

1 **SHB 2451 - H AMD 0533 adopted 3-13-02**

2 By Representative Nixon

3 On page 28, line 10, after legislature.- insert the following:

4 The request for funding shall be sufficient to support a system that
5 prevents the disclosure of personally identifying information of
6 persons who use a smart card to facilitate payment of ferry fares. The
7 requested system may facilitate the disclosure of aggregate information
8 on fare collection to governmental agencies or groups concerned with
9 public transportation or public safety as long as the data does not
10 contain any personally identifying information. The requested system
11 shall not prevent the release of personally identifying information to
12 law enforcement agencies when required by a subpoena.-

EFFECT: Requires the state ferry plan for smart card implementation to include provisions for protecting personally identifying information of smart card users.
