13 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

14 NEW SECTION. **Sec. 1.** The legislature supports the recommendations
15 of the state fish and wildlife commission with regard to the
16 commission's responsibilities in the merged department of fish and
17 wildlife. It is the intent of the legislature that, beginning July 1,
18 1996, the commission assume regulatory authority for food fish and
19 shellfish in addition to its existing authority for game fish and

1 wildlife. It is also the intent of the legislature to provide to the
2 commission the authority to review and approve department agreements,
3 to review and approve the department's budget proposals, to adopt rules
4 for the department, and to select commission staff and the director of
5 the department.

6 The legislature finds that all fish, shellfish, and wildlife
7 species should be managed under a single comprehensive set of goals,
8 policies, and objectives, and that the decision-making authority should
9 rest with the fish and wildlife commission. The commission acts in an
10 open and deliberative process that encourages public involvement and
11 increases public confidence in department decision-making.

11 from the second Monday of September through November 30, except during
12 the hours between 4:00 p.m. of Friday and 4:00 p.m. of the following

21 (5) Whenever the ((~~director~~)) commission determines that a stock or
22 run of salmon cannot be harvested in the usual manner, and that the
23 stock or run of salmon may be in danger of being wasted and surplus to
24 natural or artificial spawning requirements, the ((~~director~~))
25 commission may authorize units of gill net and purse seine gear in any
26 number or equivalents, by time and area, to fully utilize the
27 harvestable portions of these salmon runs for the economic well being
28 of the citizens of this state. Gill net and purse seine gear other
29 than emergency and test gear authorized by the director shall not be
30 used in Lake Washington.

31 (6) The ((~~director~~)) commission may authorize commercial fishing
32 for pink salmon in each odd-numbered year from August 1 through

37 **Sec. 26.** RCW 75.12.015 and 1983 1st ex.s. c 46 s 48 are each
38 amended to read as follows:

1 Except as provided in this section, it is unlawful to fish
2 commercially for chinook or coho salmon in the Pacific Ocean and the

5 for coho salmon from June 16 through October 31.

6 (2) The ((~~director~~)) commission may authorize commercial fishing
7 for chinook salmon from March 15 through October 31.

8 **Sec. 27.** RCW 75.20.110 and 1993 sp.s. c 2 s 36 are each amended to
9 read as follows:

10 (1) Except for the north fork of the Lewis river and the White
11 Salmon river, all streams and rivers tributary to the Columbia river
12 downstream from McNary dam are established as an anadromous fish
13 sanctuary. This sanctuary is created to preserve and develop the food
14 fish and game fish resources in these streams and rivers and to protect
15 them against undue industrial encroachment.

16 (2) Within the sanctuary area:

17 (a) It is unlawful to construct a dam greater than twenty-five feet
18 high within the migration range of anadromous fish as determined by the
19 ((~~director~~)) commission.

20 (b) Except by order of the ((~~director~~)) commission, it is unlawful
21 to divert water from rivers and streams in quantities that will reduce
22 the respective stream flow below the annual average low flow, based
23 upon data published in United States geological survey reports.

24 (3) The ((~~director~~)) commission may acquire and abate a dam or
25 other obstruction, or acquire any water right vested on a sanctuary
26 stream or river, which is in conflict with the provisions of subsection
27 (2) of this section.

29 sediment retention structure to be built on the North Fork Toutle river
30 by the United States army corps of engineers.

31 **Sec. 28.** RCW 75.24.030 and 1983 1st ex.s. c 46 s 79 are each
32 amended to read as follows:

33 Only upon recommendation of the ((~~director~~)) commission may the
34 state oyster reserves be sold, leased, or otherwise disposed of by the
35 department of natural resources.

