Brief Title: Creating a pilot program to allow beer and wine delivery with food delivery.

SB 5215 - DIGEST

Requires the liquor control board to establish a one-year pilot project, commencing no later than December 1, 1997, and ending no later than December 1, 1998, that allows a holder of a beer and wine restaurant license that makes home delivery of food to also deliver beer or wine in original, sealed packages of the manufacturer or bottler along with food deliveries.
