF TRANSPORTATION--TRANSPORTATION ECONOMIC**
29 **PARTNERSHIPS--PROGRAM K**

30 Transportation Fund--State Appropriation	\$	1,238,000
31 Motor Vehicle Account--State Appropriation	\$	6,281,317
32 TOTAL APPROPRIATION	\$	7,519,317

33 The appropriations in this section are subject to the following
34 conditions and limitations and specified amounts are provided solely
35 for that activity:

36 (1) The motor vehicle fund--state appropriation includes \$6,281,317
37 in proceeds from the sale of bonds authorized in RCW 47.10.834 for all

1 forms of cash contributions, or the payment of other costs incident to
 2 the location, development, design, right of way, and construction of
 3 only the SR 16 corridor improvements and park and ride projects
 4 selected under the public-private transportation initiative program
 5 authorized under chapter 47.46 RCW; support costs of the public-private
 6 transportation initiatives program, including program and fiscal audits
 7 required under subsection (3) of this section; and development of the
 8 replacement project process required under RCW 47.46.030(2).
 9 \$2,160,000 of the bond proceeds are to be deposited in the motor
 10 vehicle fund--state to pay back the loan recommended by the
 11 transportation commission and the legislative transportation committee.

12 (2) Any additional FTEs required to support the public-private
 13 initiatives in the transportation program established under chapter
 14 47.46 RCW shall be funded from program management and administration
 15 fees paid by private entities participating in the program.

16 (3) The department of transportation shall provide quarterly
 17 reports to the legislative transportation committee and the office of
 18 financial management on the status of the public-private initiatives in
 19 the transportation program. The department shall conduct a program and
 20 fiscal review of the public-private initiatives in the transportation
 21 program, authorized under chapter 47.46 RCW, for the biennium ending
 22 June 30, 1997. Such review shall include, at a minimum, the extent to
 23 which the program has operated in the public interest and fulfilled its
 24 statutory obligation; the extent to which the program is operating in
 25 an efficient, effective, and economical manner; and the extent to which
 26 continuation of the program maintains, improves, or adversely impacts
 27 the transportation system of the state of Washington. The department
 28 shall provide a progress report on its program and fiscal review of the
 29 public-private initiatives in transportation program by June 30, 1996.

30 **Sec. 215.** 1995 2nd sp.s. c 14 s 218 (uncodified) is amended to
 31 read as follows:

32 **FOR THE DEPARTMENT OF TRANSPORTATION--HIGHWAY MAINTENANCE--PROGRAM M**

33 Motor Vehicle Fund--State Appropriation	\$	((221,368,000))
34		<u>222,274,000</u>
35 Motor Vehicle Fund--Federal Appropriation	\$	461,000

37 TOTAL APPROPRIATION	\$	((225,134,000))
38		<u>226,040,000</u>

1 The appropriations in this section are subject to the following
2 conditions and limitations and specified amounts are provided solely
3 for that activity:

4 (1) If portions of the appropriations in this section are required
5 to fund maintenance work resulting from major disasters not covered by
6 federal emergency funds such as fire, flooding, and major slides,
7 supplemental appropriations will be requested to restore state funding
8 for ongoing maintenance activities.

9 ~~(2) ((If projected snow and ice expenditures exceed the plan of~~
10 ~~\$40,000,000, the department will continue service delivery as planned~~
11 ~~within the other major maintenance groups, and will request a~~
12 ~~supplemental appropriation in the following legislative session to fund~~
13 ~~the additional snow and ice expenditures.~~

14 ~~(3))~~ The department shall deliver the highway maintenance program
15 according to the plans for each major maintenance group to the extent
16 practical. However, if projected snow and ice expenditures exceed the
17 plan of \$40,000,000, the department will, after prior consultation with
18 the legislative transportation committee, adopt one or both of the
19 following courses of action:

20 (a) Reduce planned maintenance activities in other groups to offset
21 the necessary increases for snow and ice control and detail these
22 expenditures; or

23 (b) Continue service delivery as planned within the other major
24 maintenance groups and access up to \$2,000,000 in the snow and ice
25 reserve to cover increased snow and ice expenditures provided for in
26 section 505 of this act.