1 **Sec. 29.** RCW 75.24.100 and 1993 c 340 s 51 are each amended to
2 read as follows:

3 (1) It is unlawful to take geoduck clams for commercial purposes
4 outside the harvest area designated in a current department of natural
5 resources geoduck harvesting agreement issued under RCW 79.96.080. It
6 is unlawful to commercially harvest geoduck clams from bottoms that are
7 shallower than eighteen feet below mean lower low water (0.0. ft.), or
8 that lie in an area bounded by the line of ordinary high tide (mean
9 high tide) and a line two hundred yards seaward from and parallel to
10 the line of ordinary high tide. This section does not apply to the
11 harvest of private sector cultured aquatic products as defined in RCW
12 15.85.020.

13 (2) Commercial geoduck harvesting shall be done with a hand-held,
14 manually operated water jet or suction device guided and controlled
15 from under water by a diver. Periodically, the ~~((director))~~ commission
16 shall determine the effect of each type or unit of gear upon the
17 geoduck population or the substrate they inhabit. The ~~((director))~~
18 commission may require modification of the gear or stop its use if it
19 is being operated in a wasteful or destructive manner or if its
20 operation may cause permanent damage to the bottom or adjacent
21 shellfish populations.

22 **Sec. 30.** RCW 75.24.130 and 1983 1st ex.s. c 46 s 89 are each
23 amended to read as follows:

24 The ~~((director))~~ commission may examine the clam, mussel, and
25 oyster beds located on aquatic lands belonging to the state and request
26 the commissioner of public lands to withdraw these lands from sale and
27 lease for the purpose of establishing reserves or public beaches. The
28 ~~((director))~~ commission shall conserve, protect, and develop these
29 reserves and the oyster, shrimp, clam, and mussel beds on state lands.

30 **Sec. 31.** RCW 75.25.095 and 1990 c 34 s 2 are each amended to read
31 as follows:

32 ~~((Notwithstanding RCW 75.25.090,))~~ The ~~((director))~~ commission may
33 adopt rules designating times and places for the purposes of family
34 fishing days when a recreational fishing license is not required to
35 fish for food fish or shellfish. All other applicable laws and rules
36 shall remain in effect.

1 **Sec. 32.** RCW 75.30.060 and 1983 1st ex.s. c 46 s 139 are each
2 amended to read as follows:

3 A person aggrieved by a decision of the department under this
4 chapter may request administrative review under the informal procedure
5 established by this section.

6 In an informal hearing before a review board, the rules of evidence
7 do not apply. A record of the proceeding shall be kept as provided by
8 chapter 34.05 RCW. After hearing the case the review board shall
9 notify in writing the ((~~director~~)) commission and the initiating party
10 whether the review board agrees or disagrees with the department's
11 decision and the reasons for the board's findings. Upon receipt of the
12 board's findings the ((~~director~~)) commission may order such relief as
13 the ((~~director~~)) commission deems appropriate under the circumstances.

14 Nothing in this section: (1) Impairs an aggrieved person's right
15 to proceed under chapter 34.05 RCW; or (2) imposes a liability on
16 members of a review board for their actions under this section.

17 **Sec. 33.** RCW 75.50.010 and 1993 sp.s. c 2 s 45 are each amended to
18 read as follows:

19 Currently, many of the salmon stocks of Washington state are
20 critically reduced from their sustainable level. The best interests of
21 all fishing groups and the citizens as a whole are served by a stable
22 and productive salmon resource. Immediate action is needed to reverse
23 the severe decline of the resource and to insure its very survival.
24 The legislature finds a state of emergency exists and that immediate
25 action is required to restore its fishery.

26 Disagreement and strife have dominated the salmon fisheries for
27 many years. Conflicts among the various fishing interests have only
28 served to erode the resource. It is time for the state of Washington
29 to make a major commitment to increasing productivity of the resource
30 and to move forward with an effective rehabilitation and enhancement
31 program. The ((~~department~~)) commission is directed to dedicate its
32 efforts and the efforts of the department to seek resolution to the
33 many conflicts that involve the resource.

34 Success of the enhancement program can only occur if projects
35 efficiently produce salmon or restore habitat. The expectation of the
36 program is to optimize the efficient use of funding on projects that
37 will increase artificially and naturally produced salmon, restore and
38 improve habitat, or identify ways to increase the survival of salmon.

