5 Strike everything after the enacting clause and insert the
6 following:

7 NEW SECTION. **Sec. 1.** The legislature finds that the shortage of
8 temporary worker housing is due in part to inappropriate construction
9 requirements for temporary worker shelter and related facilities. It
10 is the intent of the legislature that temporary worker housing
11 developers, including employers, be provided with a regulatory
12 framework that allows shelter to be provided that meets the basic
13 dignity, comfort, common decency, health, and safety needs of workers.
14 It is the intent of chapter . . . , Laws of 1997 (this act) to provide
15 a temporary worker housing building code that will encourage private
16 development of temporary worker housing, and will accommodate a wide
17 range of building materials and new and innovative construction formats
18 that are not possible under previously applicable codes.

19 NEW SECTION. **Sec. 2.** A new section is added to chapter 19.27 RCW
20 to read as follows:

21 Temporary worker housing shall be constructed, altered, or repaired
22 as provided in chapter 70.114A RCW. The construction, alteration, or
23 repair of temporary worker housing is not subject to the codes adopted
24 under RCW 19.27.031, except as provided in any code adopted under
25 chapter 70.114A RCW. For the purposes of this section "temporary
26 worker housing" means a shelter, place, area, or piece of land where
27 sleeping places or housing sites are provided by an employer for his or
28 her employees for temporary seasonal occupancy, not to exceed six
29 months in a twelve-month period, at the employees' worksite, and
30 includes labor camps under RCW 70.54.110. The term "temporary worker
31 housing" includes tents and tent platforms approved by the department
32 of health.

33 **Sec. 3.** RCW 70.114A.080 and 1995 c 220 s 8 are each amended to
34 read as follows:

1 (~~By December 1, 1996,~~) The state building code council shall
2 ~~((develop))~~ adopt by rule under chapter 34.05 RCW a temporary worker
3 ~~((housing))~~ building code, in conformance with the temporary worker

7 (1) The code shall provide construction standards for shelter and

9 withstanding the stresses and loads associated with their designated
10 use, and to which they are likely to be subjected by the elements.

11 (2) The code shall permit and facilitate designs and formats that
12 allow for maximum affordability, consistent with the provision of

22 that is to be used only during periods when no auxiliary heat is
23 required.

24 In ~~((developing))~~ adopting the temporary worker ~~((housing))~~
25 building code, it is the intent of the legislature that the building
26 code council make exceptions to the codes listed in RCW 19.27.031, and
27 chapter 19.27A RCW, in keeping with the guidelines set forth in this
28 section.

29 ~~((The building code council shall appoint a technical advisory~~
30 ~~committee to assist in the development of the temporary worker housing~~
31 ~~code, which shall include representatives of industries that most~~
32 ~~frequently supply temporary housing to their employees.))~~ It is also
33 the intent of the legislature that the state building code council take
34 into consideration the guidelines developed by the technical advisory
35 committee for the development of the initial temporary worker building
36 code adopted by the state building code council under section 8,
37 chapter 220, Laws of 1995, and presented to the legislature on December
38 1, 1996. The state building code council shall consider additional
39 input from all interested parties, including seasonal agricultural

1 workers, before adopting the temporary worker building code under this
2 section.

3 The temporary worker building code authorized and required by this
4 section shall be enforced by the department.

5 **Sec. 4.** RCW 43.70.340 and 1990 c 253 s 3 are each amended to read
6 as follows:
