1 **Sec. 4.** RCW 88.04.035 and 1989 c 295 s 4 are each amended to read
2 as follows:

3 The department shall inspect or provide for the inspection of every
4 charter boat once every twelve months with the vessel in the water(~~(~~

6 determine if the vessel and its equipment comply with the rules
7 promulgated by the department and with the applicable state and federal
8 laws and regulations. Beginning no later than January 1, 2002, the
9 department shall also inspect or provide for the inspection of every
10 charter boat that carries more than six passengers once every sixty

15 ensure the safety of persons or property on the vessel.

16 (1) Ninety days before any certificate of inspection expires, the
17 department shall mail written notification to the owner of the vessel
18 that a twelve-month or (~~twenty-four-month~~) sixty-month inspection
19 must be completed before the expiration date. The department shall

21 be completed and returned by the owner no later than sixty days before
22 the expiration date of the current certificate of inspection. The
23 owner shall include the registration fee with the completed application
24 form. A person filing an application shall certify by the person's
25 signature that the information furnished on the application is true and
26 correct.

27 (2) If, after the inspection, the department determines that the
28 charter boat and its equipment comply with the rules promulgated by the
29 department and with the applicable state and federal laws and
30 regulations, the department shall issue to the owner of the charter
31 boat a certificate of inspection. Such certificate shall specify the
32 maximum passenger, crew, and total person capacity of the charter boat.
33 The certificate shall be valid for one year from the date of issuance.
34 The certificate shall be prominently displayed on the charter boat

17 ~~department the inspection fee for inspection in the water and the~~
18 ~~inspection fee for inspection in drydock.~~

19 ~~(3))~~ When the department inspects or provides for the inspection
20 of any charter boat because the department has reasonable cause to
21 believe either that a provision of this chapter has been violated or
22 that an inspection is necessary to ensure the safety of persons or
23 property, the owner shall not be required to pay an inspection fee for
24 that inspection.

25 ~~((+4))~~ (3) When a twelve-month in-water inspection and a
26 ~~((twenty-four-month))~~ sixty-month drydock inspection are required in
27 the same year, the owner shall only be required to pay the fee for the
28 drydock inspection.

29 ~~((+5))~~ (4) All sums received from licenses, inspection fees, or

36 states concerning the operation and inspection of charter boats from
37 those states that operate on the ~~((inland navigable))~~ waters of the

1 state of Washington. Reciprocity shall be granted only if a state can
2 establish to the satisfaction of the department that their laws and
3 standards concerning charter boats meet or exceed the laws and rules of
4 the state of Washington. A charter boat that operates on (~~the inland~~
5 ~~navigable~~) state waters (~~of this state~~) under a reciprocal agreement
6 pursuant to this section shall obtain an annual operating permit from
7 the department for a fee for each year the charter boat does business
8 on the waters of the state of Washington. The department shall deposit
9 the fees from annual operating permits issued pursuant to this section
10 in the industrial insurance trust funds.

11 (2) The department shall develop an education and enforcement
12 program designed to eliminate the operation of charter boats that have
13 not been inspected and certified as required by this chapter, and shall

15 regarding the safety features and requirements necessary for the lawful
16 operation of charter boats.

17 **Sec. 7.** RCW 88.04.310 and 1989 c 295 s 6 are each amended to read
18 as follows:

19 The owner or operator of every vessel inspected by the department
20 shall pay the department a fee for each inspection. The fee shall be
