Floor Activity:

Passed House - Amended: 2/29/00, 97-0.

Brief Summary of Substitute Bill (As Amended by House Committee)

HOUSE COMMITTEE ON LOCAL GOVERNMENT

Majority Report: Do pass as amended. Signed by 8 members: Representatives Mulliken, Republican Co-Chair; Scott, Democratic Co-Chair; Doumit, Democratic Vice Chair; Mielke, Republican Vice Chair; Edwards; Ericksen; Fisher and Fortunato.

Staff: Scott MacColl (786-7106).

Background:

Revenues from Referendum 48 authorized financing go into the youth athletic facilities grant account, to be used primarily for youth athletic facilities, both indoor

and outdoor. Expenditures from the account must be used for grants to cities, counties, and qualified non-profit organizations for acquiring, developing, equipping, maintaining, and improving youth or community athletic facilities. Projects are funded based on criteria developed by the Interagency Committee for Outdoor Recreation, to the extent that funds are available.

The Community Outdoor Athletic Fields Advisory Council was created in 1998 to advise and give community input on the grant program to the Interagency Committee for Outdoor Recreation.

Summary of Amended Bill:

The Community Outdoor Athletic Fields Advisory Council is authorized to coordinate with the Washington State Interagency for Outdoor Recreation in developing terms and conditions of no or low-interest loans for youth athletic facilities.

Language is clarified to specifically designate the money for community outdoor athletic facilities, from designation as youth and community athletic facilities.

Appropriation: None.

Fiscal Note: Not requested.

Effective Date of Amended Bill: Ninety days after adjournment of session in which bill is passed.

Testimony For: None.

Testimony Against: (Concerns) Section 3, what are the costs to local governments? Whose land would it really affect? The recommendation is to remove section 3 from the bill, and then the bill would be fine. Interagency for Outdoor Recreation (IAC) does good work. However IAC feels that section 3 is not necessary.

Testified: (Concerns) Mike Ryherd, American Planning Association; Dave Williams, Association of Washington Cities; Shane Hope, Department of Community, Trade, and Economic Development; and Bill Clarke, Washington Association of Realtors.
