
HOUSE BILL 1513

State of Washington

55th Legislature

1997 Regular Session

By Representatives Radcliff, Scott, Sterk, O'Brien, Robertson, Hatfield, Skinner, Murray, Cairnes, Wolfe and Wensman; by request of Commute Trip Reduction Task Force

Read first time 01/29/97. Referred to Committee on Transportation Policy & Budget.

1 AN ACT Relating to transportation demand management; amending RCW
2 70.94.521, 70.94.527, 70.94.531, 70.94.534, 70.94.537, 70.94.551,
3 46.74.010, 46.74.030, and 51.08.013; and reenacting and amending RCW
4 42.17.310.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 **Sec. 1.** RCW 70.94.521 and 1991 c 202 s 10 are each amended to read
7 as follows:

8 The legislature finds that automotive traffic in Washington's
9 metropolitan areas is the major source of emissions of air
10 contaminants. This air pollution causes significant harm to public
11 health, causes damage to trees, plants, structures, and materials and
12 degrades the quality of the environment.

13 Increasing automotive traffic is also aggravating traffic
14 congestion in Washington's metropolitan areas. This traffic congestion
15 imposes significant costs on Washington's businesses, governmental
16 agencies, and individuals in terms of lost working hours and delays in
17 the delivery of goods and services. Traffic congestion worsens
18 automobile-related air pollution, increases the consumption of fuel,
19 and degrades the habitability of many of Washington's cities and

1 suburban areas. The capital and environmental costs of fully
2 accommodating the existing and projected automobile traffic on roads
3 and highways are prohibitive. Decreasing the demand for vehicle trips
4 is significantly less costly and at least as effective in reducing
5 traffic congestion and its impacts as constructing new transportation
6 facilities such as roads and bridges, to accommodate increased traffic
7 volumes.

8 The legislature also finds that increasing automotive
9 transportation is a major factor in increasing consumption of gasoline
10 and, thereby, increasing reliance on imported sources of petroleum.
11 Moderating the growth in automotive travel is essential to stabilizing
12 and reducing dependence on imported petroleum and improving the
13 nation's energy security.

14 The legislature further finds that reducing the number of commute
15 trips to work made via single-occupant cars and light trucks is an
16 effective way of reducing automobile-related air pollution, traffic
17 congestion, and energy use. Major employers have significant
18 opportunities to encourage and facilitate reducing single-occupant
19 vehicle commuting by employees. In addition, the legislature also
20 recognizes the importance of increasing individual citizens' awareness
21 of air quality, energy consumption, and traffic congestion, and the
22 contribution individual actions can make towards addressing these
23 issues.

24 The intent of this chapter is to require local governments in those
25 counties experiencing the greatest automobile-related air pollution and
26 traffic congestion to develop and implement plans to reduce single-
27 occupant vehicle commute trips. Such plans shall require major
28 employers and employers at major worksites to implement programs to
29 reduce single-occupant vehicle commuting by employees at major
30 worksites. Local governments in counties experiencing significant but
31 less severe automobile-related air pollution and traffic congestion may
32 implement such plans. State agencies shall implement programs to
33 reduce single-occupant vehicle commuting at all major worksites
34 throughout the state.

35 **Sec. 2.** RCW 70.94.527 and 1996 c 186 s 513 are each amended to
36 read as follows:

37 (1) Each county with a population over one hundred fifty thousand,
38 and each city or town within those counties containing a major employer

1 shall, by October 1, 1992, adopt by ordinance and implement a commute
2 trip reduction plan for all major employers. The plan shall be
3 developed in cooperation with local transit agencies, regional
4 transportation planning organizations as established in RCW 47.80.020,
5 major employers, and the owners of and employers at major worksites.
6 The plan shall be designed to achieve reductions in the proportion of
7 single-occupant vehicle commute trips and the commute trip vehicle
8 miles traveled per employee by employees of major public and private
9 sector employers in the jurisdiction.

10 (2) All other counties, and cities and towns in those counties, may
11 adopt and implement a commute trip reduction plan.

12 (3) The department of ecology may, after consultation with the
13 department of transportation, as part of the state implementation plan
14 for areas that do not attain the national ambient air quality standards
15 for carbon monoxide or ozone, require municipalities other than those
16 identified in subsection (1) of this section to adopt and implement
17 commute trip reduction plans if the department determines that such
18 plans are necessary for attainment of said standards.