1 The full utilization of state resources and cooperative efforts with
2 interested groups are essential to the success of the program.

3 **Sec. 34.** RCW 75.50.020 and 1985 c 458 s 2 are each amended to read
4 as follows:

5 (1) The ((~~director~~)) commission shall develop long-term regional
6 policy statements regarding the salmon fishery resources before
7 December 1, 1985. The ((~~director~~)) commission shall consider the
8 following in formulating and updating regional policy statements:

9 (a) Existing resource needs;

10 (b) Potential for creation of new resources;

11 (c) Successful existing programs, both within and outside the
12 state;

13 (d) Balanced utilization of natural and hatchery production;

14 (e) Desires of the fishing interest;

15 (f) Need for additional data or research;

16 (g) Federal court orders; and

17 (h) Salmon advisory council recommendations.

18 (2) The ((~~director~~)) commission shall review and update each policy
19 statement at least once each year.

20 **Sec. 35.** RCW 75.50.030 and 1985 c 458 s 3 are each amended to read
21 as follows:

22 (1) The ((~~director~~)) commission shall develop a detailed salmon
23 enhancement plan with proposed enhancement projects. The plan and the
24 regional policy statements shall be submitted to the secretary of the
25 senate and chief clerk of the house of representatives for legislative
26 distribution by June 30, 1986. The enhancement plan and regional
27 policy statements shall be provided by June 30, 1986, to the natural
28 resources committees of the house of representatives and the senate.
29 The ((~~director~~)) commission shall provide a maximum opportunity for the
30 public to participate in the development of the salmon enhancement
31 plan. To insure full participation by all interested parties, the
32 ((~~director~~)) commission shall solicit and consider enhancement project
33 proposals from Indian tribes, sports fishermen, commercial fishermen,
34 private aquaculturists, and other interested groups or individuals for
35 potential inclusion in the salmon enhancement plan. Joint or
36 cooperative enhancement projects shall be considered for funding.

1 (2) The following criteria shall be used by the ((director))
2 commission in formulating the project proposals:

3 (a) Compatibility with the long-term policy statement;

4 (b) Benefit/cost analysis;

5 (c) Needs of all fishing interests;

6 (d) Compatibility with regional plans, including harvest management
7 plans;

8 (e) Likely increase in resource productivity;

9 (f) Direct applicability of any research;

10 (g) Salmon advisory council recommendations;

11 (h) Compatibility with federal court orders;

12 (i) Coordination with the salmon and steelhead advisory commission
13 program;

14 (j) Economic impact to the state;

15 (k) Technical feasibility; and

16 (l) Preservation of native salmon runs.

17 (3) The ((director)) commission shall not approve projects that
18 serve as replacement funding for projects that exist prior to May 21,
19 1985, unless no other sources of funds are available.

20 (4) The ((director)) commission shall prioritize various projects
21 and establish a recommended implementation time schedule.

22 **Sec. 36.** RCW 75.50.040 and 1985 c 458 s 4 are each amended to read
23 as follows:

24 Upon approval by the legislature of funds for its implementation,
25 the ((director)) commission shall monitor the progress of projects
26 detailed in the salmon enhancement plan.

27 The ((director)) commission shall be responsible for establishing
28 criteria which shall be used to measure the success of each project in
29 the salmon enhancement plan.

30 **Sec. 37.** RCW 75.50.050 and 1987 c 505 s 72 are each amended to
31 read as follows:

32 The ((director)) commission shall report to the legislature on or
33 before October 30th of each year ((through 1991)) on the progress and
34 performance of each project. The report shall contain an analysis of
35 the successes and failures of the program to enable optimum development
36 of the program. The report shall include estimates of funding levels
37 necessary to operate the projects in future years.

1 The (~~director~~) commission shall submit the reports and any
2 additional recommendations to the chairs of the committees on ways and
3 means and the committees on natural resources of the senate and house
4 of representatives.

