

2376-S

Sponsor(s): House Committee on Agriculture & Ecology (originally sponsored by Representatives Chandler, Koster, Johnson, Boldt, McMorris, Thompson and Mulliken)

Brief Description: Recovering gasoline vapors.

HB 2376-S - DIGEST

(DIGEST AS ENACTED)

Provides that gasoline vapor recovery devices may only be required at a service station under designated circumstances.

Does not prohibit DOE or a local authority from requiring a recovery device as part of the regulation of sources as provided in RCW 70.94.152, 70.94.331, 70.94.141, or 42 U.S.C. Section 7412.
