State of Washington 56th Legislature 1999 Regular Session

By House Committee on Higher Education (originally sponsored by Representatives Carlson, Radcliff, Dunn and Sheahan)

Read first time 02/05/1999.

1 AN ACT Relating to the Washington fund for innovation and quality
2 in higher education program; amending RCW 28B.120.005, 28B.120.020,
3 28B.120.010, 28B.120.030, and 28B.120.040; adding new sections to
4 chapter 28B.120 RCW; and creating a new section.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 NEW SECTION. **Sec. 1.** It is the intent of the legislature to
7 update and fund the higher education competitive grant program
8 established by the 1991 legislature, known as the Washington fund for
9 innovation and quality in higher education. Changes are needed so that
10 the goals and priorities set forth for awarding grants reflect the
11 1999-01 goals and priorities. The legislature also intends to improve
12 the administration of the program by separating responsibilities
13 between the higher education coordinating board and the state board for
14 community and technical colleges.

15 **Sec. 2.** RCW 28B.120.005 and 1991 c 98 s 1 are each amended to read
16 as follows:

17 The legislature finds that encouraging collaboration among the
18 various educational sectors to meet state-wide needs will strengthen

1 the entire educational system, kindergarten through twelfth grade and
2 higher education. The legislature also recognizes that the most
3 effective way to develop innovative and collaborative programs is to
4 encourage institutions to develop them voluntarily, in line with
5 established state goals. Through a system of competitive grants, the
6 legislature shall encourage the development of innovative and
7 collaborative solutions to issues of critical state-wide need,
8 including:

9 ~~(1) ((Improving rates of participation and completion at each~~
10 ~~educational level;~~

11 ~~(2))~~ Recognizing needs of special populations of students;

12 ~~((3) Improving the effectiveness of education by better~~
13 ~~coordinating communication and understanding between sectors.))~~

14 (2) Furthering the development of learner-centered, technology-
15 assisted course delivery;

16 (3) Furthering the development of competency-based measurements of
17 student achievement to be used as the basis for awarding degrees and
18 certificates; and

19 (4) Increasing the collaboration among both public and private
20 sector institutions of higher education.

21 **Sec. 3.** RCW 28B.120.020 and 1996 c 41 s 2 are each amended to read
22 as follows:

23 The higher education coordinating board shall have the following
24 powers and duties in administering the program for those proposals in
25 which a four-year institution of higher education is named as the lead
26 institution and fiscal agent:

27 (1) To adopt rules necessary to carry out the program;

28 (2) To establish one or more review committees to assist in the
29 evaluation of proposals for funding. The review committee shall
30 include individuals with significant experience in higher education in
31 areas relevant to one or more of the funding period priorities and
32 shall include representatives from both the four-year and two-year
33 sectors of higher education;

34 (3) To award grants no later than September 1st in those years when
35 funding is available by June 30th;

36 (4) To establish each biennium specific guidelines for submitting
37 grant proposals consistent with the overall goals of the program and
38 consistent with the guidelines established by the state board for

1 community and technical colleges under section 4 of this act. During
2 the ~~((1995-97))~~ 1999-01 biennium the guidelines shall be consistent
3 with the following desired outcomes of ~~((increasing access, improving
4 time to degree, improving student learning, and increasing efficiency
5 and collaboration between institutions of higher education and the
6 private sector through projects that may emphasize))~~:

7 (a) Minority and diversity initiatives that encourage the
8 participation of minorities in higher education, including students
9 with disabilities ~~((, at a rate consistent with their proportion of the
10 population))~~;

11 (b) K-12 teacher preparation models that encourage collaboration
12 between higher education and K-12 to improve the preparedness of
13 teachers, including provisions for higher education faculty involved
14 with teacher preparation to spend time teaching in K-12 schools;

15 (c) ~~((Multi-institutional or multifaculty development and
16 evaluation of:~~

2 measurements of student achievement to be used as the basis for
3 awarding degrees and certificates.

4 After June 30, (~~(1996)~~) 2001, and each biennium thereafter, the
5 board shall determine funding priorities for collaborative proposals
6 for the biennium in consultation with the governor, the legislature,
7 the office of the superintendent of public instruction, the state board
8 for community and technical colleges, the work force training and
9 education coordinating board, higher education institutions,
10 educational associations, and business and community groups consistent