5 **Sec. 38.** RCW 75.50.070 and 1993 sp.s. c 2 s 46 are each amended to
6 read as follows:

7 The legislature finds that it is in the best interest of the salmon
8 resource of the state to encourage the development of regional
9 fisheries enhancement groups. The accomplishments of one existing
10 group, the Grays Harbor fisheries enhancement task force, have been
11 widely recognized as being exemplary. The legislature recognizes the
12 potential benefits to the state that would occur if each region of the
13 state had a similar group of dedicated citizens working to enhance the
14 salmon resource.

15 The legislature authorizes the formation of regional fisheries
16 enhancement groups. These groups shall be eligible for state financial
17 support and shall be actively supported by the commission and the
18 department. The regional groups shall be operated on a strictly
19 nonprofit basis, and shall seek to maximize the efforts of volunteer
20 and private donations to improve the salmon resource for all citizens
21 of the state.

22 **Sec. 39.** RCW 75.50.100 and 1993 sp.s. c 17 s 11 and 1993 c 340 s
23 53 are each reenacted and amended to read as follows:

24 The dedicated regional fisheries enhancement group account is
25 created in the custody of the state treasurer. Only the (~~director~~)
26 commission or the (~~director's~~) commission's designee may authorize
27 expenditures from the account. The account is subject to allotment
28 procedures under chapter 43.88 RCW, but no appropriation is required
29 for expenditures.

30 A surcharge of one dollar shall be collected on each recreational
31 personal use food fish license sold in the state. A surcharge of one
32 hundred dollars shall be collected on each commercial salmon fishery
33 license, each salmon delivery license, and each salmon charter license
34 sold in the state. The department shall study methods for collecting
35 and making available, an annual list, including names and addresses, of
36 all persons who obtain recreational and commercial salmon fishing
37 licenses. This list may be used to assist formation of the regional

1 fisheries enhancement groups and allow the broadest participation of
2 license holders in enhancement efforts. The results of the study shall
3 be reported to the house of representatives fisheries and wildlife
4 committee and the senate environment and natural resources committee by
5 October 1, 1990. All receipts shall be placed in the regional
6 fisheries enhancement group account and shall be used exclusively for
7 regional fisheries enhancement group projects for the purposes of RCW
8 75.50.110. Funds from the regional fisheries enhancement group account
9 shall not serve as replacement funding for department operated salmon
10 projects that exist on January 1, 1991.

11 All revenue from the department's sale of salmon carcasses and eggs
12 that return to group facilities shall be deposited in the regional
13 fisheries enhancement group account for use by the regional fisheries
14 enhancement group that produced the surplus. The ~~((director))~~
15 commission shall adopt rules to implement this section pursuant to
16 chapter 34.05 RCW.

17 **Sec. 40.** RCW 75.50.110 and 1990 c 58 s 4 are each amended to read
18 as follows:

19 A regional fisheries enhancement group advisory board is
20 established to make recommendations to the ~~((director))~~ commission.
21 The advisory board shall make recommendations regarding regional
22 enhancement group rearing project proposals and funding of those
23 proposals. The members shall be appointed by the ~~((director))~~
24 commission and consist of two commercial fishing representatives, two
25 recreational fishing representatives, and three at-large positions.
26 The advisory board membership shall include two members serving ex
27 officio to be nominated, one through the Northwest Indian fisheries
28 commission, and one through the Columbia river intertribal fish
29 commission.

30 The department may use account funds to provide agency assistance
31 to the groups. The level of account funds used by the department shall
32 be determined by the ~~((director))~~ commission after review and
33 recommendation by the regional fisheries enhancement group advisory
34 board and shall not exceed twenty percent of annual contributions to
35 the account.

