

6031-S

Sponsor(s): Senate Committee on Transportation (originally sponsored by Senators Haugen, Horn, Gardner, Patterson and Goings)

Brief Title: Facilitating regional transportation corridors.

SB 6031-S - DIGEST

(AS OF SENATE 2ND READING 3/15/99)

Creates a multiagency corridor committee to develop strategies to identify and achieve regional transportation corridor networks. The committee shall develop regional corridor network criteria and make recommendations to the legislature on: (1) Achieving a consistent corridor planning approach that can be implemented across jurisdictions;

(2) corridor investment strategies that address the rehabilitation of existing corridors and provide for congestion relief; and

(3) changes to state transportation policy and funding programs needed to implement the corridor planning, investment, and operations approach. The regional corridor network criteria must support freight mobility, transit, and interjurisdictional trips.
