8 to read as follows:

9 State efforts shall address the needs of children and their
10 families, including emotionally disturbed and mentally ill children,
11 potentially dependent children, and families-in-conflict by:

12 (1) Serving children and families as a unit in the least
13 restrictive setting available and in close proximity to the family
14 home, consistent with the best interests and special needs of the
15 child;

16 (2) Ensuring that appropriate social and health services are
17 provided to the family unit both prior to and during the removal of a
18 child from the home and after family reunification;

19 (3) Ensuring that the safety and best interests of the child are
20 the paramount considerations when making placement and service delivery
21 decisions;

22 (4) Recognizing the interdependent and changing nature of families
23 and communities, building upon their inherent strengths, maintaining
24 their dignity and respect, and tailoring programs to their specific
25 circumstances;

26 (5) Developing and implementing comprehensive, preventive, and
27 early intervention social and health services which have demonstrated
28 the ability to delay or reduce the need for out-of-home placements and
29 ameliorate problems before they become chronic or severe;

30 (6) Authorizing and facilitating blended funding for children who
31 require services and residential treatment from multiple services
32 systems; including child welfare services, mental health, alcohol and
33 drug, and juvenile rehabilitation;

34 (7) Being sensitive to the family and community culture, norms,

2 and evaluation efforts;

3 ~~((+7))~~ (8)(a) Developing coordinated social and health services

6 early and provide services which are adequate in availability,
7 appropriate to the situation, and effective;

8 (ii) Seek to bring about meaningful change before family situations
9 become irreversibly destructive and before disturbed psychological
10 behavioral patterns and health problems become severe or permanent;

11 (iii) Serve children and families in their own homes thus
12 preventing unnecessary out-of-home placement or institutionalization;

15 of illness, criminality, and dependency to develop which require long-
16 term treatment, maintenance, or custody;

17 (v) Reduce duplication of and gaps in service delivery;

18 (vi) Improve planning, budgeting, and communication among all units

2 shall review the proposed blended funding project pursuant to its
3 authority to examine the decategorization of program funds under RCW
4 70.190.110, within the current appropriation level. The department
5 shall document the number of children who participate in blended
6 funding projects, the total blended funding amounts per child, the