27 (3) The department shall provide recommendations to the legislative
28 transportation committee by ~~((December 15, 1995))~~ June 30, 1996, on:

29 (a) The feasibility of developing a maintenance management system; (b)
30 methods for providing a consistent maintenance level of service
31 throughout the state; (c) options for centralized versus decentralized
32 management of the program; (d) improving accountability and oversight
33 of the maintenance program; and (e) improving accountability and
34 oversight of the transportation equipment fund program.

35 (4) The motor vehicle fund--state appropriation in this section
36 includes \$250,000 solely for augmentation of the adopt-a-highway
37 program, under Engrossed Substitute House Bill No. 1512.

38 (5) The motor vehicle fund--state appropriation in this section
39 includes ~~((\$906,000))~~ \$1,812,000 for payment of local stormwater

1 assessment fees ((for fiscal year 1996. Funding for the remainder of
2 the biennium is withheld pending the results of a legislative
3 transportation committee review of local stormwater assessment fees
4 charged to the department of transportation)).

5 (6) The department of transportation shall participate with the
6 Grant county noxious weed board in a demonstration project to examine
7 ways to accomplish weed control in a more cost effective manner.

8 **Sec. 216.** 1995 2nd sp.s. c 14 s 219 (uncodified) is amended to

19		<u>448,600,000</u>

20 The appropriations in this section are subject to the following
21 conditions and limitations and specified amounts are provided solely
22 for that activity:

23 (1) The motor vehicle fund--state appropriation includes \$8,300,000
24 in proceeds from the sale of bonds authorized in RCW 47.10.761 and
25 47.10.762 for emergency purposes. However, the transportation
26 commission may authorize the use of current revenues available to the
27 department of transportation in lieu of bond proceeds for any part of
28 the state appropriation.

29 (2) The appropriations in this section include \$10,034,000 for
30 seismic retrofit activities.

31 (3) The department shall not reduce its commitment to sexual
32 harassment training and diversity training, notwithstanding the
33 reduction in this section for training.

34 (4) \$36,000,000 of the appropriation in this section, including
35 \$21,000,000 of the transportation fund--state appropriation and
36 \$15,000,000 of the motor vehicle fund--state appropriation, is provided
37 for additional pavement preservation projects.

1 (5) The appropriations in this section include \$6,879,000 for
2 Washington state's share to replace the deck on the Lewis and Clark
3 bridge. If the Oregon state legislature enacts a public/private
4 partnership program and the Washington state transportation commission,
5 in consultation with the legislative transportation committee,
6 negotiates and enters into an agreement between Washington and Oregon
7 to place the bridge into Oregon's public/private partnership program,
8 up to \$1,000,000 of this amount shall be used for Washington's share of
9 emergency deck repairs to extend the service life of the bridge. The
10 remaining funds may be used as Washington's contribution toward the
11 design of the project pursuant to the agreement between Washington and
12 Oregon. Any additional contributions shall be subject to Washington
13 state legislative appropriations and approvals. The department shall
14 provide a status report on this project to the legislative
15 transportation committee by January 15, 1996.

16 (6) \$3,700,000 of the motor vehicle fund--state appropriation in
17 this section is provided for the Susie creek bridge (112/38)
18 replacement project.

19 **Sec. 217.** 1995 2nd sp.s. c 14 s 220 (uncodified) is amended to

26 conditions and limitations ((and specified amounts are provided solely
27 for that activity)):

28 (1) ((The appropriation contained in this section provides funding
29 for fiscal year 1996 only.

30 (2)) By December 31, 1995, the department shall increase the
31 motorist information sign annual permit fee from ten dollars to fifty
32 dollars, increase the motorist information sign initial application fee
33 from seventy-five dollars to one hundred dollars, and provide
34 recommendations to the legislative transportation committee for making
35 the motorist information sign program and the billboard program fully
36 self-supporting within three years. For the purposes of achieving a
37 self-supporting program, the erection, maintenance, and replacement of

1 backpanels shall not be considered part of the department's program
2 costs.

3 (2) By July 1, 1996, the department of transportation shall adopt
4 a rule that allows any vehicle to use the designated high occupancy
5 vehicle lanes during nonpeak hours.