19 (4) A commute trip reduction plan shall be consistent with the
20 guidelines established under RCW 70.94.537 and shall include but is not
21 limited to (a) goals for reductions in the proportion of single-
22 occupant vehicle commute trips and the commute trip vehicle miles
23 traveled per employee; (b) designation of commute trip reduction zones;
24 (c) requirements for major public and private sector employers to
25 implement commute trip reduction programs; (d) a commute trip reduction
26 program for employees of the county, city, or town; (e) a review of
27 local parking policies and ordinances as they relate to employers and
28 major worksites and any revisions necessary to comply with commute trip
29 reduction goals and guidelines; (f) an appeals process by which major
30 employers, who as a result of special characteristics of their business
31 or its locations would be unable to meet the requirements of a commute
32 trip reduction plan, may obtain waiver or modification of those
33 requirements; and (g) means for determining base year values of the
34 proportion of single-occupant vehicle commute trips and the commute
35 trip vehicle miles traveled per employee and progress toward meeting
36 commute trip reduction plan goals on an annual basis. Goals which are
37 established shall take into account existing transportation demand
38 management efforts which are made by major employers. Each
39 jurisdiction shall ensure that employers shall receive full credit for

1 the results of transportation demand management efforts and commute
2 trip reduction programs which have been implemented by major employers
3 prior to the base year. The goals for miles traveled per employee for
4 all major employers shall not be less than a fifteen percent reduction
5 from the worksite base year value ((of)) or the base year value for the
6 commute trip reduction zone in which their worksite is located by
7 January 1, 1995, ((~~twenty-five~~)) twenty percent reduction from the base
8 year values by January 1, 1997, ((~~and thirty-five~~)) twenty-five percent
9 reduction from the base year values by January 1, 1999, and a thirty-
10 five percent reduction from the base year values by January 1, 2005.

11 (5) A county, city, or town may, as part of its commute trip
12 reduction plan, require commute trip reduction programs for employers
13 with ten or more full time employees at major worksites in federally
14 designated nonattainment areas for carbon monoxide and ozone. The
15 county, city or town shall develop the programs in cooperation with
16 affected employers and provide technical assistance to the employers in
17 implementing such programs.

18 (6) The commute trip reduction plans adopted by counties, cities,
19 and towns under this chapter shall be consistent with and may be
20 incorporated in applicable state or regional transportation plans and
21 local comprehensive plans and shall be coordinated, and consistent
22 with, the commute trip reduction plans of counties, cities, or towns
23 with which the county, city, or town has, in part, common borders or
24 related regional issues. Such regional issues shall include assuring
25 consistency in the treatment of employers who have worksites subject to
26 the requirements of this chapter in more than one jurisdiction.
27 Counties, cities, or towns adopting commute trip reduction plans may
28 enter into agreements through the interlocal cooperation act or by
29 resolution or ordinance as appropriate with other jurisdictions, local
30 transit agencies, or regional transportation planning organizations to
31 coordinate the development and implementation of such plans. Transit
32 agencies shall work with counties, cities, and towns to take into
33 account the location of major employer worksites when planning transit
34 service changes or the expansion of public transportation services.
35 Counties, cities, or towns adopting a commute trip reduction plan shall
36 review it annually and revise it as necessary to be consistent with
37 applicable plans developed under RCW 36.70A.070.

38 (7) Each county, city, or town implementing a commute trip
39 reduction program shall, within thirty days submit a summary of its

1 plan along with certification of adoption to the commute trip reduction
2 task force established under RCW 70.94.537.

3 (8) Each county, city, or town implementing a commute trip
4 reduction program shall submit an annual progress report to the commute
5 trip reduction task force established under RCW 70.94.537. The report
6 shall be due July 1, 1994, and each July 1st thereafter through July 1,
7 ((2000)) 2006. The report shall describe progress in attaining the
8 applicable commute trip reduction goals for each commute trip reduction
9 zone and shall highlight any problems being encountered in achieving
10 the goals. The information shall be reported in a form established by
11 the commute trip reduction task force.

