Brief Description: Awarding service credit under the teachers' retirement system plan 1 for military service.

**SB 6197 - DIGEST**

Provides that, after completing twenty-five years of creditable service, any member may have service in the armed forces that was performed prior to membership in the retirement system credited to him or her as a member. However, the total number of years of military service credit from all sources, as authorized by any statute, may not exceed five years.