28 for that activity:

29 ~~((1) Up to \$33,845,000 of the transportation fund--state~~
30 ~~appropriation and \$700,000 of the transportation fund--federal~~
31 ~~appropriation is provided for intercity rail passenger service~~
32 ~~including up to \$12,000,000 for lease purchase of two advanced~~
33 ~~technology train sets with total purchase costs not to exceed~~
34 ~~\$20,000,000, subsidies for operating costs not to exceed \$10,000,000,~~
35 ~~to maintain service of one state contracted round trip between Seattle~~
36 ~~and Portland and Seattle and Vancouver, British Columbia, and capital~~
37 ~~projects necessary to provide Seattle-Vancouver, British Columbia,~~
38 ~~train operating times of under 4 hours. The lease purchase of the~~

1 train sets is predicated on the condition that the manufacturer of the
2 trains has the obligation of establishing a corporate office in
3 Washington state. The manufacturer is also obligated to spend a
4 minimum of twenty five percent of the total purchase price of the train
5 sets on the assembly and manufacture of parts of the train sets in
6 Washington state.

7 (2)) Up to \$2,400,000 of the motor vehicle fund--state
8 appropriation is provided for regional transportation planning
9 organizations, with allocations for participating counties maintained
10 at the 1993-1995 biennium levels for those counties not having
11 metropolitan planning organizations within their boundaries.

12 ((3) The appropriations from the central Puget Sound public
13 transportation account and the public transportation systems account
14 are transferred to the transportation improvement board should either
15 chapter . . . (Engrossed Substitute House Bill No. 1107), Laws of 1995
16 or chapter . . . (Substitute Senate Bill No. 5199), Laws of 1995 be
17 enacted, and contain provisions transferring responsibility for
18 administration of these accounts from the department of transportation
19 to the transportation improvement board, except \$1,000,000 of the
20 appropriation from the public transportation systems account shall be
21 utilized for the rural mobility program and be administered by the
22 department of transportation. Priority for grants provided from these
23 accounts shall be given to projects and programs that can be
24 accomplished in the 1995-1997 biennium and that are not primarily
25 intended for the planning of facilities. Prior to July 1, 1996, no
26 applications for grants from the central Puget Sound public
27 transportation account may be accepted from, nor may funds from that
28 account be granted to, the regional transit authority. The public
29 transportation systems account funds provided to the rural mobility
30 program are for the 1995-97 biennium and are not intended for grants
31 which will have ongoing costs to this program.

32 (4) Up to \$700,000 of the high capacity transportation account--
33 state appropriation is reappropriated for regional transit authority
34 grants. However, this amount shall not exceed the amount of unexpended
35 regional transit authority grants in the 1993-95 biennium.

36 (5) None of the high capacity transportation account--state
37 appropriation or reappropriation may be used to disseminate information
38 in a manner that attempts to persuade, rather than inform or educate,
39 area residents regarding the adopted system plan. The appropriation

1 and reappropriation also may not be used to lobby or advertise, or
2 distribute free promotional materials.

3 (6) The department of transportation may not transfer high capacity
4 transportation account state funds to a regional transportation
5 authority during the 1995-1997 biennium, unless the authority has
6 provided a detailed report to the department of transportation and the
7 house of representatives and senate transportation committees regarding
8 its use of those funds during preceding biennia and how it proposes to
9 spend additional state funds.

10 (7) The motor vehicle fund state appropriation includes \$558,000
11 for the office of urban mobility. This appropriation is for fiscal
12 year 1996 only, pending a legislative transportation committee review
13 of the office of urban mobility's activities in relation to the
14 planning functions of the department's regional offices.)

31 Motor Vehicle Fund--Puget Sound Capital Construction

32 Account--Private/Local Appropriation \$ 765,000

33 TOTAL APPROPRIATION \$ 268,846,000

34 The appropriations in this section are provided for improving the
35 Washington state ferry system, including, but not limited to, vessel
36 acquisition, vessel construction, major and minor vessel improvements,
37 and terminal construction and improvements. The appropriations in this

1 section are subject to the following conditions and limitations and
2 specified amounts are provided solely for that activity:

3 (1) The appropriations in this section are provided to carry out
4 only the projects presented to the legislature (version 3) for the
5 1995-97 budget. The department shall reconcile the 1993-95 capital
6 expenditures within ninety days of the end of the biennium and submit
7 a final report to the legislative transportation committee and office
8 of financial management.

9 (2) The Puget Sound capital construction account--state
10 appropriation includes \$15,000,000 in proceeds from the sale of bonds
11 authorized by RCW 47.60.560 and \$155,000,000 in proceeds from the sale
12 of bonds authorized by RCW 47.60.800 for construction of new jumbo
13 ferry vessels in accordance with the requirements of RCW 47.60.770
14 through 47.60.778. However, the department of transportation may use
15 current revenues available to the Puget Sound capital construction
16 account in lieu of bond proceeds for any part of the state
17 appropriation.

