Brief Description: Studying on-line voting.

**SB 5662.E - DIGEST**

(AS OF SENATE 2ND READING 3/12/99)

Directs the secretary of state to assemble a task force to conduct a study of the issues and challenges presented by incorporating on-line and Internet technologies in the voting process. These issues may include the use of on-line technology within existing systems and the requirements for authorization of collection, storage, and processing of electronically generated and transmitted digital messages to permit any eligible person to vote in any election, including applying for and casting an absentee ballot.
