SUBSTITUTE HOUSE BILL 2755

Passed Legislature - 1996 Regular Session

State of Washington

54th Legislature

1996 Regular Session

By House Committee on Trade & Economic Development (originally sponsored by Representatives Van Luven, Sheldon, Silver and Hatfield; by request of Department of Community, Trade, and Economic Development)

Read first time 02/02/96.

1 AN ACT Relating to economic development; amending RCW 43.160.010,
2 43.160.020, 43.160.030, 43.160.050, 43.160.060, 43.160.070, 43.160.076,
3 43.160.090, 43.160.200, and 43.160.210; and providing effective dates.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 **Sec. 1.** RCW 43.160.010 and 1991 c 314 s 21 are each amended to
6 read as follows:

7 (1) The legislature finds that it is the public policy of the state
8 of Washington to direct financial resources toward the fostering of
9 economic development through the stimulation of investment and job
10 opportunities and the retention of sustainable existing employment for
11 the general welfare of the inhabitants of the state. Reducing
12 unemployment and reducing the time citizens remain jobless is important
13 for the economic welfare of the state. A valuable means of fostering
14 economic development is the construction of public facilities which
15 contribute to the stability and growth of the state's economic base.
16 Strengthening the economic base through issuance of industrial
17 development bonds, whether single or umbrella, further serves to reduce
18 unemployment. Consolidating issues of industrial development bonds
19 when feasible to reduce costs additionally advances the state's purpose

1 to improve economic vitality. Expenditures made for these purposes as
2 authorized in this chapter are declared to be in the public interest,
3 and constitute a proper use of public funds. A community economic
4 revitalization board is needed which shall aid the development of
5 economic opportunities. The general objectives of the board should
6 include:

7 (a) Strengthening the economies of areas of the state which have
8 experienced or are expected to experience chronically high unemployment
9 rates or below average growth in their economies;

10 (b) Encouraging the diversification of the economies of the state
11 and regions within the state in order to provide greater seasonal and
12 cyclical stability of income and employment;

13 (c) Encouraging wider access to financial resources for both large
14 and small industrial development projects;

15 (d) Encouraging new economic development or expansions to maximize
16 employment;

17 (e) Encouraging the retention of viable existing firms and
18 employment; and

19 (f) Providing incentives for expansion of employment opportunities
20 for groups of state residents that have been less successful relative
21 to other groups in efforts to gain permanent employment.

22 (2) The legislature also finds that the state's economic
23 development efforts can be enhanced by, in certain instances, providing
24 funds to improve state highways in the vicinity of new industries
25 considering locating in this state or existing industries that are
26 considering significant expansion.

27 (a) The legislature finds it desirable to provide a process whereby
28 the need for diverse public works improvements necessitated by planned
29 economic development can be addressed in a timely fashion and with
30 coordination among all responsible governmental entities.

31 (b) It is the intent of the legislature to create an economic
32 development account within the motor vehicle fund from which
33 expenditures can be made by the department of transportation for state
34 highway improvements necessitated by planned economic development. All
35 such improvements must first be approved by the state transportation
36 commission and the community economic revitalization board in
37 accordance with the procedures established by RCW 43.160.074 and
38 47.01.280. It is further the intent of the legislature that such
39 improvements not jeopardize any other planned highway construction

1 projects. The improvements are intended to be of limited size and
2 cost, and to include such items as additional turn lanes,
3 signalization, illumination, and safety improvements.

4 (3) The legislature also finds that the state's economic
5 development efforts can be enhanced by providing funds to improve
6 markets for those recyclable materials representing a large fraction of
7 the waste stream. The legislature finds that public facilities which
8 result in private construction of processing or remanufacturing
9 facilities for recyclable materials are eligible for consideration from
10 the board.

11 (4) The legislature finds that sharing economic growth state-wide
12 is important to the welfare of the state. ((~~Timber~~)) Rural natural
13 resource impact areas do not share in the economic vitality of the
14 Puget Sound region. Infrastructure is one of several ingredients that
15 are critical for economic development. ((~~Timber~~)) Rural natural
16 resource impact areas generally lack the infrastructure necessary to
17 diversify and revitalize their economies. It is, therefore, the intent
18 of the legislature to increase the availability of funds to help
19 provide infrastructure to ((~~timber~~)) rural natural resource impact
20 areas.

3 **Sec. 5.** RCW 43.160.060 and 1993 c 320 s 4 are each amended to read
4 as follows:

5 The board is authorized to make direct loans to political
6 subdivisions of the state for the purposes of assisting the political
7 subdivisions in financing the cost of public facilities, including
8 development of land and improvements for public facilities, as well as
9 the construction, rehabilitation, alteration, expansion, or improvement
10 of the facilities. A grant may also be authorized for purposes
11 designated in this chapter, but only when, and to the extent that, a
12 loan is not reasonably possible, given the limited resources of the
13 political subdivision and the finding by the board that unique
14 circumstances exist. The board shall not obligate more than twenty
15 percent of its biennial appropriation as grants.