18 (3) The appropriations contained in this section shall not be
19 expended for the development of park facilities at the Seattle colman
20 dock ferry terminal.

21 (4) The Washington state ferries shall acquire an appropriate
22 passenger-only vessel. If permissible under regulations governing the
23 procurement of necessary federal funds, construction and assembly of
24 any passenger-only vessels shall take place within Washington state.
25 If the vessel is procured through the use of state funds, the
26 construction and assembly of any passenger-only vessels shall take
27 place within Washington state.

28 (5) The department of transportation shall provide to the
29 legislative transportation committee and office of financial management
30 a quarterly financial report concerning the status of the capital
31 program authorized in this section.

32 (6) Washington state ferries is authorized to reimburse up to
33 \$3,000,000 from the Puget Sound capital construction account to the
34 city of Bremerton and the port of Bremerton for Washington state
35 ferries' financial participation in the development of a Bremerton
36 multimodal transportation terminal, port of Bremerton passenger-only
37 terminal expansion, and ferry vehicular connections to downtown traffic
38 circulation improvements. The reimbursement shall specifically support
39 the construction of the following components: Appropriate passenger-

1 only ferry terminal linkages to accommodate bow-loading catamaran type
2 vessels and the needed transit connections; and the Washington state
3 ferries' component of the Bremerton multimodal transportation terminal
4 as part of the downtown Bremerton redevelopment project, including
5 appropriate access to the new downtown traffic circulation road
6 network.

7 **Sec. 223.** 1995 2nd sp.s. c 14 s 227 (uncodified) is amended to
8 read as follows:

9 **FOR THE DEPARTMENT OF TRANSPORTATION--MARINE--PROGRAM X**

10 Marine Operating Fund--State Appropriation . . . \$ ((~~244,187,000~~))
11 244,227,000

12 The appropriation in this section is subject to the following
13 conditions and limitations and specified amounts are provided solely
14 for that activity:

15 (1) The appropriation is based on the budgeted expenditure of
16 \$30,297,190 for vessel operating fuel in the 1995-97 biennium. If the
17 actual cost of fuel is less than this budgeted amount, the excess
18 amount may not be expended. If the actual cost exceeds this amount,
19 the department shall request a supplemental appropriation.

20 (2) The appropriation contained in this section provides for the
21 compensation of ferry employees. The expenditures for compensation
22 paid to ferry employees during the 1995-97 biennium may not exceed
23 \$159,990,000 plus a dollar amount, as prescribed by the office of
24 financial management, that is equal to any insurance benefit increase
25 granted general government employees in excess of \$305.32 a month
26 annualized per eligible marine employee multiplied by the number of
27 eligible marine employees for the respective fiscal year, a dollar
28 amount as prescribed by the office of financial management for costs
29 associated with pension amortization charges, and a dollar amount
30 prescribed by the office of financial management for salary increases
31 during the 1995-97 biennium. For the purposes of this section, the
32 expenditures for compensation paid to ferry employees shall be limited
33 to salaries and wages and employee benefits as defined in the office of
34 financial management's policies, regulations, and procedures named
35 under objects of expenditure "A" and "B" (7.2.6.2).

36 The prescribed salary and insurance benefit increase or decrease
37 dollar amount that shall be allocated from the governor's compensation

1 appropriations is in addition to the appropriation contained in this
 2 section and may be used to increase or decrease compensation costs,
 3 effective July 1, 1995, and ((thereafter)) July 1, 1996, as established
 4 in the 1995-97 general fund operating budget and 1996 operating
 5 supplemental budget.

6 (3) The appropriation in this section includes \$614,000 for the
 7 automated ticket vending program. These funds shall be expended only
 8 in accordance with the implementation of the automated ticket vending
 9 program.

10 (4) The department of transportation shall provide to the
 11 legislative transportation committee and office of financial management
 12 a quarterly financial report concerning the status of the operating
 13 program authorized in this section.

14 (5) If Second Engrossed House Bill No. 1016 becomes law, as
 15 provided in that legislation, \$3,000,000 is appropriated from the
 16 Puget Sound ferry operations account to Washington state ferries to
 17 reimburse Kitsap county and the port of Bremerton for the construction
 18 of facilities supporting the permanent placement of and access to the
 19 USS Missouri in the city of Bremerton.

