Brief Description: Increasing work-based training at state educational institutions.

SB 6615 - DIGEST

Declares an intent to increase the capacity of the state's community and technical college to defray the extraordinary costs of work-based learning in high-demand vocational-technical fields.

Directs the state board for community and technical college to provide a bonus to community and technical colleges for each full-time equivalent student enrolled in a vocational-technical degree or certificate program with a work-based learning component.
