HOUSE COMMITTEE ON COMMERCE & LABOR

Majority Report: Do pass. Signed by 8 members: Representatives Clements, Republican Co-Chair; Conway, Democratic Co-Chair; B. Chandler, Republican Vice Chair; Wood, Democratic Vice Chair; Hunt, Kenney, Lisk and McMorris.

Staff: Sydney Forrester (786-7120).

Background:

The Liquor Control Board issues a variety of licenses under its regulatory scheme. Generally, licenses fall into four categories: manufacture, distribution, retail sales, and by-the-drink sales. Liquor by-the-drink licenses include a restaurant spirits, beer, and

wine license, a private club spirits, beer, and wine license, and a sports/entertainment facility spirits, beer, and wine license. These licenses do not authorize the sale of liquor for off-premises consumption.

The board also issues endorsements to existing licenses. Endorsements grant additional specific privileges to license holders, usually for an additional fee. These additional privileges may include an authorization to sell liquor for off-premises consumption under limited circumstances.

Occasionally, restaurants, private clubs, and other licensees contract with domestic wineries to produce a limited number of bottled wines bearing a label exclusive to the licensee. These private label wines may be sold in speciality and retail shops, however, the restaurant, private club, or entertainment facility without a separate retail license may not sell these wines.

Summary of Bill:

An endorsement is available to holders of three types of licenses: 1) A restaurant spirits, beer, and wine license; 2) a private club spirits, beer, and wine license; and 3) a sports/entertainment facility spirits, beer, and wine license. The endorsement permits the license holder to sell domestic wine for off-premises consumption. Bottled wines sold under the endorsement must bear a label exclusive to the license holder. The annual fee for the endorsement is \$120.

Appropriation: None.

Fiscal Note: Not requested.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Testimony For: (Testimony on HB 1508) Restaurants and private clubs may sell wine for off-premises consumption, but only if they open the bottles and then re-cork them. By creating a mechanism that allows them to sell wine without opening and re-corking bottles, private clubs will be able to offer their members a convenience. Nonprofits will have new fundraising opportunities. A new endorsement to restaurant and private club licenses is a better mechanism than a new license.

Testimony Against: None.

Testified: (On HB 1508) Lynn Melby, Washington State Federation of Clubs; and Rick Garza, Liquor Control Board.