20 NEW SECTION. Sec. 224. A new section is added to 1995 2nd sp.s.

36	TOTAL APPROPRIATION	\$	56,236,000

1 The appropriations in this section are subject to the following
2 conditions and limitations and specified amounts are provided solely
3 for that activity:

4 (1) Up to \$31,845,000 of the transportation fund--state
5 appropriation and \$700,000 of the transportation fund--federal
6 appropriation is provided for intercity rail passenger service
7 including up to \$12,000,000 for lease purchase of two advanced
8 technology train sets with total purchase costs not to exceed
9 \$20,000,000, subsidies for operating costs not to exceed \$8,000,000, to
10 maintain service of one state contracted round trip between Seattle and
11 Portland and Seattle and Vancouver, British Columbia, and capital
12 projects necessary to provide Seattle-Vancouver, British Columbia,
13 train operating times of under 4 hours. The lease purchase of the
14 train sets is predicated on the condition that the manufacturer of the

16 Washington state. The manufacturer is also obligated to spend a
17 minimum of twenty-five percent of the total purchase price of the train
18 sets on the assembly and manufacture of parts of the train sets in
19 Washington state.

20 (2) The appropriations from the central Puget Sound public
21 transportation account and the public transportation systems account
22 are transferred to the transportation improvement board should either
23 chapter . . . (Engrossed Substitute House Bill No. 1107), Laws of 1995
24 or chapter . . . (Substitute Senate Bill No. 5199), Laws of 1995 be
25 enacted, and contain provisions transferring responsibility for
26 administration of these accounts from the department of transportation
27 to the transportation improvement board, except \$1,000,000 of the
28 appropriation from the public transportation systems account shall be
29 utilized for the rural mobility program and be administered by the
30 department of transportation. Priority for grants provided from these
31 accounts shall be given to projects and programs that can be
32 accomplished in the 1995-1997 biennium and that are not primarily
33 intended for the planning of facilities. Prior to July 1, 1996, no
34 applications for grants from the central Puget Sound public
35 transportation account may be accepted from, nor may funds from that
36 account be granted to, the regional transit authority. The public
37 transportation systems account funds provided to the rural mobility
38 program are for the 1995-97 biennium and are not intended for grants
39 which will have ongoing costs to this program.

1 (3) Up to \$700,000 of the high capacity transportation account--
2 state appropriation is reappropriated for regional transit authority
3 grants. However, this amount shall not exceed the amount of unexpended
4 regional transit authority grants in the 1993-95 biennium.

5 (4) None of the high capacity transportation account--state
6 appropriation or reappropriation may be used to disseminate information
7 in a manner that attempts to persuade, rather than inform or educate,
8 area residents regarding the adopted system plan. The appropriation
9 and reappropriation also may not be used to lobby or advertise, or
10 distribute free promotional materials.

11 (5) The department of transportation may not transfer high capacity
12 transportation account--state funds to a regional transportation
13 authority during the 1995-1997 biennium, unless the authority has
14 provided a detailed report to the department of transportation and the
15 house of representatives and senate transportation committees regarding
16 its use of those funds during preceding biennia and how it proposes to
17 spend additional state funds.

18 (6) An appropriation of \$1,800,000 from the high capacity
19 transportation account--state is made for the regional transit
20 authority.

21 (7) The air pollution control account appropriation is provided
22 solely for operation of the commute trip reduction program created
23 under chapter 70.94 RCW and transferred to the department of
24 transportation by Senate Bill No. (Z-1212.2/96) or House Bill
25 No. (Z-1212.2/96). If Senate Bill No. (Z-1212.2/96) or
26 House Bill No. (Z-1212.2/96) is not enacted by June 30, 1996,
27 this subsection is null and void.

28 **Sec. 225.** 1995 2nd sp.s. c 14 s 228 (uncodified) is amended to
29 read as follows:

1 TOTAL APPROPRIATION \$ ((188,140,000))
2 190,546,000

3 The appropriations in this section are subject to the following
4 conditions and limitations and specified amounts are provided solely
5 for that activity:

6 (1) Up to \$13,100,000 of the motor vehicle fund--federal
7 appropriation in this section is provided for construction of
8 demonstration projects specified in the federal intermodal surface
9 transportation efficiency act (P.L. 101-240; 105 Stat. 1914). The
10 motor vehicle fund--state appropriation includes \$3,275,000 in proceeds
11 from the sale of bonds authorized in RCW 47.10.819(1) for the federal
12 match requirements. However, the transportation commission may
13 authorize the use of current revenues available to the department of
14 transportation in lieu of bond proceeds for any part of the state
15 appropriation.