12 (9) Any waivers or modifications of the requirements of a commute
13 trip reduction plan granted by a jurisdiction shall be submitted for
14 review to the commute trip reduction task force established under RCW
15 70.94.537. The commute trip reduction task force may not deny the
16 granting of a waiver or modification of the requirements of a commute
17 trip reduction plan by a jurisdiction but they may notify the
18 jurisdiction of any comments or objections.

19 (10) Each county, city, or town implementing a commute trip
20 reduction program shall count commute trips eliminated through work-at-
21 home options or alternate work schedules as one and two-tenths vehicle
22 trips eliminated for the purpose of meeting trip reduction goals.

23 (11) Plans implemented under this section shall not apply to
24 commute trips for seasonal agricultural employees.

25 (12) Plans implemented under this section shall not apply to
26 construction worksites when the expected duration of the construction
27 project is less than two years.

28 **Sec. 3.** RCW 70.94.531 and 1991 c 202 s 13 are each amended to read
29 as follows:

30 (1) Not more than six months after the adoption of the commute trip
31 reduction plan by a jurisdiction, each major employer in that
32 jurisdiction shall develop a commute trip reduction program and shall
33 submit a description of that program to the jurisdiction for review.
34 The program shall be implemented not more than six months after
35 submission to the jurisdiction.

36 (2) A commute trip reduction program shall consist of, at a minimum
37 (a) designation of a transportation coordinator and the display of the
38 name, location, and telephone number of the coordinator in a prominent

1 manner at each affected worksite; (b) regular distribution of
2 information to employees regarding alternatives to single-occupant
3 vehicle commuting; (c) an annual review of employee commuting and
4 reporting of progress toward meeting the single-occupant vehicle
5 reduction goals to the county, city, or town consistent with the method
6 established in the commute trip reduction plan; and (d) implementation
7 of a set of measures designed to achieve the applicable commute trip
8 reduction goals adopted by the jurisdiction. Such measures may include
9 but are not limited to:

- 10 (i) Provision of preferential parking or reduced parking charges,
11 or both, for high occupancy vehicles;
- 12 (ii) Instituting or increasing parking charges for single-occupant
13 vehicles;
- 14 (iii) Provision of commuter ride matching services to facilitate
15 employee ridesharing for commute trips;
- 16 (iv) Provision of subsidies for transit fares;
- 17 (v) Provision of vans for van pools;
- 18 (vi) Provision of subsidies for car pooling or van pooling;
- 19 (vii) Permitting the use of the employer's vehicles for car pooling
20 or van pooling;
- 21 (viii) Permitting flexible work schedules to facilitate employees'
22 use of transit, car pools, or van pools;
- 23 (ix) Cooperation with transportation providers to provide
24 additional regular or express service to the worksite;
- 25 (x) Construction of special loading and unloading facilities for
26 transit, car pool, and van pool users;
- 27 (xi) Provision of bicycle parking facilities, lockers, changing
28 areas, and showers for employees who bicycle or walk to work;
- 29 (xii) Provision of a program of parking incentives such as a rebate
30 for employees who do not use the parking facility;
- 31 (xiii) Establishment of a program to permit employees to work part
32 or full time at home or at an alternative worksite closer to their
33 homes;
- 34 (xiv) Establishment of a program of alternative work schedules such
35 as compressed work week schedules which reduce commuting; and
- 36 (xv) Implementation of other measures designed to facilitate the
37 use of high-occupancy vehicles such as on-site day care facilities and
38 emergency taxi services.

1 (3) Employers or owners of worksites may form or utilize existing
2 transportation management associations to assist members in developing
3 and implementing commute trip reduction programs.

4 (4) Employers shall make a good faith effort towards achievement of
5 the goals identified in RCW 70.94.527(4)(g).

6 **Sec. 4.** RCW 70.94.534 and 1991 c 202 s 14 are each amended to read
7 as follows:

8 (1) Each jurisdiction implementing a commute trip reduction plan
9 under this chapter or as part of a plan or ordinance developed under
10 RCW 36.70A.070 shall review each employer's initial commute trip
11 reduction program to determine if the program is likely to meet the
12 applicable commute trip reduction goals. The employer shall be
13 notified by the jurisdiction of its findings. If the jurisdiction
14 finds that the program is not likely to meet the applicable commute
15 trip reduction goals, the jurisdiction will work with the employer to
16 modify the program as necessary. The jurisdiction shall complete
17 review of each employer's initial commute trip reduction program within
18 three months of receipt.

