
HOUSE BILL 2964

State of Washington

56th Legislature

2000 Regular Session

By Representatives H. Sommers, Fisher, Radcliff, D. Schmidt, Cooper, McIntire, Kessler, Murray, Kagi, Constantine, Kenney, Edmonds, Cody, Dickerson, Edwards, Scott, Regala, Tokuda, Keiser, O'Brien, Haigh and Veloria

Read first time 01/27/2000. Referred to Committee on Appropriations.

1 AN ACT Relating to a sales and use tax for regional transit
2 authorities; adding a new section to chapter 82.14 RCW; creating a new
3 section; and providing an expiration date.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** The legislature recognizes that existing
6 transportation facilities in the central Puget Sound region are
7 inadequate to address mobility needs of the area. The geography of the
8 region, growth in demand for travel, and public resistance to new
9 roadways combine to further necessitate the rapid development of
10 alternative modes of travel.

11 The legislature has found and declared in RCW 47.06.140 that
12 transportation facilities and services of high-capacity transportation
13 systems are of state-wide significance. Pursuant to RCW 81.104.140,
14 the legislature has also declared that agencies authorized to provide
15 high-capacity transportation service, including regional transit
16 authorities, should seek other funds in addition to dedicated funding
17 sources, including federal, state, local, and private sector
18 assistance.

1 The imposition of state taxes on the purchase of the goods,
2 services, and activities necessary to construct a multicounty high-
3 capacity transportation system reduces the revenues available to
4 successfully implement such a system. The credit provided by section
5 2 of this act would facilitate the expansion of high-capacity
6 transportation services by offsetting the taxes paid by regional
7 transit authorities.

8 The legislature intends that the savings resulting from the credit
9 provided in section 2 of this act will provide additional funds for the
10 planning and construction of high-capacity transportation systems.

11 NEW SECTION. **Sec. 2.** A new section is added to chapter 82.14 RCW
12 to read as follows:

13 (1) The legislative authority of a regional transit authority may
14 impose a sales and use tax in accordance with the terms of this
15 chapter. The tax is in addition to other taxes authorized by law and
16 shall be collected from those persons who are taxable by the state
17 under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable
18 event within the regional transit authority district. The rate of the
19 amount shall not exceed 0.065 percent of the selling price in the case
20 of a sales tax or value of the article used in the case of a use tax.

21 (2) The tax imposed under subsection (1) of this section shall be
22 deducted from the amount of tax otherwise required to be collected or
23 paid over to the department of revenue under chapter 82.08 or 82.12
24 RCW. The department of revenue shall perform the collection of such
25 taxes on behalf of the regional transit authority at no cost to the
26 regional transit authority.

27 (3) Moneys collected under this section shall only be used for the
28 purpose of planning and constructing a high-capacity transportation
29 system.

30 (4) As used in this section:

31 (a) "Regional transit authority" means an authority authorized
32 under chapter 81.112 RCW; and

33 (b) "High-capacity transportation system" has the same meaning as
34 provided in RCW 81.104.015.

1 NEW SECTION. **Sec. 3.** This act expires when the high-capacity
2 transportation system has been completed, or January 1, 2007, whichever
3 occurs first.

--- END ---
