15 as follows:

16 Every auditor or recording officer must keep a general index,
17 direct and inverted. The index may be either printed on paper or
18 produced on microfilm or microfiche, or it can be created from a
19 computerized data base and displayed on a video display terminal. Any
20 reference to a prior record location number may be entered in the
21 remarks column. Any property legal description contained in the
22 instrument must be entered in the description of property column of the
23 general index. The direct index shall be divided into (~~seven~~) eight
24 columns, and with heads to the respective columns, as follows: Date of
25 reception, grantor, grantee, nature of instrument, volume and page
26 where recorded and/or the auditor's file number, remarks, description
27 of property, assessor's property tax parcel or account number. The
28 auditor or recording officer shall correctly enter in such index every
29 instrument concerning or affecting real estate which by law is required
30 to be recorded, the names of grantors being in alphabetical order. The
31 inverted index shall also be divided into (~~seven~~) eight columns,
32 precisely similar, except that "grantee" shall occupy the second column
33 and "grantor" the third, the names of grantees being in alphabetical
34 order. The auditor or recording officer may combine the direct and

1 indirect indexes into a single index if it contains all the information
2 required to be contained in the separate direct and indirect indexes
3 and the names of all grantors and grantees can be found by a person
4 searching the combined index. For the purposes of this chapter, the
5 term "grantor" means any person conveying or encumbering the title to
6 any property, or any person against whom any lis pendens, judgment,
7 notice of lien, order of sale, execution, writ of attachment, or claims
8 of separate or community property shall be placed on record. The
9 auditor or recording officer shall also enter in the general index, the
10 name of the party or parties platting a town, village, or addition in
11 the column prescribed for "grantors," describing the grantee in such
12 case as "the public." However, the auditor or recording officer shall
13 not receive or record any such plat or map until it has been approved
14 by the mayor and common council of the municipality in which the
15 property so platted is situated, or if the property be not situated
16 within any municipal corporation, then the plat must be first approved
17 by the county legislative authority. The auditor or recording officer
18 shall not receive for record any plat, map, or subdivision of land
19 bearing a name the same or similar to the name of any map or plat
20 already on record in the office. The auditor or recording officer may
21 establish a name reservation system to preclude the possibility of
22 duplication of names.

23 NEW SECTION. **Sec. 5.** This act shall take effect January 1, 1997.