19 (2) Each jurisdiction shall annually review each employer's
20 progress and good faith efforts toward meeting the applicable commute
21 trip reduction goals. If ~~((it appears))~~ an employer makes a good faith
22 effort, as defined in guidelines issued under RCW 70.94.537(2)(i), but
23 is not likely to meet the applicable commute trip reduction goals, the
24 jurisdiction shall work collaboratively with the employer to make
25 modifications to the commute trip reduction program. Failure of an
26 employer to reach the applicable commute trip reduction goals is not a
27 violation of this chapter.

28 (3) If an employer fails to make a good faith effort and fails to
29 meet the applicable commute trip reduction goals, the jurisdiction
30 shall work collaboratively with the employer to propose modifications
31 to the program and shall direct the employer to revise its program
32 within thirty days to incorporate those modifications or modifications
33 which the jurisdiction determines to be equivalent.

34 (4) Each jurisdiction implementing a commute trip reduction plan
35 pursuant to this chapter may impose civil penalties, in the manner
36 provided in chapter 7.80 RCW, for failure by an employer to implement
37 a commute trip reduction program or to modify its commute trip
38 reduction program as required in subsection (3) of this section. No

1 major employer may be held liable for civil penalties for failure to
2 reach the applicable commute trip reduction goals. No major employer
3 shall be liable for civil penalties under this chapter if failure to
4 achieve a commute trip reduction program goal was the result of an
5 inability to reach agreement with a certified collective bargaining
6 agent under applicable laws where the issue was raised by the employer
7 and pursued in good faith.

8 **Sec. 5.** RCW 70.94.537 and 1996 c 186 s 514 are each amended to
9 read as follows:

10 (1) A (~~twenty-two~~) twenty-eight member state commute trip
11 reduction task force (~~shall be~~) is established as follows:

12 (a) The secretary of the department of transportation or the
13 secretary's designee who shall serve as chair;

14 (b) The director of the department of ecology or the director's
15 designee;

16 (c) The director of the department of community, trade, and
17 economic development or the director's designee;

18 (d) The director of the department of general administration or the
19 director's designee;

20 (e) Three representatives from counties appointed by the governor
21 from a list of at least six recommended by the Washington state
22 association of counties;

23 (f) Three representatives from cities and towns appointed by the
24 governor from a list of at least six recommended by the association of
25 Washington cities;

26 (g) Three representatives from transit agencies appointed by the
27 governor from a list of at least six recommended by the Washington
28 state transit association;

29 (h) (~~Six~~) Twelve representatives of employers at or owners of
30 major worksites in Washington appointed by the governor from a list of
31 at least twelve recommended by the association of Washington business
32 or other state-wide business associations representing major employers;
33 and

34 (i) Three citizens appointed by the governor.

35 Members of the commute trip reduction task force shall serve
36 without compensation but shall be reimbursed for travel expenses as
37 provided in RCW 43.03.050 and 43.03.060. Members appointed by the
38 governor shall be compensated in accordance with RCW 43.03.220. The

1 task force has all powers necessary to carry out its duties as
2 prescribed by this chapter. The task force shall be dissolved on July
3 1, ((2000)) 2006.

4 (2) By March 1, 1992, the commute trip reduction task force shall
5 establish guidelines for commute trip reduction plans. The guidelines
6 are intended to ensure consistency in commute trip reduction plans and
7 goals among jurisdictions while fairly taking into account differences
8 in employment and housing density, employer size, existing and
9 anticipated levels of transit service, special employer circumstances,
10 and other factors the task force determines to be relevant. The
11 guidelines shall include:

12 (a) Criteria for establishing commute trip reduction zones;

13 (b) Methods and information requirements for determining base year
14 values of the proportion of single-occupant vehicle commute trips and
15 the commute trip vehicle miles traveled per employee and progress
16 toward meeting commute trip reduction plan goals;

17 (c) Model commute trip reduction ordinances;

18 (d) Methods for assuring consistency in the treatment of employers
19 who have worksites subject to the requirements of this chapter in more
20 than one jurisdiction;

21 (e) An appeals process by which major employers, who as a result of
22 special characteristics of their business or its locations would be
23 unable to meet the requirements of a commute trip reduction plan, may
24 obtain a waiver or modification of those requirements and criteria for
25 determining eligibility for waiver or modification;

