Brief Description: Requiring the treatment of biomedical waste cultures prior to disposal.

SB 6568 - DIGEST

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that generators of cultures requiring biosafety level 3 practices or biosafety level 4 practices shall treat those cultures before disposal in either of the following ways: (1) The generators may treat the cultures before transport from the facility; or

(2) the generators may segregate the cultures into incinerate-only containers and transport the cultures to a treatment facility for incineration.