16 ((+3)) (2) The motor vehicle fund--state appropriation in this
17 section includes \$1,750,000 solely to fund the state's share of the
18 east marine view drive project. This amount represents a
19 reappropriation of the funding first provided for Everett homeport
20 transportation projects in 1987. With this reappropriation, the
21 legislature has fulfilled its commitment for funding of special
22 transportation projects associated with the Everett homeport.

23 ((+5)) (3) \$((4,000,000)) 2,600,000 of the motor vehicle fund--
24 state appropriation and \$1,400,000 of the general fund--state
25 appropriation in this section is provided solely for one-time capital
26 infrastructure investment associated with development of a horse
27 racetrack in western Washington. With this appropriation, the state
28 has fulfilled its commitment to ((provide funding for infrastructure
29 associated with development of a horse racetrack in western
30 Washington)) this project.

31 (4) Up to \$2,100,000 of the motor vehicle fund--state appropriation
32 and \$300,000 of the transportation fund--state appropriation contained
33 in this section shall be used for evaluations that mutually benefit the
34 state department of transportation, counties, and cities. The
35 evaluations may include fuel tax evasion; license fraud; the
36 development of an implementation plan for the financing and
37 construction of state, local, and private transportation improvements
38 in south downtown Seattle; port mobility issues; and other issues as
39 determined by the legislative transportation committee.

6 (2) The agency listed first in the appropriation in subsection (1)
7 of this section is designated as the lead agency responsible for
8 management of the projects and shall receive the entire appropriation.

9 (3) The state patrol, the department of licensing, and the
10 department of transportation shall coordinate their activities when
11 siting facilities. This coordination shall result in the collocation
12 of driver and vehicle licensing, vehicle inspection service facilities,
13 and other transportation services whenever possible.

14 The department of licensing, the department of transportation, and
15 the state patrol shall explore alternative state services, such as
16 vehicle emission testing, that would be feasible to collocate in these
17 joint facilities. All services provided at these transportation
18 service facilities shall be provided at cost to the participating
19 agencies.

20 (4) The department of licensing may lease develop with option to
21 purchase or lease purchase new customer service centers to be paid for
22 from operating revenues. The Washington state patrol shall provide
23 project management for the department of licensing. Alternatively, a
24 financing contract may be entered into on behalf of the department of
25 licensing in the amounts indicated plus financing expenses and reserves
26 pursuant to chapter 39.94 RCW. The locations and amounts for projects
27 covered under this section are as follows:

28 (a) A new customer service center in Vancouver for ((~~\$2,629,700~~))

4 Motor Vehicle Fund--Transportation Capital
5 Facilities Account--State Appropriation . . . \$ 1,525,000

6 (8) The department of transportation shall provide to the
7 legislative transportation committee: (a) Prior notice and the latest
8 project information at least two weeks in advance of the bid process
9 for transportation capital facilities projects going to bid in the
10 1995-97 biennium, and (b) bimonthly progress reports on all
11 transportation capital facilities projects receiving appropriations in
12 this act.

13 (9) The office of financial management, following a review and
14 recommendation by the legislative transportation committee, may
15 authorize a transfer of appropriation authority provided for a capital
16 project in sections 301 and 303 of this act that is in excess of the
17 biennial expenditure needs of such project to another capital project
18 funded by an appropriation in these sections for which the biennial
19 appropriation is insufficient. No such transfer may be used to expand
20 the capacity of any facility beyond that intended by the legislature in
21 making the appropriation. Such transfers may be made only between
22 appropriations from the transportation capital facilities account for
23 projects included in sections 301 and 303 of this act.

1 (b) Commissioned officers, commercial vehicle enforcement officers,
2 and communication officers of the state patrol shall receive an
3 additional four percent salary increase on July 1, 1996, if the state
4 patrol vehicle inspection program is decommissioned by September 1,
5 1995.