16 Application for funds shall be made in the form and manner as the
17 board may prescribe. In making grants or loans the board shall conform
18 to the following requirements:

19 (1) The board shall not (~~make a grant or loan~~) provide financial
20 assistance:

21 (a) For a project the primary purpose of which is to facilitate or
22 promote a retail shopping development or expansion.

23 (b) For any project that evidence exists would result in a
24 development or expansion that would displace existing jobs in any other
25 community in the state.

26 (c) For the acquisition of real property, including buildings and
27 other fixtures which are a part of real property.

28 (2) The board shall only (~~make grants or loans~~) provide financial
29 assistance:

30 (a) For those projects which would result in specific private
31 developments or expansions (i) in manufacturing, production, food
32 processing, assembly, warehousing, and industrial distribution; (ii)
33 for processing recyclable materials or for facilities that support
34 recycling, including processes not currently provided in the state,
35 including but not limited to, de-inking facilities, mixed waste paper,
36 plastics, yard waste, and problem-waste processing; (iii) for
37 manufacturing facilities that rely significantly on recyclable
38 materials, including but not limited to waste tires and mixed waste

1 paper; (iv) which support the relocation of businesses from
2 nondistressed urban areas to distressed rural areas; or (v) which
3 substantially support the trading of goods or services outside of the
4 state's borders.

5 (b) For projects which it finds will improve the opportunities for
6 the successful maintenance, establishment, or expansion of industrial
7 or commercial plants or will otherwise assist in the creation or
8 retention of long-term economic opportunities.

9 (c) When the application includes convincing evidence that a
10 specific private development or expansion is ready to occur and will
11 occur only if the (~~grant or loan~~) public facility improvement is
12 made.

13 (3) The board shall prioritize each proposed project according to
14 the relative benefits provided to the community by the jobs the project
15 would create, not just the total number of jobs it would create after
16 the project is completed and according to the unemployment rate in the
17 area in which the jobs would be located. As long as there is more
18 demand for (~~loans or grants~~) financial assistance than there are
19 funds available (~~for loans or grants~~), the board is instructed to
20 fund projects in order of their priority.

21 (4) A responsible official of the political subdivision shall be
22 present during board deliberations and provide information that the
23 board requests.

24 Before any (~~loan or grant~~) financial assistance application is
25 approved, the political subdivision seeking the (~~loan or grant~~)
26 assistance must demonstrate to the community economic revitalization
27 board that no other timely source of funding is available to it at
28 costs reasonably similar to financing available from the community
29 economic revitalization board.

30 **Sec. 6.** RCW 43.160.070 and 1990 1st ex.s. c 16 s 802 are each
31 amended to read as follows:

32 (~~(1)~~) Public facilities (~~loans and grants~~) financial
33 assistance, when authorized by the board, (~~are~~) is subject to the
34 following conditions:

35 (~~(a)~~) (1) The moneys in the public facilities construction loan
36 revolving fund shall be used solely to fulfill commitments arising from
37 (~~loans or grants~~) financial assistance authorized in this chapter or,
38 during the 1989-91 fiscal biennium, for economic development purposes

1 as appropriated by the legislature. The total outstanding amount which
2 the board shall dispense at any time pursuant to this section shall not
3 exceed the moneys available from the fund. The total amount of
4 outstanding (~~(loans and grants)~~) financial assistance in Pierce, King,
5 and Snohomish counties shall never exceed sixty percent of the total
6 amount of outstanding (~~(loans and grants)~~) financial assistance
7 disbursed by the board.

8 (~~((b))~~) ~~Financial assistance through the loans or grants may be used~~
9 ~~directly or indirectly for any facility for public purposes, including,~~
10 ~~but not limited to, sewer or other waste disposal facilities,~~
11 ~~arterials, bridges, access roads, port facilities, or water~~
12 ~~distribution and purification facilities.~~

13 (~~(c))~~) (2) On contracts made for public facilities loans the board
14 shall determine the interest rate which loans shall bear. The interest
15 rate shall not exceed ten percent per annum. The board may provide
16 reasonable terms and conditions for repayment for loans as the board
17 determines. The loans shall not exceed twenty years in duration.

18 (~~((d))~~) (3) Repayments of loans made under the contracts for public
19 facilities construction loans shall be paid into the public facilities
20 construction loan revolving fund.

21 (~~((2))~~) (4) When every feasible effort has been made to provide
22 loans and loans are not possible, the board may provide grants upon
23 finding that unique circumstances exist.

24 **Sec. 7.** RCW 43.160.076 and 1995 c 226 s 15 are each amended to
25 read as follows:

26 (1) Except as authorized to the contrary under subsection (2) of
27 this section, from all funds available to the board for (~~(loans and~~
28 ~~grants)~~) financial assistance in a biennium, the board shall spend at
29 least fifty percent for (~~(grants and loans)~~) financial assistance for
30 projects in distressed counties or rural natural resources impact
31 areas. For purposes of this section, the term "distressed counties"
32 includes any county, in which the average level of unemployment for the
33 three years before the year in which an application for (~~(a loan or~~
34 ~~grant)~~) financial assistance is filed, exceeds the average state
35 employment for those years by twenty percent.

