Brief Description: Allowing water purveyor service areas to be redefined to allow new water systems.

HB 2712 - DIGEST

Provides that if a water purveyor cannot provide service to an area within its service boundary within a timely and reasonable manner, as defined in RCW 70.116.040, the purveyor's service area shall be redefined by the county legislative authority to exclude the unserviceable area.

Directs the county legislative authority to establish a process for resolving disputes between existing water purveyors and proposed new water systems.
