- (3) For the 1997-98 and 1998-99 school years, the superintendent shall distribute state funds to each district based on the sum of:
- 8 (a) A district's annual average headcount enrollment of 9 developmentally delayed infants and toddlers ages birth through two, 10 times the district's average basic education allocation per full-time 11 equivalent student, times 1.15; and
- 12 (b) A district's annual average full-time equivalent basic 13 education enrollment times the funded enrollment percent determined 14 pursuant to subsection (4)(c) of this section, times the district's 15 average basic education allocation per full-time equivalent student 16 times 0.9309.
- 17 (4) The definitions in this subsection apply throughout this 18 section.
- 19 (a) "Average basic education allocation per full-time equivalent 20 student" for a district shall be based on the staffing ratios required 21 by RCW 28A.150.260 (i.e., 49/1000 certificated instructional staff in 22 grades K-3, and 46/1000 in grades 4-12), and shall not include 23 enhancements for K-3, secondary vocational education, or small schools.
 - (b) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).
- 30 (c) "Enrollment percent" shall mean the district's resident special 31 education annual average enrollment, excluding the birth through age 32 two enrollment, as a percent of the district's annual average full-time 33 equivalent basic education enrollment. For the 1997-98 and the 1998-99 34 school years, each district's funded enrollment percent shall be:
 - (i) For districts whose enrollment percent for 1994-95 was at or below 12.7 percent, the lesser of the district's actual enrollment percent for the school year for which the allocation is being determined or 12.7 percent.

p. 61 SB 6062

- 1 (ii) For districts whose enrollment percent for 1994-95 was above 2 12.7 percent, the lesser of:
- 3 (A) The district's actual enrollment percent for the school year 4 for which the special education allocation is being determined; or
- 5 (B) The district's actual enrollment percent for the school year 6 immediately prior to the school year for which the special education 7 allocation is being determined if greater than 12.7 percent; or
- 8 (C) For 1997-98, the 1994-95 enrollment percent reduced by 75 9 percent of the difference between the district's 1994-95 enrollment 10 percent and 12.7 percent and for 1998-99, 12.7 percent.
- \$4,500,000 of the general fund--federal appropriation, 11 \$12,000,000 of the general fund--state appropriation for fiscal year 12 1998, and \$12,000,000 of the general fund--state appropriation for 13 fiscal year 1999 are provided as safety net funding for districts with 14 15 demonstrated needs for state special education funding beyond the 16 amounts provided in subsection (3) of this section. Safety net funding 17 shall be awarded by a state safety net oversight committee appointed by the superintendent of public instruction. 18
- 19 (a) The safety net oversight committee shall first consider the 20 needs of districts adversely affected by the 1995 change in the special 21 education funding formula. Awards shall be based on the amount 22 required to maintain the 1994-95 state special education excess cost 23 allocation to the school district in aggregate or on a dollar per 24 funded student basis.
- (b) The committee shall then consider unusual needs of districts due to a special education population which differs significantly from the assumptions of the state funding formula. Awards shall be made to districts that convincingly demonstrate need due to the concentration and/or severity of disabilities in the district. Differences in program costs attributable to district philosophy or service delivery style are not a basis for safety net awards.
- 32 (c) To the extent available, federal discretionary money shall be 33 used for demonstrated needs caused by the extraordinary needs of one or 34 more individual special education student. The state school for the 35 deaf and the state school for the blind shall be eligible to apply for 36 federal discretionary money.
- 37 (6) Prior to June 1st of each year, the superintendent shall make 38 available to each school district from available data:
 - (a) The district's 1994-95 enrollment percent;

SB 6062 p. 62

39

- 1 (b) For districts with a 1994-95 enrollment percent over 12.7 2 percent, the district's maximum funded enrollment percent for the 3 coming school year; and
 - (c) A comparison of the district's 1994-95 special education excess cost allocation and the district's estimated state special education entitlement for the coming school year.
- 7 (7) The superintendent of public instruction shall adopt such rules 8 and procedures as are necessary to administer special education funding 9 and safety net award process. Prior to revising any standards, 10 procedures, or rules the superintendent shall consult with the office 11 of financial management and the fiscal committees of the legislature.
- 12 (8) The state oversight committee appointed by the superintendent 13 of public instruction shall consist of:
 - (a) Staff of the office of superintendent of public instruction;
 - (b) Staff of the office of the state auditor;

- (c) Staff from the office of the financial management; and
- 17 (d) One or more representatives from school districts or 18 educational service districts knowledgeable of special education 19 programs and funding.
 - (9) A maximum of \$678,000 may be expended from the general fund-state appropriation to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center.