26 (f) Methods to ensure that employers shall receive full credit for
27 the results of transportation demand management efforts and commute
28 trip reduction programs which have been implemented by major employers
29 prior to the base year;

30 (g) Alternative commute trip reduction goals for major employers
31 which cannot meet the goals of this chapter because of the unique
32 nature of their business; ((and))

33 (h) Alternative commute trip reduction goals for major employers
34 whose worksites change and who contribute substantially to traffic
35 congestion in a trip reduction zone; and

36 (i) Criteria for jurisdictions and employers to use in evaluating
37 an employer's good faith effort towards achievement of the applicable
38 commute trip reduction goals. The task force shall develop and
39 establish guidelines under this subsection (2)(i) by July 1, 1997.

1 (3) The task force shall work with jurisdictions, major employers,
2 and other parties to develop and implement a public awareness campaign
3 designed to increase the effectiveness of local commute trip reduction
4 programs and support achievement of the objectives identified in this
5 chapter.

6 (4) The task force shall assess the commute trip reduction options
7 available to employers other than major employers and make
8 recommendations to the legislature by October 1, 1992. The
9 recommendations shall include the minimum size of employer who shall be
10 required to implement trip reduction programs and the appropriate
11 methods those employers can use to accomplish trip reduction goals.

12 (~~(4)~~) (5) The task force shall review progress toward
13 implementing commute trip reduction plans and programs and the costs
14 and benefits of commute trip reduction plans and programs and shall
15 make recommendations to the legislature by December 1, 1995, (~~and~~)
16 December 1, 1999, December 1, 2001, December 1, 2003, and December 1,
17 2005. In assessing the costs and benefits, the task force shall
18 consider the costs of not having implemented commute trip reduction
19 plans and programs. The task force shall examine other transportation
20 demand management programs nationally and incorporate its findings into
21 its recommendations to the legislature. The recommendations shall
22 address the need for continuation, modification, or termination or any
23 or all requirements of this chapter. The recommendations made December
24 1, 1995, shall include recommendations regarding extension of the
25 requirements of this chapter to employers with fifty or more full-time
26 employees at a single worksite who begin their regular work day between
27 6:00 a.m. and 9:00 a.m. on weekdays for more than twelve continuous
28 months.

29 **Sec. 6.** RCW 70.94.551 and 1996 c 186 s 516 are each amended to
30 read as follows:

31 (1) The director of general administration, with the concurrence of
32 an interagency task force established for the purposes of this section,
33 shall coordinate a commute trip reduction plan for state agencies which
34 are phase 1 major employers by January 1, 1993. The task force shall
35 include representatives of the departments of transportation and
36 ecology and such other departments as the director of general
37 administration determines to be necessary to be generally
38 representative of state agencies. The state agency plan shall be

1 consistent with the requirements of RCW 70.94.527 and 70.94.531 and
2 shall be developed in consultation with state employees, local and
3 regional governments, local transit agencies, the business community,
4 and other interested groups. The plan shall consider and recommend
5 policies applicable to all state agencies including but not limited to
6 policies regarding parking and parking charges, employee incentives for
7 commuting by other than single-occupant automobiles, flexible and
8 alternative work schedules, alternative worksites, and the use of
9 state-owned vehicles for car and van pools. The plan shall also
10 consider the costs and benefits to state agencies of achieving commute
11 trip reductions and consider mechanisms for funding state agency
12 commute trip reduction programs. The department shall, within thirty
13 days, submit a summary of its plan along with certification of adoption
14 to the commute trip reduction task force established under RCW
15 70.94.537.

16 (2) Not more than three months after the adoption of the commute
17 trip reduction plan, each state agency shall, for each facility which
18 is a major employer, develop a commute trip reduction program. The
19 program shall be designed to meet the goals of the commute trip
20 reduction plan of the county, city, or town or, if there is no local
21 commute trip reduction plan, the state. The program shall be
22 consistent with the policies of the state commute trip reduction plan
23 and RCW 70.94.531. The agency shall submit a description of that
24 program to the local jurisdiction implementing a commute trip reduction
25 plan or, if there is no local commute trip reduction plan, to the
26 department of general administration. The program shall be implemented
27 not more than three months after submission to the department. Annual
28 reports required in RCW 70.94.531(2)(c) shall be submitted to the local
29 jurisdiction implementing a commute trip reduction plan and to the
30 department of general administration. An agency which is not meeting
31 the applicable commute trip reduction goals shall, to the extent
32 possible, modify its program to comply with the recommendations of the
33 local jurisdiction or the department of general administration.

