34 The appropriations in this section are provided for improving the  
35 Washington state ferry system, including, but not limited to, vessel  
36 acquisition, vessel construction, major and minor vessel improvements,  
37 and terminal construction and improvements. The appropriations in this

1 section are subject to the following conditions and limitations and  
2 specified amounts are provided solely for that activity:

3 (1) The motor vehicle account--state appropriation includes  
4 \$50,000,000 in proceeds from the sale of bonds authorized by RCW  
5 47.10.843 for vessel and terminal acquisition, major and minor  
6 improvements, and long lead time materials acquisition for the  
7 Washington state ferries. The transportation commission may authorize  
8 the use of current revenues available to the motor vehicle account in  
9 lieu of bond proceeds for any part of the state appropriation.

10 (2) Appropriations in this section include funding for the purchase  
11 or lease-purchase of one passenger ferry and assume the proceeds of the

17 consist of two members from each caucus in each house of the  
18 legislature, appointed by the leadership of the members' respective  
19 caucus. The department shall issue a request for proposals on behalf  
20 of the legislative oversight committee for an outside consulting firm  
21 to conduct a study on the preservation, replacement, or supplementation  
22 of the Eagle Harbor maintenance facility. The study must analyze: (a)  
23 The costs and benefits to preserve and maintain or relocate the  
24 facility; (b) the impact of Eagle Harbor employment on the local  
25 community and Kitsap county; and (c) a recommendation on future  
26 investment in the Eagle Harbor maintenance facility or possible  
27 alternatives. The contractor and the legislative oversight committee  
28 must report back to the legislature's transportation committees no  
29 later than December 10, 2002.

31 read as follows:

32 **FOR THE DEPARTMENT OF TRANSPORTATION--MARINE--PROGRAM X**

33 Puget Sound Ferry Operations Account--State

34 Appropriation . . . . . \$ ((321,673,000))  
35 314,570,000

36 The appropriation in this section is subject to the following  
37 conditions and limitations and specified amounts are provided solely  
38 for that activity:

1 (1) The appropriation is based on the budgeted expenditure of  
2 (~~(\$46,881,000)~~) \$38,399,000 for vessel operating fuel in the 2001-2003  
3 biennium. If the actual cost of fuel is less than this budgeted  
4 amount, the excess amount may not be expended. If the actual cost  
5 exceeds this amount, the department shall request a supplemental  
6 appropriation.

7 (2) The appropriation provides for the compensation of ferry  
8 employees. The expenditures for compensation paid to ferry employees  
9 during the 2001-2003 biennium may not exceed (~~(\$206,696,000)~~)  
10 \$207,065,000 plus a dollar amount, as prescribed by the office of  
11 financial management, that is equal to any insurance benefit increase  
12 granted general government employees in excess of \$432.82 a month  
13 annualized per eligible marine employee multiplied by the number of  
14 eligible marine employees for the respective fiscal year, a dollar  
15 amount as prescribed by the office of financial management for costs  
16 associated with pension amortization charges, and a dollar amount  
17 prescribed by the office of financial management for salary increases  
18 during the 2001-2003 biennium. For the purposes of this section, the  
19 expenditures for compensation paid to ferry employees shall be limited  
20 to salaries and wages and employee benefits as defined in the office of  
21 financial management's policies, regulations, and procedures named  
22 under objects of expenditure "A" and "B" (7.2.6.2).

23 The prescribed salary and insurance benefit increase or decrease  
24 dollar amount that shall be allocated from the governor's compensation  
25 appropriations is in addition to the appropriation contained in this  
26 section and may be used to increase or decrease compensation costs,  
27 effective July 1, 2001, and thereafter, as established in the 2001-2003  
28 general fund operating budget.

29 (3) The department shall issue a request for information from  
30 entities interested in purchasing advertising on board Washington state  
31 ferry vessels. The department shall evaluate the proposals and report  
32 back to the legislature's transportation committees in January 2002  
33 regarding the potential for revenue from different types of  
34 advertising.

35 (4) The department may enter into contracts with private vendors to  
36 sell ferry tickets and medium at locations other than Washington state  
37 ferry terminals or facilities.

38 (a) The department may enter into the contracts only (i) with  
39 private vendors that are already established businesses offering goods

1 for sale to the general public; and (ii) if it determines that the  
2 vendor's established location has the potential to serve a significant  
3 percentage of the customers using a particular ferry route.

4 (b) The department may adopt necessary rules and procedures to  
5 allow the use of credit and debit cards to purchase ferry tickets or  
6 medium from a private vendor who has contracted with the department to  
7 sell ferry tickets or medium. The department may establish a  
8 convenience fee to be paid by all persons purchasing ferry tickets and  
9 medium at locations other than Washington state ferry terminals or  
10 facilities. The convenience fee must be sufficient to offset the  
11 charges imposed on the department by the credit and debit card  
12 companies. In no event may the use of credit or debit cards authorized  
13 by this section create a loss of revenue to the state. The use of a  
14 personal credit card does not rely upon the credit of the state as  
15 prohibited by Article VIII, section 5 of the state Constitution.

16 ~~((5) The legislature recognizes that projected revenues to the  
17 Puget Sound ferry operating account for the 2001-2003 biennium may be  
18 up to \$30,000,000 less than what is required to fund the appropriation  
19 provided in this section. The legislature intends to fully evaluate  
20 the extent of the shortfall and make a supplemental appropriation  
21 during the 2002 legislative session.))~~