36 (2) If at any time during the last six months of a biennium the
37 board finds that the actual and anticipated applications for qualified
38 projects in distressed counties or rural natural resources impact areas

1 are clearly insufficient to use up the fifty percent allocation, then
2 the board shall estimate the amount of the insufficiency and during the
3 remainder of the biennium may use that amount of the allocation for
4 (~~loans and grants for~~) financial assistance to projects not located
5 in distressed counties or rural natural resources impact areas.

6 **Sec. 8.** RCW 43.160.090 and 1987 c 505 s 42 are each amended to
7 read as follows:

8 The board and the department shall keep proper records of accounts
9 and shall be subject to audit by the state auditor.

10 **Sec. 9.** RCW 43.160.200 and 1995 c 226 s 16 are each amended to
11 read as follows:

12 (1) The economic development account is created within the public
13 facilities construction loan revolving fund under RCW 43.160.080.
14 Moneys in the account may be spent only after appropriation.
15 Expenditures from the account may be used only for the purposes of RCW
16 43.160.010(~~(+4)~~)(3) and this section. The account is subject to
17 allotment procedures under chapter 43.88 RCW.

18 (2) Applications under this section for assistance from the
19 economic development account are subject to all of the applicable
20 criteria set forth under this chapter, as well as procedures and
21 criteria established by the board, except as otherwise provided.

22 (3) Eligible applicants under this section are limited to political
23 subdivisions of the state in rural natural resources impact areas that
24 demonstrate, to the satisfaction of the board, the local economy's
25 dependence on the forest products and salmon fishing industries.

26 (4) Applicants must demonstrate that their request is part of an
27 economic development plan consistent with applicable state planning
28 requirements. Applicants must demonstrate that tourism projects have
29 been approved by the local government. Industrial projects must be
30 approved by the local government and the associate development
31 organization.

32 (5) Publicly owned projects may be financed under this section upon
33 proof by the applicant that the public project is a necessary component
34 of, or constitutes in whole, a tourism project.

35 (6) Applications must demonstrate local match and participation.
36 Such match may include: Land donation, other public or private funds
37 or both, or other means of local commitment to the project.

1 (7) Board financing for feasibility studies shall not exceed
2 twenty-five thousand dollars per study. Board funds for feasibility
3 studies may be provided as a grant and require a dollar for dollar
4 match with up to one-half in-kind match allowed.

5 (8) Board financing for tourism projects shall not exceed two
6 hundred fifty thousand dollars. Other public facility projects under
7 this section shall not exceed five hundred thousand dollars. Loans
8 with flexible terms and conditions to meet the needs of the applicants
9 shall be provided. Grants may also be authorized, but only when, and
10 to the extent that, a loan is not reasonably possible, given the
11 limited resources of the political subdivision.

12 (9) The board shall develop guidelines for allowable local match
13 and feasibility studies.

14 (10) Applications under this section need not demonstrate evidence
15 that specific private development or expansion is ready to occur or
16 will occur if funds are provided.

17 (11) The board shall establish guidelines for ~~((making grants and
18 loans))~~ providing financial assistance under this section to ensure
19 that the requirements of this chapter are complied with. The
20 guidelines shall include:

21 (a) A process to equitably compare and evaluate applications from
22 competing communities.

23 (b) Criteria to ensure that approved projects will have a high
24 probability of success and are likely to provide long-term economic
25 benefits to the community. The criteria shall include: (i) A minimum
26 amount of local participation, determined by the board per application,
27 to verify community support for the project; (ii) an analysis that
28 establishes the project is feasible using standard economic principles;
29 and (iii) an explanation from the applicant regarding how the project
30 is consistent with the communities' economic strategy and goals.

31 (c) A method of evaluating the impact of the ~~((loans or grants))~~
32 financial assistance on the economy of the community and whether the
33 ~~((loans or grants))~~ financial assistance achieved ~~((their))~~ its
34 purpose.

35 ~~((12) Cities and counties otherwise eligible under and in
36 compliance with this section are authorized to use the loans or grants
37 for buildings and structures.))~~

1 **Sec. 10.** RCW 43.160.210 and 1991 c 314 s 25 are each amended to
2 read as follows:

3 (1) Except as authorized to the contrary under subsection (2) of
4 this section, from all funds available to the board for (~~loans and~~
5 ~~grants~~) financial assistance, the board shall (~~spend~~) designate at
6 least twenty percent for (~~grants and loans~~) financial assistance for
7 projects in distressed counties. For purposes of this section, the
8 term "distressed counties" includes any county, in which the average
9 level of unemployment for the three years before the year in which an
10 application for (~~a loan or grant~~) financial assistance is filed,
11 exceeds the average state employment for those years by twenty percent.

12 (2) If at any time during the last six months of a biennium the
13 board finds that the actual and anticipated applications for qualified
14 projects in distressed counties are clearly insufficient to use up the
15 twenty percent allocation, then the board shall estimate the amount of
16 the insufficiency and during the remainder of the biennium may use that
17 amount of the allocation for (~~loans and grants~~) financial assistance
18 for projects not located in distressed counties.

19 NEW SECTION. **Sec. 11.** If any provision of this act or its
20 application to any person or circumstance is held invalid, the