34 (3) State agencies sharing a common location may develop and
35 implement a joint commute trip reduction program or may delegate the
36 development and implementation of the commute trip reduction program to
37 the department of general administration.

38 (4) The department of general administration in consultation with
39 the state technical assistance team shall review the initial commute

1 trip reduction program of each state agency subject to the commute trip
2 reduction plan for state agencies to determine if the program is likely
3 to meet the applicable commute trip reduction goals and notify the
4 agency of any deficiencies. If it is found that the program is not
5 likely to meet the applicable commute trip reduction goals, the team
6 will work with the agency to modify the program as necessary.

7 (5) For each agency subject to the state agency commute trip
8 reduction plan, the department of general administration in
9 consultation with the technical assistance team shall annually review
10 progress toward meeting the applicable commute trip reduction goals.
11 If it appears an agency is not meeting or is not likely to meet the
12 applicable commute trip reduction goals, the team shall work with the
13 agency to make modifications to the commute trip reduction program.

14 (6) The department of general administration shall submit an annual
15 progress report for state agencies subject to the state agency commute
16 trip reduction plan to the commute trip reduction task force
17 established under RCW 70.94.537. The report shall be due April 1,
18 1993, and each April 1st through ((2000)) 2006. The report shall
19 report progress in attaining the applicable commute trip reduction
20 goals for each commute trip reduction zone and shall highlight any
21 problems being encountered in achieving the goals. The information
22 shall be reported in a form established by the commute trip reduction
23 task force.

24 **Sec. 7.** RCW 42.17.310 and 1996 c 305 s 2, 1996 c 253 s 302, 1996
25 c 191 s 88, and 1996 c 80 s 1 are each reenacted and amended to read as
26 follows:

27 (1) The following are exempt from public inspection and copying:

28 (a) Personal information in any files maintained for students in
29 public schools, patients or clients of public institutions or public
30 health agencies, or welfare recipients.

31 (b) Personal information in files maintained for employees,
32 appointees, or elected officials of any public agency to the extent
33 that disclosure would violate their right to privacy.

34 (c) Information required of any taxpayer in connection with the
35 assessment or collection of any tax if the disclosure of the
36 information to other persons would (i) be prohibited to such persons by
37 RCW 82.32.330 or (ii) violate the taxpayer's right to privacy or result
38 in unfair competitive disadvantage to the taxpayer.

1 (d) Specific intelligence information and specific investigative
2 records compiled by investigative, law enforcement, and penology
3 agencies, and state agencies vested with the responsibility to
4 discipline members of any profession, the nondisclosure of which is
5 essential to effective law enforcement or for the protection of any
6 person's right to privacy.

7 (e) Information revealing the identity of persons who are witnesses
8 to or victims of crime or who file complaints with investigative, law
9 enforcement, or penology agencies, other than the public disclosure
10 commission, if disclosure would endanger any person's life, physical
11 safety, or property. If at the time a complaint is filed the
12 complainant, victim or witness indicates a desire for disclosure or
13 nondisclosure, such desire shall govern. However, all complaints filed
14 with the public disclosure commission about any elected official or
15 candidate for public office must be made in writing and signed by the
16 complainant under oath.

17 (f) Test questions, scoring keys, and other examination data used
18 to administer a license, employment, or academic examination.

19 (g) Except as provided by chapter 8.26 RCW, the contents of real
20 estate appraisals, made for or by any agency relative to the
21 acquisition or sale of property, until the project or prospective sale
22 is abandoned or until such time as all of the property has been
23 acquired or the property to which the sale appraisal relates is sold,
24 but in no event shall disclosure be denied for more than three years
25 after the appraisal.

26 (h) Valuable formulae, designs, drawings, and research data
27 obtained by any agency within five years of the request for disclosure
28 when disclosure would produce private gain and public loss.

29 (i) Preliminary drafts, notes, recommendations, and intra-agency
30 memorandums in which opinions are expressed or policies formulated or