36 **Sec. 41.** RCW 75.50.130 and 1993 sp.s. c 2 s 48 are each amended to
37 read as follows:

1 The (~~director~~) commission shall prepare a salmon recovery plan
2 for the Skagit river. The plan shall include strategies for employing
3 displaced timber workers to conduct salmon restoration and other tasks
4 identified in the plan. The plan shall incorporate the best available
5 technology in order to achieve maximum restoration of depressed salmon
6 stocks. The plan must encourage the restoration of natural spawning
7 areas and natural rearing of salmon but must not preclude the
8 development of an active hatchery program.

9 **Sec. 42.** RCW 75.52.050 and 1984 c 72 s 5 are each amended to read
10 as follows:

11 The (~~director of each department~~) commission shall establish by
12 rule:

13 (1) The procedure for entering a cooperative agreement and the
14 application forms for a permit to release fish or wildlife required by
15 RCW 75.08.295 or 77.16.150. The procedure shall indicate the
16 information required from the volunteer group as well as the process of
17 review by the department. The process of review shall include the
18 means to coordinate with other agencies and Indian tribes when
19 appropriate and to coordinate the review of any necessary hydraulic
20 permit approval applications.

21 (2) The procedure for providing within forty-five days of receipt
22 of a proposal a written response to the volunteer group indicating the
23 date by which an acceptance or rejection of the proposal can be
24 expected, the reason why the date was selected, and a written summary
25 of the process of review. The response should also include any
26 suggested modifications to the proposal which would increase its
27 likelihood of approval and the date by which such modified proposal
28 could be expected to be accepted. If the proposal is rejected, the
29 department must provide in writing the reasons for rejection. The
30 volunteer group may request the director or the director's designee to
31 review information provided in the response.

32 (3) The priority of the uses to which eggs, seed, juveniles, or
33 brood stock are put. Use by cooperative projects shall be second in
34 priority only to the needs of programs of the department or of other
35 public agencies within the territorial boundaries of the state. Sales
36 of eggs, seed, juveniles, or brood stock have a lower priority than use
37 for cooperative projects.

1 (4) The procedure for notice in writing to a volunteer group of
2 cause to revoke the agreement for the project and the procedure for
3 revocation. Revocation shall be documented in writing to the volunteer
4 group. Cause for revocation may include: (a) The unavailability of
5 adequate biological or financial resources; (b) the development of
6 unacceptable biological or resource management conflicts; or (c) a
7 violation of agreement provisions. Notice of cause to revoke for a
8 violation of agreement provisions may specify a reasonable period of
9 time within which the volunteer group must comply with any violated
10 provisions of the agreement.

11 (5) An appropriate method of distributing among volunteer groups
12 fish, bird, or animal food or other supplies available for the program.

13 **Sec. 43.** RCW 77.16.135 and 1993 sp.s. c 2 s 74 are each amended to
14 read as follows:

15 (1) The (~~director~~) commission shall revoke all licenses and
16 privileges extended under Title 77 RCW of a person convicted of assault
17 on a state wildlife agent or other law enforcement officer provided
18 that:

19 (a) The wildlife agent or other law enforcement officer was on duty

35 accused;

36 (c) A forfeiture of bail or a vacation of bail posted to the court;

37 or

1 (d) The imposition of a deferred or suspended sentence by the
2 court.

3 (4) No license described under Title 77 RCW shall be reissued to a
4 person violating this section for a minimum of ten years, at which time
5 a person may petition the director for a reinstatement of his or her
6 license or licenses. The ten-year period shall be tolled during any
7 time the convicted person is incarcerated in any state or local
8 correctional or penal institution, in community supervision, or home
9 detention for an offense under this section. Upon review by the
10 director, and if all provisions of the court that imposed sentencing
11 have been completed, the director may reinstate in whole or in part the
12 licenses and privileges under Title 77 RCW.

13 NEW SECTION. **Sec. 44.** By July 1, 1996, the fish and wildlife
14 commission shall submit to the committees on natural resources of the
15 house of representatives and the senate a report identifying other
16 statutory changes necessary for implementation of the commission's
17 recommendations regarding its responsibilities in the department of