6 (2) The salary increases provided for in subsection (1) of this
7 section supersede any salary increases provided for in Engrossed
8 Substitute House Bill No. 1410, the omnibus budget, for commissioned
9 officers, commercial vehicle enforcement officers, and communication
10 officers of the state patrol. The appropriation in this section is not
11 in addition to the salary increases provided for in Engrossed
12 Substitute House Bill No. 1410; therefore, the appropriation in this
13 section shall be reduced by any amount provided for commissioned
14 officers, commercial vehicle enforcement officers, and communication
15 officers of the state patrol in Engrossed Substitute House Bill No.
16 1410.

17 (3) The appropriation in this section includes \$1,350,000 to
18 implement shift differential pay and educational incentive pay for
19 commissioned officers effective July 1, 1996.

20 **Sec. 406.** 1995 2nd sp.s. c 14 s 408 (uncodified) is amended to

13 (8) Transportation Fund--State Appropriation:
14 For transfer to the Marine Operating Fund--
15 State \$ 2,500,000

16 The appropriation in this subsection is subject to the following
17 conditions and limitations: \$1,000,000 of the appropriation in this
18 subsection shall be transferred in fiscal year 1996. \$1,500,000 of the
19 appropriation in this subsection shall be transferred in fiscal year
20 1997, provided, however, that the transfer for fiscal year 1997 is null
21 and void if Engrossed Substitute House Bill No. 1016 is enacted by July
22 1, 1996.

23 (9) Transportation Equipment Fund--State
24 Appropriation:
25 For transfer to the Motor Vehicle Fund--State . . \$ 3,300,000

26 NEW SECTION. Sec. 407. A new section is added to 1995 2nd sp.s.
27 c 14 (uncodified) to read as follows:

28 **FOR THE STATE TREASURER--TRANSFERS.** The secretary of
29 transportation shall notify the office of the state treasurer to close
30 out the gasohol holding and exemption account and transfer the cash
31 balance into the motor vehicle account.

32 NEW SECTION. Sec. 408. A new section is added to 1995 2nd sp.s.
33 c 14 (uncodified) to read as follows:

34 Subject to review of expenditures by the legislative transportation
35 committee's executive committee, an appropriation of up to \$25,000 from
36 the oil spill administration account--state is provided to the
37 department of ecology solely for purposes of defending the Intertanko

1 lawsuit provided \$60,000 from the existing \$2,498,000 appropriation
2 from the oil spill administration account--state as provided in 1995
3 2nd sp.s. c 14 s 412 has been spent for the defense of the Intertanko
4 lawsuit.

(End of part)

1 consolidation will be addressed by the consultant. If the consultants
2 recommend consolidation based on their analysis, a specific time frame
3 for implementation must be provided. The state patrol and the
4 department of transportation, in cooperation with the department of
5 licensing, are to report findings and recommendations to the house of
6 representatives and senate transportation committees by November 15,
7 1996.

8 NEW SECTION. **Sec. 504.** A new section is added to 1995 2nd sp.s.
9 c 14 (uncodified) to read as follows:

10 Pursuant to the report of the house of representatives subcommittee
11 on state aircraft:

12 (1) In order to facilitate comparison between agencies, the
13 department of transportation's aviation division, in consultation with
14 the state patrol, department of fish and wildlife, and department of
15 natural resources, shall initiate action to develop standard aircraft
16 activity records for all four state agencies. While the records should
17 continue to meet the mission-specific needs of each agency, to the
18 extent possible, operational, maintenance, inspection, and cost records
19 should be standardized.

20 (2) Each state agency owning and operating aircraft shall prepare
21 a plan for acquisition and disposition of aircraft. The initial plan
22 shall be submitted to the legislative transportation committee no later
23 than January 1, 1997. The plan shall include, but is not limited to:

24 (a) Descriptions of how each agency aircraft fulfills the mission
25 objectives of the agency or college;

26 (b) Actual and projected use;

27 (c) Target aircraft replacement dates; and

28 (d) Proposed funding options for aircraft acquisition, including
29 state surplus.

30 (3) Until such time as the state patrol has prepared its aircraft
31 acquisition and disposition plan, it shall retain ownership of the
32 beechjet. The plan should document the mission appropriateness of the
33 agency's entire aircraft fleet. Thus, any plans to dispose of the
34 beechjet and/or acquire another plane in lieu of the beechjet should be
35 documented and substantiated in the plan.

