FILED

April 17, 1995 - 3:54 p.m.

**Secretary of State
State of Washington**

SUBSTITUTE SENATE BILL 5688

Passed Legislature - 1995 Regular Session

State of Washington

54th Legislature

1995 Regular Session

By Senate Committee on Human Services & Corrections (originally sponsored by Senators Hargrove, Long, Franklin, Rasmussen, C. Anderson, Kohl, Prentice, McAuliffe, Fairley, Drew, Smith, Heavey, Sheldon, Wojahn, Bauer and Winsley)

Read first time 03/01/95.

1 AN ACT Relating to fetal alcohol exposure; adding new sections to
2 chapter 70.96A RCW; and creating new sections.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4 NEW SECTION. **Sec. 1.** The legislature finds that fetal alcohol
5 exposure is among the leading known causes of mental retardation in the
6 children of our state. The legislature further finds that individuals
7 with undiagnosed fetal alcohol exposure suffer substantially from
8 secondary disabilities such as child abuse and neglect, separation from
9 families, multiple foster placements, depression, aggression, school
10 failure, juvenile detention, and job instability. These secondary
11 disabilities come at a high cost to the individuals, their family, and
12 society. The legislature finds that these problems can be reduced
13 substantially by early diagnosis and receipt of appropriate, effective
14 intervention.

15 The purpose of this act is to support current public and private
16 efforts directed at the early identification of and intervention into
17 the problems associated with fetal alcohol exposure through the
18 creation of a fetal alcohol exposure clinical network.

1 NEW SECTION. **Sec. 2.** A new section is added to chapter 70.96A RCW
2 to read as follows:

3 (1) The department shall contract with the University of Washington
4 fetal alcohol syndrome clinic to provide fetal alcohol exposure
5 screening and assessment services. The University indirect charges
6 shall not exceed ten percent of the total contract amount. The
7 contract shall require the University of Washington fetal alcohol
8 syndrome clinic to provide the following services:

9 (a) Training for health care staff in community-based fetal alcohol
10 exposure clinics to ensure the accurate diagnosis of individuals with
11 fetal alcohol exposure and the development and implementation of
12 appropriate service referral plans;

13 (b) Development of written or visual educational materials for the
14 individuals diagnosed with fetal alcohol exposure and their families or
15 caregivers;

16 (c) Systematic information retrieval from each community clinic to
17 (i) maintain diagnostic accuracy and reliability across all community
18 clinics, (ii) facilitate the development of effective and efficient
19 screening tools for population-based identification of individuals with
20 fetal alcohol exposure, (iii) facilitate identification of the most
21 clinically efficacious and cost-effective educational, social,
22 vocational, and health service interventions for individuals with fetal
23 alcohol exposure;

24 (d) Based on available funds, establishment of a network of
25 community-based fetal alcohol exposure clinics across the state to meet
26 the demand for fetal alcohol exposure diagnostic and referral services;
27 and

28 (e) Preparation of an annual report for submission to the
29 department of health, the department of social and health services, the
30 department of corrections, and the office of the superintendent of
31 public instruction which includes the information retrieved under
32 subsection (1)(c) of this section.

33 (2) The department shall submit to the legislature, by January 1,
34 1996, a copy of the governor's fetal alcohol syndrome advisory board
35 report.

36 NEW SECTION. **Sec. 3.** A new section is added to chapter 70.96A RCW
37 to read as follows:

1 The department of social and health services, the department of
2 health, the department of corrections, and the office of the
3 superintendent of public instruction shall execute an interagency
4 agreement to ensure the coordination of identification, prevention, and
5 intervention programs for children who have fetal alcohol exposure, and
6 for women who are at high risk of having children with fetal alcohol
7 exposure.

8 The interagency agreement shall provide a process for community
9 advocacy groups to participate in the review and development of
10 identification, prevention, and intervention programs administered or
11 contracted for by the agencies executing this agreement.

12 NEW SECTION. **Sec. 4.** If specific funding for the purposes of this
13 act referencing this act by bill number is not provided by June 30,
14 1995, in the omnibus appropriations act, this act is null and void.

Passed the Senate March 13, 1995.

Passed the House April 5, 1995.

Approved by the Governor April 17, 1995.

Filed in Office of Secretary of State April 17, 1995.
