The additional members must include:

- identifying available federal, state, and local programs that provide services to underserved victims;
- making recommendations on methods to provide a cost-effective coordinated system of support and assistance to persons who are victims of crime;
- making recommendations on funding necessary to provide appropriate services to the underserved victims, with recommendations on revenue sources; and
- identifying statutory and administrative barriers to improving the delivery of cost-effective and coordinated services to crime victims.

The task force must report its findings to the Governor and the Legislature by November 30, 2002. The task force expires March 1, 2003.

State and local government agencies that participate in the delivery of services to crime victims must, upon request, provide information and technical assistance to the task force, within existing funds.
