Sponsor(s): Senators Oke and Fraser; by request of Department of Community, Trade, and Economic Development

Brief Title: Extending the termination date for the clean Washington center, and modifying the center's duties.

SB 6047 - DIGEST

Extends the termination date to June 30, 2001.

Directs the center to implement the market development recommendations of the 1996 future of recycling task force report which includes: (1) Researching new technologies and best management practices for using recycled materials;

(2) working with local government economic development agencies on market development initiatives; and

(3) enhancing waste prevention and product design for recycling.
