Brief Description: Revising strike-related disqualifications for employment compensation.

**SB 5569 - DIGEST**

Declares that a disqualification does not apply if it is shown to the satisfaction of the commissioner that the individual is participating in a strike which the regional director of the national labor relations board has considered and has made an initial determination that: (1) The strike was called due to an unfair labor practice of the employer; and

(2) the employer engaged in an unfair labor practice.
