6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7 **Sec. 1.** RCW 28A.150.260 and 1995 c 77 s 2 are each amended to read
8 as follows:

9 The basic education allocation for each annual average full time
10 equivalent student shall be determined in accordance with the following
11 procedures:

12 (1) The governor shall and the superintendent of public instruction
13 may recommend to the legislature a formula based on a ratio of students
14 to staff for the distribution of a basic education allocation for each
15 annual average full time equivalent student enrolled in a common
16 school. The distribution formula shall have the primary objective of
17 equalizing educational opportunities and shall provide appropriate
18 recognition of the following costs among the various districts within
19 the state:

- 1 (a) Certificated instructional staff and their related costs;
- 2 (b) Certificated administrative staff and their related costs;
- 3 (c) Classified staff and their related costs;
- 4 (d) Nonsalary costs;
- 5 (e) Extraordinary costs of remote and necessary schools and small
- 6 high schools, including costs of additional certificated and classified
- 7 staff; and
- 8 (f) The attendance of students pursuant to RCW 28A.335.160 and
- 9 28A.225.250 who do not reside within the servicing school district.

10 (2)(a) This formula for distribution of basic education funds shall
11 be reviewed biennially by the superintendent and governor. The
12 recommended formula shall be subject to approval, amendment or
13 rejection by the legislature. The formula shall be for allocation
14 purposes only. While the legislature intends that the allocations for
15 additional instructional staff be used to increase the ratio of such
16 staff to students, nothing in this section shall require districts to
17 reduce the number of administrative staff below existing levels.

18 (b) The formula adopted by the legislature shall reflect the
19 following ratios at a minimum: (i) Forty-nine certificated
20 instructional staff to one thousand annual average full time equivalent
21 students enrolled in grades kindergarten through three; (ii) forty-six
22 certificated instructional staff to one thousand annual average full
23 time equivalent students in grades four through twelve; (iii) four
24 certificated administrative staff to one thousand annual average full
25 time equivalent students in grades kindergarten through twelve; and
26 (iv) sixteen and sixty-seven one-hundredths classified personnel to one
27 thousand annual average full time equivalent students enrolled in
28 grades kindergarten through twelve.

29 (c) In the event the legislature rejects the distribution formula
30 recommended by the governor, without adopting a new distribution
31 formula, the distribution formula for the previous school year shall
32 remain in effect: PROVIDED, That the distribution formula developed
33 pursuant to this section shall be for state apportionment and
34 equalization purposes only and shall not be construed as mandating
35 specific operational functions of local school districts other than
36 those program requirements identified in RCW 28A.150.220 and
37 28A.150.100. The enrollment of any district shall be the annual
38 average number of full time equivalent students and part time students
39 as provided in RCW 28A.150.350, enrolled on the first school day of

1 each month and shall exclude full time equivalent students with
2 disabilities recognized for the purposes of allocation of state funds
3 for programs under RCW 28A.155.010 through 28A.155.100. The definition
4 of full time equivalent student shall be determined by rules of the
5 superintendent of public instruction: PROVIDED, That the definition
6 shall be included as part of the superintendent's biennial budget
7 request: PROVIDED, FURTHER, That any revision of the present
8 definition shall not take effect until approved by the house
9 appropriations committee and the senate ways and means committee:
10 PROVIDED, FURTHER, That the office of financial management shall make
11 a monthly review of the superintendent's reported full time equivalent
12 students in the common schools in conjunction with RCW 43.62.050.

13 (3)(a) Certificated instructional staff shall include those persons
14 employed by a school district who are nonsupervisory employees within
15 the meaning of RCW 41.59.020(8): PROVIDED, That in exceptional cases,
16 people of unusual competence but without certification may teach
17 students so long as a certificated person exercises general
18 supervision: PROVIDED, FURTHER, That the hiring of such
19 (~~noncertificated~~) classified people shall not occur during a labor
20 dispute and such (~~noncertificated~~) classified people shall not be
21 hired to replace certificated employees during a labor dispute.

22 (b) Certificated administrative staff shall include all those
23 persons who are chief executive officers, chief administrative
24 officers, confidential employees, supervisors, principals, or assistant
25 principals within the meaning of RCW 41.59.020(4).

26 (4) Each annual average full time equivalent certificated classroom
27 teacher's direct classroom contact hours shall average at least twenty-
28 five hours per week. Direct classroom contact hours shall be exclusive
29 of time required to be spent for preparation, conferences, or any other
30 nonclassroom instruction duties. Up to two hundred minutes per week
31 may be deducted from the twenty-five contact hour requirement, at the
32 discretion of the school district board of directors, to accommodate
33 authorized teacher/parent-guardian conferences, recess, passing time
34 between classes, and informal instructional activity. Implementing
35 rules to be adopted by the state board of education pursuant to RCW
36 28A.150.220(4) shall provide that compliance with the direct contact
37 hour requirement shall be based upon teachers' normally assigned weekly
38 instructional schedules, as assigned by the district administration.
39 Additional record-keeping by classroom teachers as a means of

1 accounting for contact hours shall not be required. Waivers from
2 contact hours may be requested under RCW 28A.305.140.

10 to staff for the distribution of a basic education allocation for each
11 annual average full time equivalent student enrolled in a common
12 school. The distribution formula shall have the primary objective of
13 equalizing educational opportunities and shall provide appropriate
14 recognition of the following costs among the various districts within
15 the state:

26 be reviewed biennially by the superintendent and governor. The
27 recommended formula shall be subject to approval, amendment or
28 rejection by the legislature. The formula shall be for allocation

31 staff to students, nothing in this section shall require districts to
32 reduce the number of administrative staff below existing levels.

33 (b) The formula adopted by the legislature shall reflect the
34 following ratios at a minimum: (i) Forty-nine certificated

16 as provided in RCW 28A.150.350, enrolled on the first school day of
17 each month and shall exclude full time equivalent students with
18 disabilities recognized for the purposes of allocation of state funds
19 for programs under RCW 28A.155.010 through 28A.155.100. The definition

11 into the plan, or as a result of the district not withholding or
12 deducting any tax, assessment, or other payment on such funds as
13 required under federal law.

14 Moneys or benefits received under this section shall not be
15 included for the purposes of computing a retirement allowance under any
16 public retirement system in this state.

17 The superintendent of public instruction in its administration