36 NEW SECTION. **Sec. 505.** A new section is added to 1995 2nd sp.s.
37 c 14 (uncodified) to read as follows:

1 **FOR THE DEPARTMENT OF TRANSPORTATION--SNOW AND ICE--PROGRAM M**

2 Motor Vehicle Fund--State Appropriation \$ 2,000,000

3 The appropriation in this section is subject to the following
4 conditions and limitations:

5 This appropriation is to be placed in reserve status for emergency
6 relief should snow and ice expenditures exceed the \$40,000,000 plan for
7 this activity. The legislative transportation committee shall notify
8 the office of financial management to transfer the appropriation
9 authority from reserve to active status.

10 **Sec. 506.** RCW 46.16.313 and 1995 3rd sp.s. c 1 s 103 are each
11 amended to read as follows:

12 (1) The department may establish a fee for each type of special
13 license plates issued under RCW 46.16.301(1) (a), (b), or (c) in an
14 amount calculated to offset the cost of production of the special
15 license plates and the administration of this program. The fee shall
16 not exceed thirty-five dollars and is in addition to all other fees
17 required to register and license the vehicle for which the plates have
18 been requested. All such additional special license plate fees
19 collected by the department shall be deposited in the state treasury
20 and credited to the motor vehicle fund.

21 (2) In addition to all fees and taxes required to be paid upon
22 application, registration, and renewal registration of a motor vehicle,
23 the holder of a collegiate license plate shall pay a fee of thirty
24 dollars. The department shall deduct an amount not to exceed two
25 dollars of each fee collected under this subsection for administration
26 and collection expenses incurred by it. The remaining proceeds, minus
27 the cost of plate production, shall be remitted to the custody of the
28 state treasurer with a proper identifying detailed report. The state
29 treasurer shall credit the funds to the appropriate collegiate license
30 plate fund as provided in RCW 28B.10.890.

31 (3) Except as set forth under subsection (4) of this section, in
32 addition to all fees and taxes required to be paid upon application,
33 registration, and renewal registration of a motor vehicle, the holder
34 of a special baseball stadium license plate shall pay a fee of thirty
35 dollars. The department shall deduct an amount not to exceed two
36 dollars of each fee collected under this subsection for administration
37 and collection expenses incurred by it. The remaining proceeds, minus

1 the cost of plate production, shall be distributed to a county for the
2 purpose of paying the principal and interest payments on bonds issued
3 by the county to construct a baseball stadium, as defined in RCW
4 82.14.0485, including reasonably necessary preconstruction costs, while
5 the taxes are being collected under RCW 82.14.360. After this date,
6 the state treasurer shall credit the funds to the state general fund.

7 (4) Until June 30, 1997, in addition to all fees and taxes required
8 to be paid upon application, registration, and renewal registration of
9 a motor vehicle, the holder of a special baseball stadium license plate
10 shall pay a fee of forty dollars. The department shall deduct an
11 amount not to exceed twelve dollars of each fee collected under this
12 subsection for license plate administration and collection expenses
13 incurred by it. The remaining proceeds shall be distributed to a
14 county for the purpose of paying the principal and interest payments on
15 bonds issued by the county to construct a baseball stadium, as defined
16 in RCW 82.14.0485, including reasonably necessary preconstruction
17 costs, while the taxes are being collected under RCW 82.14.360. After
18 this date, the state treasurer shall credit the funds to the state
19 general fund.

20 NEW SECTION. Sec. 507. A new section is added to 1995 2nd sp.s.
21 c 14 (uncodified) to read as follows:

22 \$5,000,000 from the motor vehicle fund--state appropriation and
23 \$1,000,000 from the transportation fund--state appropriation are
24 provided to the department of transportation for damage resulting from
25 winter storms and floods. This appropriation will be allotted in
26 programs p-preservation, m-maintenance and y-public transportation and
27 rail as determined by the department of transportation. Remaining
28 funds may be used for flood prevention projects along highways prone to
29 flooding.

30 NEW SECTION. Sec. 508. If any provision of this act or its
31 application to any person or circumstance is held invalid, the
32 remainder of the act or the application of the provision to other
33 persons or circumstances is not affected.

34 NEW SECTION. Sec. 509. This act is necessary for the immediate
35 preservation of the public peace, health, or safety, or support of the

1 state government and its existing public institutions, and shall take
2 effect immediately.
