

FINAL BILL REPORT

SB 5402

C 90 L 99

Synopsis as Enacted

Brief Description: Concerning the compensation of the forest practices appeals board.

Sponsors: Senator Haugen.

Senate Committee on Natural Resources, Parks & Recreation
House Committee on Natural Resources

Background: During the 1997 session, the Legislature amended RCW 76.09.220 twice in slightly different ways. Usually when this happens, the Code Reviser merges the amendments as part of the revised code. However, if there is any question, the Code Reviser includes both legislative changes as part of the code until the multiple sections can be merged into a single section.

Summary: RCW 76.09.220 and Chapter 423, section 2, along with Chapter 290, section 5, are re-enacted combining the dual amendments of 1997.
